### \*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\* No More Collar Troubles

The latest machine for finishing the popular turn-down collar is now in operation in our

The outer portion of a collar is separated from the band so that a space is moulded between making a natural and ample tie space, permitting free slippage of the necktie. This is the only method by which collars are turned, without cracking. A trial will convince you that our work is superior. Give us a trial and be convinced,
