ROOSEVELT MEN WILL SIT SILENT

MAKE A BITTER STATEMENT IN WHICH THEY REFUSE TO LONGER SHARE IN THE RESPONSIBILITY FOR ACTS OF CONVENTION.

Chicago, June 22.—The non-participation plan of the Roosevelt men in the convention was reduced to writing today. The leaders in a vitriolic statement declared that they would "fight no more and plead no more." They declared they would not be bound by the action of the majority and characterized all of the acts of the convention as illegal.

The statement was given Henry Allen of Wichita, Kansas, and he was instructed to demand permission to read it to the convention. If permission was refused, the statement was to be circulated throughout the country. It was as follows:

Their Position.

Chicago, June 22.—To the Republican national convention: We have reached a point where the Roosevelt delegates feel that they cannot longer share in the responsibility of the acts of the convention. We have contested with you until we have exhausted every parliamentary privilege in an effort to have placed upon the roll the names of men legally elected.

When, by using the votes of the delegates whose right to sit in the convention is challenged, you took a position which places the powers of a political convention above the authority of 77,000 majority elected in a legal primary in California, we decided that your "steamroller" had exceeded the speed limit. Since then we have asked for no roll call. You have now completed the seating of all contested delegates, using the votes of the contested delegates to accept their purpose. We cannot in justice to ourselves share the responsibility of a convention, which has said to Ohio—the home of President Taft—that a majority of 47,000 vot-

One Man Rule.

"We cannot become parties with you in a declaration that a defeated national committeeman, sitting in an obscure room in this building can nullify the 130,000 majority by which Pennsylvania gave expression to her wishes. We will not put ourselves in a position to be bound by any act which you say to the majority who rejected Mr. Taft in New Jersey, to the majority who rejected him in Wisconsin, to the majority who rejected him in Minnesota, to the majority who rejected him in Maine, to the majority who rejected him in Maryland, to the majority in South Dakota, in North Dakota, which gave him only 1,500 votes out of 59,000—Nebraska, Oregon, Minnesota, Kansas Oklahoma, West Virginia, North Carolina—that all these majorities added together are to be swamped under the mere rulings of a political committee.

"We will not join you in saying to the home state of Abraham Lincoln that the 150,000 majority with which we defeated Mr. Taft and his managers in Illinois was overruled by these very managers with the consent of those who have arrogated powers never intended to be theirs.

As to Mr. Payne.

"Mr. Payne sought to question the reports of these great Republican states yesterday. Until he can show a better record than is shown by the results of his type of conservative leadership, he is stopped from criticism. When Theodore Roosevelt left the White House four years ago, he left you an overwhelming majority in both branches of congress and in the great Republican states. He left you a record upon which you could elect Mr. Taft. He left you a progressive program to carry forward. That program was buried beneath an avalanche of words at Winona and 18 Republican governors were buried beneath an avalanche of votes who refuted recreancy to party pledges.

"A big majority in the lower house gave way to a Democratic majority and in the senate was reduced to a bare majority. So much for your conservative leadership—Mr. Payne.

WHI SH SILENT.

"We will not participate with you in completing the scuttling of the ship. We will not say to the young men of the nation, who reading history with their patriotism and longing to catch step with the party of their fathers, that we have nothing better to offer them at this hour than this new declaration of human rights that a discarded political committee, as its last act, holds greater power than a majority of over two million voters.

"We do not bolt, we merely insist that you, not we, are making the record and we refuse to be bound by it. We have pleaded with you 19 days. We have fought with you five days for a square deal. We fight no more, we plead no longer. We shall sit in silent protest and the people who sent us here shall judge us."
