MISERABLE STOMACH TROUBLE ENDED NO BILIOUSNESS OR HEADACHES

Do you feel bright and fresh--as you should feel--when you get up in the morning, do you feel like you have had a good night's rest and like doing a full day's work, or, do you get up all "down and out" and just as tired and sleepy as when you went to bed?

If you do, go to your druggist now and get a bottle of Cooper's New Discovery. Take three doses--one before each meal--and if you don't feel better than you have for many a day go back and get your money.

After taking a few doses of this medicine there will be no dyspepsia and you will not feel the effects of undigested food in the stomach which causes you to have heartburn, sick headache, or dizziness and your food will not ferment and cause the bad odor to your breath. The bad taste in your mouth will leave you and you will feel so much improved that your condition will surprise yourself.

Cooper's New Discovery will take the gas from your stomach and cleanse the intestines, and besides, will prepare the food for assimilation into the blood, the same as a sound healthy stomach should.

You will feel better as soon as you begin taking this medicine. Don't put it off. Remember, if you do not feel better after three doses, go back and secure your money. After using a full bottle of Cooper's New Discovery you will hardly know yourself. For sale by J. C. Perry.

Few, if any, medicines have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

Will the burning campaign issues make more work for the smoke inspector?

Many Driven From Home. Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but it is costly and not always sure. A better way--the way of multitudes--is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by J. C. Perry.

Parimony is a vice that dries up the charity of the heart.

SAVE YOURSELF

There is no reason why you should always be a slave.

If you are desirous of saving yourself or a friend from a drunkard's grave, you cannot afford to overlook the opportunity offered at the Hot Lake Sanatorium for the cure of the liquor and drug habit. Hot Lake mineral baths prepare the body for the treatment and then soothe the nerves and actually remove the desire for the liquor or drug. Hundreds of happy homes in Oregon and Washington today bear witness to the efficiency of the Hot Lake treatment. One week will in most cases effect a cure. Sometimes longer is required, but not often. The best of care is given the patients. For full information, address

DOINGS IN THE CITY OF TENTS

Camp Grounds Bulletin, Saturday, August 31, 1912.
Day opened cloudy with wind still in the south. Indications good for next week.

President Booth, wife and two sons and Dr. Haines motored in from Roseburg yesterday, arriving about 10 p. m. From Albany here the going was difficult and slow owing to the incessant rainfall. They found their camp in excellent condition, thanks to Con Homyer, popular farm superintendent.

Monroe & Crisell, Portland, are beautifying their cottage today with a coat of paint.

Mrs. E. Tilden returned from the Portland races yesterday.

Steve Bailey arrived in last night from Portland with his string of horses.

Mac Kelley and wife, of the Douglas county delegation invited the president and family and the tented city mayor to breakfast this morning. All enjoyed the hospitality extended.

Geo. Hoffick, wife and children came in last night and are at their old location on 29 Downing.

Ed School, of Albany, superintendent of the poultry department, is pitching tent today.

E. L. Thorpe, in charge of the Multnomah county exhibit, together with his son, stretched their tent last evening and are living at No. 50 Moody.

Newton C. Maris, a member of the board, and a resident of Multnomah county, has just returned from eastern Oregon. He was greeting friends among the campers last evening and today.

Campers will kindly refuse to let tools borrowed from the camp ground headquarters go away from the grounds. These tools are kept for your convenience. Remember that there are others beside yourself who have use for a spade, a shovel, a maul, a hoe, a rake, a post hole digger, a back saw, a file, etc.

J. M. Nichols, C. Coon and Dave Strome, Junction City, set up tent this morning. They are at 35, 37 and 39 Moody respectively.

A. C. Ruby, the largest horse dealer on the coast, pitched camp this morning at the corner of Geer and Matlock.

J. D. Gordon, mayor of Newberg, will be in camp tomorrow.

Chas. Rockhill, who has the vegetable concession, will be here with a supply tomorrow. Up to this date the campers have been depending upon the farmers who call.

All trains now stop on flag.
L. M. Herrin pitched camp today and had a lively time. The jackets had pre-empted the lot during Mr. Herrin's absence of twelve months.

GOVERNOR IS GOING AFTER BOOTLEGGERS

Every shipment of liquor into "dry" territory will be labeled and a description of it, together with the name of the consignee, posted at the place of destination for the benefit of peace officers, if Governor West has his way, for that is the plan that he has outlined for ending the reign of bootlegging in the dry counties of the state.

Breweries and liquor dealers have gone on record as not desiring to sell liquor to bootleggers, and the governor intends, by this plan, to give them a chance to make good, if they are sincere. He asserts that if they are sincere that they can offer no possible objection to labeling shipments of liquor sent into dry territory. Then the carrier, if the company is sincere in not desiring to abet in the crime of bootlegging, by carrying the shipments into the dry territory, will be willing to post a description of the shipment, together with the name of the consignee, he says. He further asks that the shipment be held for a day at its destination, so that the peace officer may determine what it is to be used for. If it is for private use then let it pass, he says, but if for bootlegging purposes, interfere with its delivery.

The Roseburg Brewery & Ice Co. has been indicted, or some of its officers have, for selling beer, when it was presumed to manufacture and sell near-beer. The governor has directed the district attorney to begin action against it.

Letters received by the governor from Sheriff Stevens, of Multnomah county, were made public by him yesterday. They were in reply to letters sent the sheriff by the governor. In one the sheriff says that, in view of the fact that Tom Ward was appointed special agent, declined to accept the position, there needs nothing be said. In others he says he is willing

to do everything possible to enforce the law, and that anything in the way of evidence that the governor will present will be welcomed. He cautioned him, however, to not make such evidence public in newspapers before it was given to him, as that gives the violators of the law an opportunity to get away.

PLAY GROUND APPARATUS IN THE SCHOOLS

Accepting an offer to use the apparatus of the Playground association in the schools this year, the school board will now distribute it among the different schools, and after it has made an experiment with it will probably be able next year to adopt a definite playground policy for the schools.

Effort towards prevailing upon the board to adopt a definite policy has been exerted for some time. The board, however, declines to commit itself until it has fully investigated. The use of the apparatus in the schools during the year it is believed, will enable it to make up its mind whether such a policy is for the good of the schools, and also as to what kind of a one is to be adopted, if they decide in favor of it.

Miss Randolph and Miss Florence Akin presented their resignations to the board, and they were accepted. Miss Alma Pohle was selected to take the place of the first named, but the other place still remains vacant.

Bids for the construction of 1000 feet of cement sidewalk were opened, but the board was unable to determine which was the best, and action on the subject was deferred.

Machinery to the extent of \$799 for Professor Bonnell's manual training department was ordered.

Dr. J. N. Smith re-elected as school physician, and it was decided to appoint a special committee to work out a system of medical supervision for the schools.

The Men Who Succeed

As heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at J. C. Perry's.

Notice of Intention to Construct a Trunk Line Sanitary Sewer Through Portions of Depot Addition and Oak Lodge Addition to Salem, Oregon, and Certain Acreage Tracts Lying South of the County Road Leading From Salem, Oregon, to Turner, Oregon.

Notice is hereby given that the common council of the city of Salem, Oregon, deems and considers it necessary and expedient and proposes to construct a trunk line sanitary sewer as an extension of what is commonly known as the South Salem sewer system through portions of Depot addition and Oak Lodge addition to Salem, Oregon, and certain acreage tracts lying south of the county road leading from Salem, Oregon, to Turner, Oregon.

Said trunk line sanitary sewer extension shall be known and designated as "Sub-trunk Sewer A," and the cost of constructing the same, together with 5 per cent of the cost added for engineering and other incidental expenses, shall be assessed on the property directly benefited by the construction of said Sub-trunk Sewer A, the boundaries of which said property is included within the boundaries and limits described as follows, to-wit:

Commencing at the east line of the Oregon & California Railway Company's right of way at a point opposite the alley in block 14, Depot addition; thence southerly along the east line of the Oregon & California Railway Company's right of way to the south city limits; thence easterly along the south city limits to the east line of lot 8 in Rural Home Tracts; thence northerly along the east line of lots 8 and 4, Rural Home Tracts; thence northwesterly along the center of the Turner road to the east line of Simpson's addition; thence northerly along the east line of said Simpson's addition to the center of block G, Simpson's addition; thence westerly along the center of said blocks G and F of street; thence easterly along Cross street with a 12-inch vitrified pipe through Oak Lodge addition and Cross said addition to 24th street; thence northerly along 24th street to Bellevue street; thence westerly along Bellevue street to the middle of block 1, J. Myers' addition; thence southerly along the center of blocks 1, 9 and 10, J. Myers' addition to Hyde street; thence westerly along Hyde street to the Turner road; thence northwesterly along the Turner road to a point opposite the alley in block 19, Depot addition; thence westerly through block 20, opposite the alley in block 19; thence through alley in blocks 19, 18, 17, 16, 15 and 14, Depot addition, to the Oregon & California Railway Company's right of way.

Said sub-trunk sewer A shall be constructed in accordance with the plans and specifications for the same heretofore adopted by the common council of the city of Salem, Oregon, by resolution No. --- and on file in the office of the city recorder, reference to which plans and specifications for a more detailed description of said sewer is hereby made and the plat, profile and detail of plan of sub-trunk sewer A in South Salem sewer district are hereby referred to and made a part of this notice, the said sub-trunk sewer A is particularly described as follows, to-wit:

Beginning at the manhole on the east side of the Southern Pacific Railway company right of way which said manhole is the termination of the 14-inch main trunk sewer, a part of the South Salem sewer system and is located at a point in Depot addition on the center line of Waller street in Yew-Park addition to Salem, Oregon, projected, at the intersection thereof with the east line of said right of way of the Southern Pacific Railway company; running thence southerly with a 12-inch vitrified sewer pipe to the intersection of Hines street to a manhole; thence easterly along Hines street with a 12-inch vitrified pipe to a manhole in the intersection of Fourteenth street; thence southerly along Fourteenth street with a 12-inch vitrified pipe to the intersection of Cross street extended, to the east line of the land now owned by George F. Rodgers of Salem, Oregon, to a manhole; thence from said manhole with a 10-inch vitrified pipe in a southeasterly direction on a straight line to a point and manhole which is located on the west line of lot 6 Rural Home Tracts and 350 feet north of the south line of said lot 6, Rural Home Tracts; thence south with an 8-inch vitrified pipe along and upon the west line of lots 6 and 7, Rural Home Tracts a distance of 400 feet and terminating in a manhole.

Remonstrances and objections may be filed against the construction of said proposed sub-trunk sewer A in South Salem sewer district at any time within ten days from the date of the final publication of this notice.

This notice is published for a period of ten (10) days by order of the common council of the city of Salem, Oregon, the date of the first publication being the 27th day of August, A. D. 1912, and the final publication being the 7th day of September, 1912.
