

BEAUTIFUL NEWPORT BY THE SEA

NATURE IN HER GRANDEST AND MOST GENEROUS MOOD WHEN SHE MADE THIS, ONE OF HER DELIGHTFUL BEAUTY SPOTS.

Newport, Or., Aug 11.—This has been a great season at Yaquina Bay. The crowds came earlier, were larger, and are staying longer than ever before. The city is spreading to the north. Cottages peer through the pines on both sides of Monterey and there are forty new houses going up and planned for erection this year at Cape Foulweather. The Agate Beach Land Co. is selling from three to five lots a day. Clair Inman, of Salem, was over last week and picked out a lot. There are from 300 to 500 people a day on the beach here. The bathing is perfect, with no undertow and no current north or south. Bathing is in from morning till night and it is fine in any tide.

There is the best, and smoothest kind of road from Salem to Newport for autos. We drove through in six and a half hours and took it easy with a Flanders. Carry plenty of lubricant and have your brakes in good order. To Agate Beach go north on top of the hill at Newport. It is three miles and road up and down from the beach is plank. Plenty of gasoline at Newport and free garage at the Agate Beach hotel.

For natural beauty the summer resort finds the scenery here at Agate Beach wonderful. Three miles of surf extend south past the Newport bar and produces a silvery effect on the atmosphere. The great white way to the south is dotted with people and whizzing automobiles are plenty.

At times the great cape proceeds to put on bridal array with the greatest deliberation. White ribbons of fog slip up the draws and are crossed on the breast of the hills and a gauzy marriage veil is thrown over its head far to the north beach and comes clear over to where the waves kiss her feet on the south. The mountain looms up proud of its festal decorations. The two immense rounding breasts on the headland are almost hidden under the mist wreaths now trailing out to sea. Then it all vanishes like a melting mirage of unappreciated beauty and at night her only ornament is the searchlight in the lighthouse tower.

At times the ocean is in a happy, laughing mood. Great glassy spaces smile and beckon under the brilliant sunlight overhead. It goes shimmering away to the west conscious of its beauty and immensity, and is caught up in the mists and sheens of the gleaming horizon.

I love the companionship of the sun and the sea, the air and the sky, the woods and the winds, the hills and the beaches. They possess unfading beauties consolations of color combinations that all the wealth of the world cannot buy or put into pictures or move away from here.

S. E. C. Chance is building in a nice sheltered corner a cottage to cost about \$500. His son, Lloyd Downs, also expected from North Bend, Wash., this week with a team.

D. A. Henman has been here about seven months and helped build the big hotel. He has four healthy looking children and will build on his lot next year. The Hennans came from Kansas.

The Agate Beach Inn is doing a fine business. The tables are as well served as any on the Oregon beaches, and there are none better. Mrs. George, her mother, Mrs. Harkelroad, and Miss Harkelroad spare no pains to make it pleasant for guests. E. HOFER.

W. A. Hemleben has built a nice cottage. He runs the motorline to Newport that makes eight round trips a day to Agate Beach. He carries the mail and the motor has only missed two trips all summer. It meets all trains going and coming and makes the trip in twenty minutes.

W. T. Ewing of Freeport, Ill., is a guest of his cousin, Sam Irwin, of Nye Creek.

The light plant burning at Sumpter yesterday that city last night had an illustration of "the light of other days"—kerosene.

The Oregonian says "the world is better for those executions in Sing Sing yesterday." Is it? The Oregonian is heavy on statistics, and here is an opportunity for it to indulge in its favorite pastime by calculating the per cent of improvement of the world by those executions.

Two hundred bull moose at Portland last night ratified the nomination of Teddy. This will add to his ability to "sleep of nights."

Is Made Special Officer. For the purpose of preserving order at his theatre, T. B. Bligh last night was made a special policeman by the city council and as there seems to be a demand for a like officer at the other theatres of the city, it is likely that the council to designate them or some of their employees as special policemen.

Under the present system if any one enters the theatre and behaves badly an officer must be called to preserve order or to exclude the offender, and that is often inconvenient.

Besides this, there are a number of other ordinances applicable to theatres of the city which the special officer, being present, can always enforce. Among these is an ordinance providing that women shall remove such headgear as tends to obscure the stage from those seated behind them—and most of the headgear does that. When either proprietors or employees call their attention to it now they sometimes demur, but when it is realized that he is authorized to enforce the law it will prove less difficult.

Mayor Laehmann last night commended the move in the highest terms.

Young Men With Bank Accounts

It was good business sense that suggested the wording of a recent want ad., as follows:

WANTED—Young man with bank account for a responsible position.

A bank account is pretty fair evidence that a man is "making good"; the kind of man whose services are in demand.

This bank invites young men to open personal accounts in both Commercial and Savings Departments.

sas and were at Park City, Utah, for six years.

Near my house is what I call the Egyptian cottage occupied by a lady and her daughters who have traveled on the Nile and their seaside home is decorated with Egyptian embroideries and needlework. I look for them to appear in long dresses and Numidian veils. I see them in the surf every day, and there is nothing Egyptian about that.

I never heard of an Egyptian taking a bath.

I have been mixing mortar, tending mason, handling brick and mortar, piling lumber and doing all kinds of manual labor from slashing brush to nailing on shingles. Spruce is the great box lumber and I am building a box bungalow. The lumber for my house was cut right here at Agate Beach. H. H. Cook runs the sawmill. I can see the steam from my porch, and hear the engine puff and the saw sing its way through the heart of the spruce logs, some of them so big they have to be blasted with giant powder. L. H. Nickelson is head sawyer and six of Mr. Cook's sons work with him. Mrs. Cook runs the dairy ranch, milks five fine grade cows, sells milk and cream to the hotel and ships fifteen gallons of cream a week to Independence. She has a herd of fifteen cattle and runs them on the old Meigs ranch that is part of the Agate Beach Land Co. property. Mr. and Mrs. Cook came from Stevens Point, Wis., in 1894, and have a family of eight children. Mr. Cook is one of the few men in Oregon who can run a saw and planing mill with his own family. He was a printer for three years at Wapewoc, Wis., and still has two job presses and 250 pounds of type and material. One of his presses printed the Elk City Vim, edited by A. B. Clark who gave everybody a lick and the paper only lasted four months. It was a 7x13 sheet.

H. J. Wood has built a cottage on the north side of the Cape on the street that leads to the Punch Bowl. He came from Tomah, Wis., and came to Oregon three times before he located, and is now following the trade of carpenter and builder—is putting up his bungalow and understands his business.

Mr. and Mrs. Robt. Ryan have a restaurant and confectionery at Agate Beach. He is a good helper around a building—is assisting Mr. Wood. Mr. Ryan is a willing, handy man and Mrs. Ryan sets up a good, square meal and it is clean and neat.

W. A. Hemleben has built a nice cottage. He runs the motorline to Newport that makes eight round trips a day to Agate Beach. He carries the mail and the motor has only missed two trips all summer. It meets all trains going and coming and makes the trip in twenty minutes.

What's Your Liver For—

Ever stop to think? Know where it is—what it does? The liver is a human filtration plant—removing deadly poisons—disease-breeding germs—from the blood. Lazy livers fail in this—hence the accumulation of bacteria. These poisons over-run the system—reach the stomach, bowels, heart, lungs, bronchials, kidneys, nerves and brain—then the only natural consequence follows: SICK-NESS!

All liver trouble MUST be remedied before the body can regain a healthy, natural condition—and to accomplish this, in the best, safest, quickest manner—use

Hollister's Rocky Mountain Tea

Nature's remedy, consisting of harmless, medicinal herbs, roots, leaves and seeds. This famous blood-purifier goes to the seat of trouble—acts on the liver—clears the blood—gently expels poisonous waste, through proper channels, and quickly puts the vital organs in a healthy condition.

Hollister's Rocky Mountain Tea is purely vegetable (containing no poisonous drugs or minerals) and leaves no ill after-effects. Get it! Use it—accept no substitutes!

The original and only genuine Hollister's Rocky Mountain Tea has been on the market for thirty years, and has helped thousands of people. One package makes 100 cups of Tea, and sells for 35c.

Hollister's Rocky Mountain Tea Nuggets for the very young—a convenient package—Tablet form—3c.

Use this splendid remedy—follow the simple directions—eat well—be healthy—strong—happy!

BULL MOOSE TO HAVE TICKET IN WASHINGTON

Seattle, Wash., Aug. 13.—Returning delegates from the Bull Moose convention, headed by E. C. Snyder, of Seattle this morning declared for a third party ticket from governor down to coroner in this state.

This matter has been the subject of all absorbing interest among local progressives, who were divided as to whether to put up a full state third party ticket or not. A compromise had been finally effected to delay action until the return of the Chicago delegates. The question is now fully settled, and Washington will have a complete third party ticket.

The matter will be the subject of detailed discussion here this afternoon.

Rock Point people beat the S. P. out of five cents fare by buying tickets to Gold Hill, and then 15 cents to Medford, 50 cents. The through ticket is 55 cents. Another of the mysteries of railroad rate making.

"I was cured of diarrhoea by one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes M. E. Gebhardt, Oriole, Pa. There is nothing better. For sale by all dealers.

The Oregon Electric track layers reached Junction City Thursday afternoon, and are expected to reach Eugene in eight or 10 days.

Indian Killed on Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it's that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex. "and I regained 15 pounds in weight that I had lost." Quick, safe, reliable and guaranteed. 50c and \$1.00. Trial bottle free at J. C. Perry's.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN. A. S. OLBSTED, La Roy, N. Y.

Tuberculosis Medicine Saved This Man's Life. Pneumonia is a serious disease, and often lays the foundation for chronic lung troubles—sometimes Tuberculosis results. After Pneumonia, or any serious or stubborn cold, it is wise to take Eckman's Alternative.

Don't wait to find out whether the trouble is getting worse, but take Eckman's Alternative in time and avoid the dangers of disease. Head of the recovery in this case.

330 No. 41st St., Philadelphia, Pa. "Greetings, an evening about very nicely and gaining strength all the time. I now weigh 124 pounds, a gain since September 16, 1907, of 28 pounds more than when I first started to take the Alternative. I wish I had known of it two years ago as it would have saved me much misery and distress."

"I was suffering from a very serious abscessed lung, which followed a bad attack of pneumonia. My physician and a specialist declared my case hopeless. I cannot but be very thankful to you and the Almighty God for the great blessing and change of health it has brought me."

"Since writing the above statement I wish to say that I have fully recovered my health, having been cured for over three years."

(Signed) Adolph THOS. BELLY, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upholding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and J. C. Perry.

FARMS

Forty acres of fine river bottom land one-fourth mile from Oregon Electric depot, on good rock road 3 1/2 miles from Salem. Adjoins some of the best hop yards in this district. NARRAGANSETT GLIMPSES.

Casino Lunches and Dances—Polo Field and Beach Dresses.

Narragansett, Aug. 8.—Newport may be more stately and impressive, but there is nothing there to approach the general air of festive gaiety that even the casual sojourner feels everywhere at Narragansett. The beach at the bathing hour is a picture worth coming a long way to see, and the bathing itself perfect. While bizarre costumes are the exception in bathing dress, one does occasionally see something a bit spectacular, but the rule is for well fitted one-piece suits of silk or satin, black mostly, worn over perfectly fitting stocking tights, that do not impede the motion in swimming. Touches of color in trimmings and in the coquettish silk rubber caps relieve the one-color note. Most of the caps are in mob shape with a becoming floppy fringe that the wind and waves toss becomingly. Bathing shoes are more worn than formerly, some with cross gartered effects that rival Malverlos famous get-up.

Picturesque Groups. Picturesque groups seated on the sand in daintiest summer attire, shadowed by the odd-shaped parasols that are carried this year, and lovely children in the water and out, make a scene that delights the eyes and at the Casino afterward one sees no end of gay luncheon parties and pretty women in charming frocks, with the well set up men for which this place is famous.

At the Polo Field. The polo field is always a center of interest here and never lacks its gallery of onlookers keenly appreciative of the good plays. The dances, a bit more informal than at the "Summer City" are decidedly livelier and gayer with no end of pretty girls.

A Notable Costume. A notable dress, straight from Paris, as every line of it proclaimed, was of gold and white brocade so rich that the thread seemed to be of bullion, was made on simple directive lines with a coat of lovely lace, white "Ven-

ise" as its only trimming. Brocades by the way are to be faddish for evening dresses and for trimmings next season, and are already considerably worn here, as is always the case with advanced modes. The woman who wants to know what is coming can do no better than to notice late summer toilettes at the more exclusive resorts.

The Latest Neck Dressing. Every well turned out woman these days has a supply of gumps and "Dicksys" with high, well-fitting collars, which can be worn with collarless waists transforming them in a moment into the fashionable high stock effects. Robespierre collars with or without attached jabots are similarly transferable and adjusted to different garments. Either style needs collar supporters to secure the correct effect and none of these is so altogether satisfactory as the spiral "E. V. E." and "Astra" supporters which have both ends soldered so that any rusting or dangerous scratching of the neck is rendered impossible. The newest form of these the "Cushioned E. V. E." which has both ends crocheted in silk or cotton is not only very good looking, but easy to sew on. These come three on a card, from 2 to 3 1/2 inches in length and can be found at any up-to-date notion counter.

Buttons at the Side. Dress closings have shifted from back to front or sides, in fact the side closing is having a great vogue, on all sorts of dresses, and buttons covered with the material of the dress quite rival the crystal and white bone buttons of the moment.

Modish Colors and Mob Caps. In light colors blis, cyclamen, castor, buff and all the creamy yellows can be depended upon to last over, while navy blue, dark Havana brown and black are the dark tones coming. Black and black and white, so far from being dropped are again to the fore in an endless variety of combination.

Mob caps on small women take years from their age, providing they are less than forty, and these are worn indoors and out for day wear and evening according to the materials used. Lingerie styles for morning wear, net with lace frills for dress occasions, with usually flower trimmings or velvet bows as garnitures with these.

WOMAN SICK TWELVE YEARS

Wants Other Women to Know How She Was Finally Restored to Health.

Louisiana, Mo.:—"I think a woman naturally dislikes to make her troubles known to the public, but complete restoration to health means so much to me that I cannot keep from telling mine for the sake of other suffering women. I had been sick about twelve years, and had eleven doctors. I had dragging down pains, pains at monthly periods, bilious spells, and was getting worse all the time. I would hardly get over one spell when I would be sick again. No tongue can tell what I suffered from cramps, and at times I could hardly walk. The doctors said I might die at one of those times, but I took Lydia E. Pinkham's Vegetable Compound and got better right away. Your valuable medicine is worth more than mountains of gold to suffering women."—Mrs. BERTHA MUFF, 503 N. 4th Street, Louisiana, Mo.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female illness known of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
