## TO LAUNCH FAST BOAT TOMORROW

STEAMER GRAHAMONA, A SWIFT PASSENGER BOAT, FOR RUN FROM PORTLAND TO CORVALLIS, TO BE LAUNCHED AT PORTLAND.

A Portland dispatch of Saturday, August 31, says:

Captain A. W. Graham, dean of the Yellow Stack Line, superintendent of construction, traffic manager, and holder of other titles appertaining thereto, is the author of an innovation in maritime functions inasmuch as he announces that the launching of the steamer Grahamona, at Supple's yards, which event is scheduled for Tuesday, there will be no "kog of nails" or refreshments under any other name, distributed to guests.

In fact the skipper admits that he leans strongly to silent launchings and intimated yesterday that the public would not even be apprised of the hour. But the Grahamona would slide into the water as easily and noiselessly as possible. Some have unfeelingly applied the title of Grandmother to the new steamer because of the similarity of names, but her builder insists that she will be the real kittenish one of the yellow stackers.

The Grahamona is the new steamer built for service on the Oregon City Transportation company's boat line from Portland to Albany and Corvallis and will be installed in the service early this fall as soon as the water reaches the proper stage. It has been especially designed for fast passenger service in connection with the Pomona giving a daily boat service between Portland, Albany and Corvallis.

## THE RECALL IS NOT WORRYING THE GOVERNOR

"Lay on MacDuff and damned be he who first cries hold, enough."

That was Governor West's reply to those who are laying a foundation for a recall movement against him and he declares that it applies to them all. He seems to have but little fear of a recall should an election be called, feeling that he is doing nothing but enforcing the laws on the statute books, and believing that the people will stand by him in the event that the violators of those laws seek to recall him. Further than that he would not discuss the situation.

Dr. R. N. Avison, pastor of the First Methodist church, of this city, last night preached a strong sermon endorsing the governor in his vice crusade. The result of it was the calling together of the congregation by R. R. Ryan and the passing of resolutions endorsing the governor. He has also been endorsed in other churches in the state, and neither the governor nor his friends feel that a recall election can be made effective as it will be a battle between the law-abiding citizens and law violators and in such a fight the first are certain to win.

### Uncle Ezra Says

"It don't take more'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement, will do the same. If ailing take Dr. King's New Life Pills for quick results. Easy, safe, sure and only 25 cents at J. C. Perry's.

## ONLY "CASCARETS" IF CONSTIPATED

SALTS, CALOMEL AND CATHARTIC PILLS ARE VIOLENT—THEY ACT ON BOWELS AS PEPPER ACTS IN NOSTRILS.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

## X-RAYS AND SMILES.

North Bend is complaining of the S. P., which was granted a franchise over its streets on the conditions that actual construction work would begin in 60 days. On the 60th day at noon, a man and team was put at work on the construction, and did a half day's work costing the company three big plunks. The only proviso in the franchise was that the company should commence construction work, and as it always lives up to its promises—it commenced.

Louis W. Hill, of the Great Northern railroad, has been made a member of the Blackfoot tribe by adoption. That's all right as far as it goes and it goes far enough, for to go further would make him a "Blackleg."

Oregon produced more than three million dollars worth of butter last year, and this is only a starter. There will be another cipher added to the figures in the near future.

Medford is to have a 6000 henpoultry farm, a company with \$25,000 capital having been organized to run it. There will be some cackling done down that way, other than that of the real estate boosters.

## SAW OREGON AND IS NOW OPTIMISTIC

San Francisco, Sept. 2.—Greater prosperity for the nation when this year's bumper crops have been harvested and increased activity in all lines of business was the prediction here today of Judge Robert S. Lovett head of the combined Harriman interests, who arrived in San Francisco yesterday from the north.

Judge Lovett declined to discuss legislation concerning the Panama canal. He will remain here four or five days and then proceed by easy stages to New York. He is accompanied by his son, Robert A. Lovett, and Averill Harriman, son of the late E. H. Harriman.

## LABOR HAS A PICNIC IN PORTLAND

Portland, Ore., Sept. 2.—Labor Day was observed in Portland by an all-day picnic under the auspices of organized labor at Crystal Lake Park, near Portland. Thousands attended. There were sports of all sorts, a barbecue and speechmaking. Governor West was on the program to deliver the principal address.

Eugene V. Debs, presidential nominee of the Socialist party, was scheduled to address a large audience in the Gypsy Smith tabernacle this afternoon.

## THE ROUND-UP

Albany's school buildings are taxed to the limit—a rare indication of rapid and substantial growth.

Departments of domestic science and manual training are to be conducted in connection with Albany's schools.

Medford's pear crop, estimated at the beginning of the season at 150 cars, will far exceed that, and will probably exceed 200 carloads for shipment.

The Bull Moozers met at Eugene Saturday afternoon—about 75 were present.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.
