THE BOARD IS DIVIDED IN OPINION TIDE LAND CASE CAUSES A DIVISION

GOVERNOR WANTS SPECIAL COUNSEL EMPLOYED WHILE KAY IS FIRMLY AGAINST IT

Secretary Olcott Will Have to Decide--The Trouble Started Over the Suit Brought by the Corvallis & Eastern to Prevent the State Disposing of Tide Lands at One Time Granted It, Which It Never Earned--The Case is Now Involving Millions of Dollars' Worth of Property.

When the state land board meets to consider the question of appealing in behalf of the state in the case brought against it by the Corvallis & Eastern Railroad company, which involves the title to tide lands in Lincoln county valued at millions of dollars, there is going to be a division of opinion, for Governor West will insist that special counsel shall be employed by the state and State Treasurer Kay will insist upon the attorney-general handling the case.

Secretary of State Olcott will also participate in the fray, but which side he will take is problematical, but his vote will decide the contest.

Resolutions have been passed by the Commercial Club of Newport, asking that the case be appealed, and asking

that outside counsel be employed. Cassius Peck has offered his services to the governor for \$4000, if he wins, and \$800 if he should lose. The governor does not seem to care whether he is employed or not, but was emphatic this morning in declaring that special counsel should be employed.

State Treasurer Kay takes the attitude that the attorney-general is the paid attorney of the people, and competent to handle the case. In view of this, he does not favor paying out the state's money for special counsel, and will oppose it to the end.

The attorney-general is perfecting an appeal in the case, and it was when the governor learned this that he made the declaration that he favored employing special counsel.

MUST PASS THE BILLS BY TUESDAY

IF CONGRESS FAILS TO PASS POST OFFICE APPROPRIATION BILLS BY MIDNIGHT MONDAY, ALL SERVICE WILL STOP.

Washington, June 28.—If congress neglects to pass the postoffice appropriation bill before midnight on Monday, said Postmaster General Hitchcock in a statement issued today, "or if proper provision is not made for the continuance of the service, the effect will be felt in the whole country. The army of postal employes, 235,000 in all, will have their pay stopped immediately, nor can they continue their service, because this is forbidden by statute.

"Upon these employes at least 4,

000,000 persons are dependent for their living. At one blow need will come upon them with all its attendant hardships, misery and hunger.

"A great many postoffice leases will expire automatically; contracts for envelopes, twine and other materials used in quantities in the service will become inoperative, and the great plants which furnish the commodities to the government will have to close their doors or cut their force to the limit.

"All over the country the cessation of all mail service will work the greatest inconvenience, and often inestimable hardships. Important letters cannot even be sent, much less delivered.

"Every individual in the country will be affected the great majority directly and others indirectly.

"The postal service is a tremendous machine, the greatest business establishment in the whole world. To have its activities abruptly stopped would be a shock to the nation and to the nation's confidence in its government."

The good old battleship Oregon will be at Portland July 7, and remain until after the Elks Carnival.

Will Keep Her Going.

Washington, June 28.—After conference with law officers of various departments were held today, it seems probable that before night President Taft would issue a statement assuming full responsibility for keeping all the departments and branches of the government running Monday, in spite of the fact that the present appropriations expire Sunday at midnight and no provision has been made for the payment of government employes after that time.

DENOUNCES THE WHOLE BURNS GANG

F. A. CLANCY IN A SIGNED STATEMENT SAYS TESTIMONY OF DETECTIVE BIDDINGER IS FALSE IN EVERY PARTICULAR.

San Francisco, June 28.—Renewed denunciation of William J. Burns, head of the National Detective bureau, and his detectives, was made today by E. A. Clancy, of this city, former member of the executive committee of the International Bridge and Structural Iron Workers union, of which John J. McNamara was formerly secretary. In a signed statement today, Clancy says:

"Regarding the press dispatches from Los Angeles which stated that one Guy Biddinger, a Chicago Burns detective, who is alleged to have testified that I was a traitor to the cause of labor by having furnished Burns with information, I have this to say:

"I have not furnished Mr. Burns or any other detectives with information because I have none to give of the kind they want. I do not know Mr. Biddinger. I have spoken to Mr. Burns only once in my life, and that was at the office of the Bridge and Structural Iron Workers in Indianapolis immediately after the arrest of J. J. McNamara. At that time Mr. Burns called me aside and informed me very confidentially and sympathetically that if it had not been for me and my friends in San Francisco, particularly Fremont Older we would all have been arrested. That is all the conversation I have ever had with Burns.

"As for any conference between Burns and myself in Fremont Older's office that is equally untrue. If Guy Biddinger is testifying as reported in the papers he is a liar and a perjurer, all of which will be conclusively proved to the satisfaction of everybody before these trials are finished.

(Signed) E. A. CLANCY."

THE PAVING OF CENTER STREET IS COMPLETED

The Center street pavement is completed. The Geiger Construction Co. has had this work in charge and has expedited the work so as to have the paving completed before hot weather set in. The kind of weather that has prevailed since the paving was done is well suited to the "setting" process so necessary with concrete work. Then to further aid the pavement in hardening it has been covered to a depth of an inch or two with sawdust, which has been kept thoroughly wet. The street will not be opened to traffic for a week or two.

WEATHER FORECAST TO 5 P. M. SATURDAY.
Salem and vicinity: Fair to night. Saturday fair and warmer. Northwestern winds.

Darrow Trial Adjourned.

Los Angeles, Cal., June 28.—Because Juror I. A. Leavitt was threatened with appendicitis, the Darrow trial was adjourned today until Monday. Leavitt is under a physician's care. If he is incapacitated the trial will proceed Monday with the thirteenth juror, A. M. Blakeley in the box.

SALOONS MUST LIVE UP TO LAW

Governor Announces That Suits Will Be Brought on Their Bonds if the Statutes Are Not Strictly Complied With.

MOVEMENT IS STATE-WIDE

Moral Squad Will Gather the Evidence and Submit it to District Attorney--Appeals Come From All Parts of the State Asking the Governor to Aid in Enforcing the Laws on Moral Questions.

Saloon men failing to comply with the law providing that they must keep orderly houses, and not sell liquor to minors, persons who are intoxicated, or who submit too freely in the liquid that cheers, will find themselves confronted with suits on their bonds, for Governor West announced today that wherever any violations of this character are found he would ask that suits be commenced against them.

The law in question provides that every person applying for a license to run a saloon shall give a bond that he will conduct an orderly house, and that he will not sell liquor to minors, a person when he is intoxicated, or any person in the habit of becoming intoxicated. Should he do so that an action can be commenced by the district attorney to recover on his bond.

While this law has been on the statute books for years, the first time it was ever invoked was in the case of the city of Woodburn, which has now cases on appeal in the supreme court, where saloon men violated the law and where they were sued on their bonds.

One of the duties of the moral squad will be to gather evidence along this line, and then submit it to the proper officer with the request that he bring legal proceedings to revoke the license of the saloon man and also recover on his bond.

Appeals from all portions of the state are coming to the governor for assistance to enforce the laws against vice, and the saloon men and he is going to respond to them all just as fast as possible. Scores of letters have come from Roseburg, where the bootleggers are holding sway. They represent that the local authorities have failed to enforce the law, and desire assistance from the governor.

DELEGATION MAKES VISIT TO FALLS CITY

Salem Lodge, K. of P., sent a big delegation over to Falls City last night to attend a special lodge meeting, and also do their collective and individual share in disposing of a big banquet spread for the occasion. They left on the 4 o'clock train and got home some time after midnight. They had a fine time, of course, and while the excitement was not so intense, or the weather as hot as at Baltimore, they are all in better shape today than the busy Democrats at the convention. Those composing the party were:

C. G. Pomeroy, H. A. Johnson, J. G. Summerville and wife, F. T. Wrightman, J. R. Stinson, Frank Light, J. H. Scott, E. W. Hazard, E. H. Anderson and wife, J. W. Cox, George Skeels and wife, W. B. Gibson and wife, U. G. Lehman, Geo. C. Will and wife, Mrs. H. D. St. Helen, Mrs. Otto Shellberg, W. T. Rigdon, H. H. Turner, Tom Cronin, Mrs. Hunter, John W. Roland, Charles F. Elgin, F. M. Skinner and wife, C. Harris and C. M. Sala.

CONVENTION TAKES TWO BALLOTS ONLY TRIFLING CHANGES ARE MADE

Big Balloon Exploded.

Dusseldorf, June 28.—Thirty-four soldiers today were injured, several fatally, by an explosion of gas that wrecked the Zeppelin dirigible Schweben, sister ship of the Victoria Louise, which yesterday made a sensational endurance flight over the North Sea carrying 12 passengers. The Schweben was at anchor in front of the hangar, and a gust of wind drove the airship against the shed, breaking the gas bag in two. The escaping gas exploded.

RESULT AS WISE ONES GUESS IT

NEW YORK'S 90 VOTES TO STAY WITH HARMON FOR SEVERAL BALLOTS--ALL KIND OF CLAIMS BEING MADE.

[UNITED PRESS LEADERS WIRE.]
Baltimore, Md., June 28.—Clark on the third ballot; Wilson on the fourth or fifth ballot; a "dark horse" after the fifth or sixth fruitless vote--these were some of the predictions voiced this afternoon by claim agents for the various candidates.

The Clark managers declared Clark on the second ballot would increase his vote to 48 1/2, a gain of forty-six over the first ballot.

They said they would get 25 from Pennsylvania, six from North Carolina, six from Virginia, six from Tennessee and two from Utah--and would have the necessary vote to nominate on the third roll call. They look for New York to give him ninety votes on this first ballot.

The Wilson bureau claimed that the New Jersey governor would win on the fourth or fifth ballot. They said a number of delegates who voted for Clark on the first ballot would desert him the moment they discovered the so-called Wall street crowd swinging to him and that the deserters would more than outnumber those who would go to Clark by reason of the Murphy-Sullivan-Taggart influence. The Wilson men said they would get New York's ninety votes probably on the fourth ballot.

Harmon headquarters were making no claims except that they expected New York's ninety votes to stay with the Ohio governor for several more ballots.

Harvey C. Garber, national committeeman from Ohio, showed a list of 89 Clark delegates who, he said, would jump to other candidates if there should develop a situation where by the votes of New York would give Clark the nomination.

Underwood managers claimed their man would hold his present strength and develop more as the ballots continued.

CLARK STARTS IN THE LEAD AND KEEPS THAT POSITION NEW YORK SOLID FOR HARMON

The Wise Ones Say Clark Must Win in Next Ballot, and Wilson Must Get There by the End of the Fifth Ballot or it Will Be a Dark Horse--Bryan is so Black a Horse That All Others Look White Beside Him and if This Prediction is True He Stands Good Chances--Harmon Has a Good Strong Following.

Fifth Regiment Armory, Baltimore, Md., June 28.—With all traces of last night's storm removed, save in the tired faces of the delegates, convention hall was once more packed this afternoon for the nominating session of the Democratic host. The galleries were filled to overflowing an hour before the time set for the meeting. But there were very few delegates in their places. The vast hall had been made spick and span once again; the standards showing the delegates' seats had been again fastened to the floor, and new seats substituted for those broken in the excitement of the previous session.

The only thing reminiscent of the frenzy of 12 hours ago was a monster circus portrait of Governor Marshall, of Indiana, and an oil cloth sign "We want Wilson" both of which glared from the gallery rail.

It was noticeable that stamps among the policemen and delegates alike were none too equable. Brief excitement was created on the floor when a Missouri delegate attempted to seat a boy in the front row near him. A policeman promptly ejected the youth.

The New York delegates, in a caucus, just before the convention assembled, agreed for the present to vote for Governor Harmon.

This decision will hold good, Judge Parker said, until it is seen that a nomination can be made, and "then the delegates will be ready to vote for any good Democrat."

The Clark managers are making a supreme effort to get the speaker named on one of the first three ballots, when the hour for the convention to assemble arrived.

Everyone of the chieftains was proselyting. Former Governor Francis and senator Stone personally appealed to Murphy, of Tammany, and to the leaders of the Harmon boom.

"If we can't land Clark early there will be danger of some one you don't want, possibly Bryan himself, landing," was the appeal made.

Murphy was non-committal, merely saying if before New York was reached in the balloting there seemed a chance for ac choice, the Empire state might swing into line.

The Harmon managers positively refused to withdraw their man.

"We can muster 570 votes after the favorite song are withdrawn," said Hugh L. Nichols, "and we think we can get the balance when the show-down comes."

The Wilson men insisted that they were uncovering progressive sentiment momentarily.

"The West is nearly ready to line up for our governor," said Congressman Hughes, "and we have every reason to be satisfied with the outlook."

- When it was seen that there was likely to be little change in the result, a number of Clark managers went to Murphy and begged him to swing the New York delegation into line for the speaker.
- "If you do, it will start as tamped, and it will be over soon, and we all can start for home," begged Stone, but
