FULL LEASED WIRE TELEGRAPH REPORT

**OFFICERS WILLING TO TESTIFY**

**ONE WITNESS BEFORE THE GRAND JURY TODAY SAYS HE SAW WEBBER RUNNING AWAY FROM THE SCENE OF THE MURDER.**

[UNITED PRESS LEASED WIRE.]  
New York, July 25.—Retailer, the first witness called before the grand jury today, testified that he saw Webber running away from the scene of the murder, 10 minutes after Rosenthal was shot.

Lieutenants Beckers, Costigan and Reilly were invited today by District Attorney Whitman to testify before the grand jury, but he stipulated that Becker must waive all rights of immunity. Although neither of these men were subpoenaed, all appeared. Becker was accompanied by an attorney, who explained that the officer could not testify without securing Commissioner Waldo's consent. Becker asserted that he would testify, although he had not been advised to do so.

At the request of District Attorney Whitman, the coroner's inquest was set over until Monday.

The application of a writ of habeas corpus to secure the release of Paul was withdrawn today. No reason was assigned for this action.

After Lieutenant Becker had waited around the court room for an hour, expecting to be called, the grand jury adjourned until Monday. Becker was told to return Tuesday.

**THE CAPITAL NATIONAL INCREASES ITS CAPITAL.**

The Capital National bank has increased its capital stock to \$125,000, an addition of \$25,000. The new stock was taken by the present stockholders. The original capital was \$75,000, and this was advanced to \$100,000 two years ago. Besides this capital stock, the bank has earned surplus of \$20,000. The Capital National was organized 27 years ago, and has grown surely and steadily, until today it is one of the solidest financial institutions in the state, a credit to the city, as well as a substantial benefit. It has a fine clientele, and an ever-increasing patronage.

**NEGATIVE ARGUMENTS IN THE AFFIRMATIVE**

Upon a reading of arguments filed by W. S. U'Ren and H. D. Wagon, opposing the tax amendments referred to the people by the last legislature, and also those proposed by the tax commission, it was found that instead of being negative arguments in opposition to them that the greater portion of them were affirmative arguments in favor of the graduated single tax.

Those opposing the single tax feel that in doing this they have taken advantage of the law, as the time for filing affirmative arguments in behalf of measures expired July 1, and the

negative arguments filed, they say, consisted mostly of affirmative arguments. So far did they carry this matter of filing arguments that in an argument filed against the majority rule measure an appeal is made to the voters to vote in favor of a bill abolishing the senate, and which bill was proposed by the People's Power league.

**JURY TAKES A LOOK AT THE PROPERTY**

After an examination of the property in controversy, the jury in the case of the Willamette Power company against the Hammond Lumber company returned from Detroit last night.

This suit involves claims for damages amounting to about \$500,000, and is one of the largest, if not the largest civil case ever tried in this county. The purpose of the action is to condemn land and property rights held by the Hammond Lumber company, the plaintiff desiring it in developing power from the Santiam river. Just what the plaintiff desires the power for is problematical, but it is surmised that it is identified with the Hill interests, and that when acquired the power will be used in railroad development.

**COUNCIL MEETS TO DISCUSS FRANCHISE**

With the view of agreeing upon a redraft of the franchise of the Portland, Eugene & Eastern Railroad company, Robert Strahorn, president of the company, and Frank Waters, the local representative met with members of the city council last night and discussed the situation.

Because of several existing defects Mayor Lachmund vetoed the franchise granted the company by the council, and his veto was sustained by it. The council is now engaged in correcting these defective features and the purpose of the meeting was to go over the situation with the representatives of the company. Mr. Strahorn expressed himself as willing to accept the franchise as it stood at the present, generally, and that he would not oppose any reasonable changes which will be made. The council covered much ground last night and it is the intention of the members to secure a redraft as soon as possible and pass a franchise so that the company may proceed and make contemplated improvements.

**DIFFERENCE OF OPINION AS TO VALUE OF LAND**

The suit brought by the state in the circuit court to condemn certain lands belonging to the Savage heirs, for the use of the penitentiary, will be concluded today.

The state land board found it necessary to acquire this for land the institution, and offered to purchase it at a reasonable price, but the heirs declined to sell at the figure offered. The board then directed Attorney-General Crawford to begin condemnation proceedings. Today witnesses were placed on the stand to determine the value of the land, and the testimony was very fluctuating, estimates ranging all the way from a few hundred dollars an acre up to a thousand.

There is always a big demand for a thing that cannot be had.

**THE DARROW TRIAL RESUMED TODAY**

[UNITED PRESS LEASED WIRE.]  
Los Angeles, Cal., July 25.—When court convened today in the Darrow trial Chief Defense Attorney Earl Rogers charged in open court that Juror L. A. Leavitt, who has been absent from the trial for the past three days, causing a delay in the proceedings, had expressed opinions of Darrow's guilt before being called for the jury service and attempted to cause the jurors dismissal from the case.

Rogers claimed he had several witnesses, neighbors and relatives of Leavitt, who were then available and who would prove that the juror was biased when he entered the box, contrary to his expressions in reply to questions of the attorneys.

Judge Hutton overruled the motion of the defense, and the trial will proceed again this afternoon with Juror Leavitt in the box. The court refused to hear the defense witnesses in an attempt to disqualify Leavitt.

After hearing arguments for both sides Judge Hutton decided that there was nothing in the law which would warrant him in stopping the case at this time to try the qualifications of Leavitt as a juror.

**Parcels Post Prices.**

[UNITED PRESS LEASED WIRE.]  
Washington, July 25.—How the parcels post regulations embodied in the pending postoffice appropriation bill will charge for the transportation of small packages was explained here today in a statement by Senator Bourne of Oregon. It finally approved by the house and senate conference and by President Taft the rates will be:

For city and rural delivery, five cents for the first pound and one cent for each additional pound.  
For a 50-mile zone five cents for the first pound and 3 cents for each additional pound.  
For a 300-mile zone, 9 cents for the first pound and 7 cents for each additional pound.  
For an 1800-mile zone, 11 cents for the first pound and 10 cents for each additional pound.  
Above the 1800-mile zone, 12 cents flat for each pound.

**Campbell Is Expelled.**

[UNITED PRESS LEASED WIRE.]  
Cripple Creek, Colo., July 24.—Expelled from the Western Federation of Miners, Thomas Campbell left here today for Butte. Before his departure Campbell said:

"I am going to show the miners of Butte that, although I lost here, the battle is not half over. It is merely begun, and I shall spend the rest of my life, if necessary, fighting for the principles I represent. The statement that I am an Industrial Worker of the World is a malicious and wilful lie. I have not been a member of the I. W. W. since the Federation was connected with the I. W. W. The Moyer crowd's sneaking tactics were evident from the start in the fight here."

**Call for Bids.**

Notice is hereby given that the undersigned will receive sealed bids up to 5 o'clock p. m. Monday, July 29, 1912, for remodeling the heating plant in the city hall according to specifications on file in the office of the city recorder. Right is reserved by the city to reject any or all bids.

H. W. ELGIN,  
Acting City Recorder.

**ENGLAND AFRAID OF GERMAN AGGRESSION**

[UNITED PRESS LEASED WIRE.]  
London, July 25.—Marked difference of opinion concerning the likelihood of England becoming involved with Germany was expressed in the house of commons today by two of England's public men. Referring directly to the speech of Winston Churchill, in which he said that England would double Germany's program, Premier Asquith said:

"England has no quarrel with anyone, and it covets no additional territory."

Andrew Bonar Law, conservative leader, expressed a conflicting opinion. He said:

"Careful consideration has convinced me that Lord Roberts was not exaggerating when he said England was never in graver peril than at present."

**ALL BUT ONE COMPANY CARRIES EXHIBITS FREE**

Advices were received today by State Superintendent of Public Instruction Alderman that both the Oregon Electric and United Railways will transport free all exhibits to be displayed by the Children's Industrial Fair, to be held at the same time as the state fair, and in connection with it.

The Southern Pacific has also agreed to do so and has prepared regulations under which the exhibits may be shipped, and this leaves the Oregon-Washington Railroad company as the only railroad which will not donate its services free for this purpose. This company, when the subject was up for discussion, declared that it would be unable to agree to the arrangement, and that all exhibits which are to be shipped over this line are to be paid for at the regular rates.

**"Counterfeit" Medicines Often Dangerous!**

You don't know what is in them—what harm the ingredients may do to your system. Beware of the counterfeit—the substitutor—the man who tempts you with "something just as good" (because he can buy it cheaper). Refuse all unknown—untried—uncertain "remedies." They may contain deadly drugs—narcotics—opiates—which, with subtle cunning, wind their enslaving, life-blighting coils about the poor, trusting, unsuspecting victim—dragging him or her down to the uttermost depths of misery—despair—destruction! For 30 years

**Hollister's Rocky Mountain Tea**

—that good old-fashioned, safe, certain, sure remedy of Mother Nature—has been the beacon light of "HEALTH" for 30 years it has been tried and tested—used and endorsed! For 30 years it has pointed the way to health and happiness—renewed the blush and bloom of youth in the wan, pallid cheek—brought back sparkle and lustre to the dulled eye—given hope to the downhearted—courage to the despairing.

Hollister's Rocky Mountain Tea is a perfect, harmless blend of medicinal roots, herbs, leaves and seeds—a positive remedial agent for the correction of all blood, stomach, liver, kidney and bladder troubles. It is the one good old remedy in which you can place absolute faith and confidence. Get a package—refuse substitutes—INSIST on the GENUINE. A package makes 105 cups of health-giving Tea, and sells at 35c.

For the busy man—the office-worker—the traveler—Hollister's Rocky Mountain Tea (Tablet form)—also 35c.
