

Contest Opens June 14, and Closes Dec. 31, 1912

\$1100

# Howard Automobile Given Away Free

## HOW TO SECURE THIS HANDSOME CAR

We will issue trade coupons with every purchase made. These coupons are good for their face value in votes at the rate of one vote for every cent of purchase. The person securing the largest number of votes at the close of this contest, will receive this handsome car absolutely free of all cost. The coupons are transferable, so if you are not interested in securing this car for yourself, you can make some relative, friend or acquaintance happy by saving your coupons for them.

### Equal Chance for All

No lucky number will win this car, simply sign a nomination blank and have a particular number assigned to you, and then boost for your number among your relatives, friends and acquaintances. Have them patronize our store and save the coupons for you. The rules are simple. The chance costs you nothing. An opportunity for any hustling man, woman, or child to secure a prize that will give life-long joy and pleasure.

Obey the Impulse

### No Publicity

Nomination blanks can be clipped from this advertisement, or can be obtained at our place of business. Upon receipt of your nomination you will have a particular number assigned to you. The published bulletins of all contestants will be by number only, thus avoiding any publicity to your name. All votes received will at once be entered in a voting register, and immediately after the close of contest, the winner will be announced and the prize awarded.

## MOUNT ANGEL ALUMNI HOLD ANNUAL MEETING

Silver Jubilee at Mount Angel on June 17 to 19--700 Expected to Come--Reunion Probably Will Lure Many Former Students Now Famous--Undergraduates to Receive and Banquet Planned.

Rev. Rev. Abbot Poudus of St. Benedict's Abbey

Rev. Barnabas Held, First President of Mt. Angel College

Mt. Angel College

Arrangements are practically complete for the celebration of the silver jubilee of Mount Angel college, which will be held on June 17, 18 and 19. Many of the old students who, during the 25 years of the existence of the college, have gathered there for instruction and inspiration, will return once more to their alma mater to renew old associations and acquaintances. Many of their old professors will also be there to greet them.

Two years ago the Alumni association began to lay the plans for the silver jubilee celebration, and an elaborate program has been arranged. The Southern Pacific will run a special late train each evening to connect with the main line train at Woodburn, in order that the visitors may return after the day is over. Ample accommodations are being provided at the college and in the town for those that wish to remain.

### Students' Day, June 17.

June 17 has been set aside as students' day. Old students are invited on this day to come and make themselves "at home" and revisit old scenes. All formalities will be dispensed with for this day. A ball game between alumni and present students has been arranged as one of the features, and a dramatic production will be put on in the evening.

## WOMAN'S MOST SUCCESSFUL MEDICINE

Known All Over The World—Known Only For The Good It Has Done.

We know of no other medicine which has been so successful in relieving the suffering of women, or received so many genuine testimonials, as has Lydia E. Pinkham's Vegetable Compound.

In nearly every community you will find women who have been restored to health by this famous medicine. Almost every woman you meet knows of the great good it has been doing among suffering women for the past 30 years.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health, in which many openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, many of whom state that it has saved them from surgical operations.

Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, and is perfectly harmless. The reason why it is so successful is because it contains ingredients which act directly upon the female organism, restoring it to healthy and normal activity.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

The second day of the celebration, June 18, will be commencement day. A pontifical high mass in the college chapel that will be attended by clergy and prelates from all over the Northwest as well as old graduates, will open the day. Rev. Father Black, of St. Francis parish, Portland, one of the alumni, will preach the sermon for the day. In the afternoon commencement exercises will be held in the college auditorium, and in the evening there will be a formal reception to the alumni. The day will be crowded also with other activities.

The third day, June 19, has been set aside as alumni day. A reorganization of the Alumni association will be held in the afternoon, and in the evening a banquet will be held in the dining halls of the college. At the banquet Rev. Father Waters, of Astoria, will be the toastmaster. Many of the old alumni will be on the program with responses.

### 700 Old Students Expected.

Among those that are expected to be present are Circuit Judge John P. Kavanaugh, Frank Coleman, of St. Paul; Attorney Robert H. Downs, of Portland; Father Fisher, pastor of St. Mary's church, Seattle, and Father Buck, of Forest Grove. From the number of responses to invitations that have been received, preparations are being made to accommodate about 700 old students.

The present officers of the Alumni association are: Hon. John P. Kavanaugh, Portland, president; Frank Coleman, St. Paul, first vice-president; R. M. Downs, of Portland, second vice-president, and Rev. Ambrose Walsh, secretary. Mr. Coleman, the first vice-president is the first graduate of the college.

Old graduates who attend the reunion will find many changes in the structure and campus. Several old wooden buildings constituted the college in the earlier years. In 1892 most of these buildings were destroyed by a disastrous fire, but a magnificent stone structure on the crest of a hill has risen in their places.

### Socialist Picnic for Three Days.

The Socialists are planning for a three-days picnic on July 1st, 2nd, and 3rd at Marion square—a basket picnic with speaking program every day by the following speakers:

July 1st—Rev. Ellis, of Portland.

July 2nd—Dr. Chapman, of the Oregonian.

July 3rd—Rev. Albert Ehrigott and wife of Portland.

Mrs. Ehrigott will deliver an address for woman suffrage. The political candidates of all parties are invited to be present and will be given an opportunity to discuss the political situation from their standpoint.

You are invited to bring your basket and family and have a good time.

## THE PARCEL POST BILL MAY PASS

Washington, June 11.—The situation at the national capital looks very favorable for the enactment of a parcel post bill on the zone system such as provided in the Bourne bill. The unsatisfactory provisions of the house bill, the unwillingness of congress to undertake the plan of government ownership of the express companies, and the insistence of the people of the country that a real effective parcel post law shall be enacted, are the circumstances which makes it very probable that a zone system will be adopted.

The house parcel post bill has not met approval from any quarter. It is a flat rate bill at the rate of 12 cents a pound regardless of distance. Under the house bill a man who sends a package of one ounce to 11 ounces through the mails, would be compelled to pay 12 cents postage, whereas he now pays one cent an ounce postage. Since the house rate is regardless of distance, it would cost 12 cents to send a one-ounce package from Portland to Vancouver, the same as to send a one-pound package from Portland, Ore., to Portland, Maine. It is certain that if the house rates should be adopted, there would be great dissatisfaction next December, when people would send large numbers of Christmas presents through the mails at the 12 cents a pound rate. Under the Bourne bill, the highest rate for the longest distance is 12 cents a pound and this diminishes to an average rate of a little over two cents a pound for the 50-mile zone.

There is considerable sentiment throughout the east in favor of government ownership of the express companies, but this is opposed by men who believe that because of its already extensive organization for the handling of mails, the government can easily extend its service to cover a parcel post without buying the property, good-will and contracts of the express companies.

Since the Bourne bill has been worked out with the co-operation of the postoffice department and is known to be on a self-sustaining basis, with rates varying with distance and service rendered, thereby giving the country merchant legitimate protection, there is a general feeling that it will have the support of those who desire an effective parcel post law. The house provision for the appointment of a commission to study the subject is looked upon as needless delay not likely to result in a more satisfactory plan than Senator Bourne has worked out with the assistance of the postoffice department.

Man Coughs and Breaks Ribs.  
After a frightful coughing spell a man in Neenah, Wis., felt bad pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a God-send to humanity," writes Mrs. Effie Morton, Columbia, Mo., "for I believe I would have consumption today, if I had not used this great remedy." It's guaranteed to satisfy, and you can get a free trial bottle or 50 cent or \$1.00 size at J. C. Perry's.

Move on Now!  
says a policeman to a street crowd, and whacks heads if it don't. "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't bulldoze the bowels. They gently persuade them to right action, and health follows. 25c at J. C. Perry's.

TO KEEP SKIN WHITE, VELVETY, WRINKLE-FREE

(Aunt Sally in Woman's Realm.)  
C. M. W. says: "My arms are so coarse and rough I cannot wear short sleeves. What do you advise?" The treatment recommended to "Annie" will doubtless overcome this condition.

A. F. G. asks: "What should I do for crow's-feet and for a baggy neck?" Try a wash lotion made by dissolving 1 oz. powdered saxolite in one-half pint witch hazel. This is immediately effective in any wrinkled or flabby condition. Use daily for awhile and results will surprise you.

Annie: A simple way to keep your skin smooth, soft and white is to apply ordinary mercurized wax before retiring, washing it off in the morning. This keeps the face free from the particles of lifeless cuticle which constantly appear. The wax absorbs these worn-out particles, so the younger, fresher, healthier skin is always in view. An ounce of mercurized wax may be had at small cost at any drug store. Use like cold cream.

## THE SECRET OF LONG LIFE.

Do not sap the springs of life by neglect of the human mechanism, by allowing the accumulation of poisons in the system. An imitation of Nature's method of restoring waste of tissue and impoverishment of the blood and nervous strength is to take an alternative (glyceric extract (without alcohol) of Golden Seal and Oregon grape root, Bloodroot, Stone and Mandrake root with Chervil, etc. Over 40 years ago Dr. Pierce gave to the world this remedy, which he called Dr. Pierce's Golden Medical Discovery. He found it would help the blood in taking up the proper elements from food, help the liver into activity, thereby throwing out the poisons from the blood and vitalizing the whole system as well as allaying and soothing a cough.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. The "Discovery" is an all-round tonic which restores tone to the blood, nerves and heart by imitating Nature's methods of restoring waste of tissue, and feeding the nerves, heart and lungs on rich red blood.

"I suffered from pain under my right shoulder blade also a very severe cough," writes Mrs. W. Downs, of New Brookland, E. C., to Dr. E. V. Pierce, Buffalo, N. Y. "I had four different doctors and none did me any good. Some said I had consumption, others said I would have to have an operation. I was bedridden, unable to sit up for six months and was nothing but a live skeleton. You advised me to take Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. When I had taken one bottle of the 'Discovery' I could sit up for an hour at a time, and when I had taken three bottles I could do my cooking and tend to the children. I took fourteen bottles in all and was then in good health. My weight is now 137 pounds."
