THE SHASTA LIMITED IN THE DITCH

SOUTHBOUND TRAIN WRECKED NEAR GRANTS PASS EARLY THIS MORNING—THREE CARS LEAVE THE TRACK BUT NO ONE IS HURT.

[UNITED PRESS LEADERS WIRE.]
Medford, Ore., July 8.—The Shasta limited, southbound, was wrecked at an early hour today near Koro river about eight miles south of Grants Pass. Three cars, the baggage, mail and one sleeper, left the track. No one was injured.

The wreck was due to a soft piece of track. On account of so many special Elk trains traveling north the track had sunk, and slow orders had been put out. The Shasta limited, northbound, was the last train over heading the slow signals. The train which went into the ditch was running about 15 miles an hour when it

left the track. The mail car turned over on its side, bruising the three clerks on duty. The sleeper remained upright.

Passengers were awakened by the jolting, but were uninjured. The track will not be cleared until midnight. All trains will be delayed from 16 to 20 hours.

SENATORS DEFEATED.

(Continued from Page 1.)

through second. In Salem's half of this inning Baker went down by a foul fly by catcher. Jones singles, steals 2nd and scores on Smith's error in handling Kay's drive.

In the 9th inning with two out, McHale got a two-bagger, steals 3rd. Van Northwick is hit by pitched ball, steals second. Emrick reaches first on Jones' error, but McHale and Van Northwick are held from scoring, but each scored when C. Dickson got a two-bagger. In Salem's half of this inning, Baker is hit by pitched ball and advanced to second by walk presented to Jones. Kay strikes out, Emrick reaches first on fielder's choice in Kelly's catching. Baker at home plate. Porterfield gets a single, steals second and when Keene strikes out, the melee ends. The line-up was as follows:

Weonas—Shortstop Smart; center-field, McHale; third base, Van Northwick; catcher, Emrick; first base, C. Dickson; left field, Nelson; right field, J. Dickson; second base and pitcher, Gurvell and Kelly.

Salem—First base, Jones; center-field, Kay; right field, Essick; third base, Porterfield; short stop, Keene; pitcher, Baker; second base, Humphreys; left field, West; catcher, Baker.

There will be a game on the local field between the locals and the Mt. Angel team July 11th, the first day of the Cherry Fair. This promises to be one of the most hotly contested games of the season, as the visiting team on that occasion is a strong one.

CHERRIES WILL FILL ARMORY.

(Continued from Page 1.)

Geo. L. Schreiber, for a number of years art instructor in the Salem public schools.

Final Count on Queen.

The official count on the Cherry Queen contest is as follows: Jessie Keeton, 16,496; Emily Nerod, 14,083; Mary Eckerlin, 13,310.

The "Queen" and her maids will be in the Elk parade in Portland Thursday. The girls will ride in Mr. Stinson's big six-cylinder Mit-

chell car, which will be beautifully decorated. The car will be shipped to Portland by railroad and the Elks will leave nothing undone to have their car the prize winner. Of course it goes without saying, no city in the state will be able to produce a competitor in the same class with Miss Keeton, who is not only a beautiful young woman but a universal favorite in the Capital City. She will appear in the Cherry Fair parade in Salem on Friday and with her maids will form the principal attraction.

Exhibits by Manufacturers.

Portland L. & P. Co., light and power.

Salem Gas Works, gas.

Summer colds are hard to get rid of, and frequently lead to asthma, bronchitis, and hay fever. Do not let your cold get a hold on you, but use Foley's Honey and Tar Compound for quick relief. W. H. Allen, Chelsea, Wis., says: "We prefer Foley's Honey and Tar Compound to other cough medicines because it quickly cures coughs and colds. It will ward off a cold if taken in time." Contains no opiates. Is safe for children. Remember the name, Foley's Honey and Tar Compound and accept no substitute. Dr. Stone Drug Co.

If there is anything in Oregon papers next week except something connected with the Elks, it will not be classed as news.

BUSINESS MEN ASKING EXPEDITION

The Business Men's League at their noonday luncheon at the Marion hotel today adopted resolutions asking an expeditious action as possible on the Portland, Eugene, and Eastern railway franchise. The motion went further and asked that a franchise be granted on liberal and progressive terms, and the secretary was instructed to write a letter to the mayor and city council to that effect.

ARE FIGHTING DESPERATELY WITH BOOZE

[UNITED PRESS LEADERS WIRE.]

El Paso, Texas, July 8.—Following a night of rioting during which rebel soldiers broke into the saloons which had been closed by the army officers, more than 1,000 rebel soldiers in Juarez are today without arms or ammunition.

Early discontent among the rebels over the failure to receive pay, threatened to start open mutiny, and the officers of the garrison, with details of loyal troops, corralled the discontented ones. Today the troops are being sent out of town as rapidly as possible, but hundreds refuse to leave until they are paid, and other

hundreds already have deserted and crossed to the American side. All night there was an exodus of Mexicans from Juarez, in fear of general rioting, today.

Nearly 1,000 additional rebels have reached Juarez from Suaz. These have been drinking heavily, are in an ugly mood and threaten a campaign of rioting and looting.

Mystery in the Tides.

(Answers London.)

The townsman whose acquaintance with the sea is usually confined to that made during his summer holidays, finds the question of the tides most puzzling. He knows that the tides rise and fall twice in 24 hours, and that they are affected by the moon, and there his knowledge ends.

As a matter of fact, tides vary considerably. Round about our own coasts are to be found some of the most terrible and dangerous tidal races and currents in the world; they are due to the presence of so much narrow, broken land.

Out in the open ocean the speed of the waves is amazing but nearer land tides travel far more slowly. Down South, the attraction of the moon raises an enormous wave that courses round the world from Cape Horn to the Cape of Good Hope, unbroken by intervening land.

Off the west coast of Scotland there is a whirlpool known as the "Caldron of the Spotted Seas," where the tide races at the speed of a mountain torrent. On the River Amazon, again, the tide forms a moving wall of water 30 feet high, and reaching from bank to bank as it rushes inland from the ocean.

John Pohl, who escaped from the pen a year and a half ago was caught at Albany, Friday. He will now have to serve 11 years, the balance of a 26-year sentence.

An increasing number of people report regularly of the satisfactory results from taking Foley Kidney Pills and commend their healing and curative qualities. Foley Kidney Pills are a carefully prepared medicine, guaranteed to contain no harmful or habit forming drugs. They can have only a beneficial effect when used for kidney and bladder troubles, for backache, rheumatism, weak back or lumbago. Never sold in bulk. Put up in two sizes, in sealed bottles. The genuine always in a yellow package. Dr. Stone Drug Co.

The Eagle Valley cannery of Baker county started work this week.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs, colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. P. Davis, Stuckey Center, Mo., "after doctors' treatment and all other remedies failed." Excellent for coughs, colds or any bronchial affection. 17c per bottle and \$1.00. Trial bottle free at J. C. Perry's.

Wade Mosley, seven years old, exploded a dynamite cap at Cottage Grove last week. He hasn't so many fingers now, but knows more about the explosive force of dynamite caps.
