The Best Display of WOMEN'S COATS

The general comment made on our display of Fall and Winter Coats is that in every way it eclipses any showing ever made in this department. The variety is so great and the range of prices so comprehensive, that we can satisfy any taste or any purse, and besides, in this section and in the Women's Suit section we are offering some special values that cannot be duplicated elsewhere at our very low prices.

The Showing of Coats

Includes Panier, Ruff Neck and Deep Cafe effects, and may be had in Chinchilla, Zibeline, Broadcloths, Boucle, Serges, Cheviots, Diagonal Mixtures, Double faced materials, Plush, Caracul, Persian and Balkan Lamb, etc. All the popular materials being shown in Black, Navy, Brown, Tans, Greys, Cream and Mixtures.

School

In a few days, and the question arises, Are your child's eyes all right? The best way to determine is to have a thorough examination of their eyes to see just what condition they are in. Don't start them off by being handicapped with being unable to see properly or nervous. Give them at least as near equal chances with the rest of the children. You can do it, and it is up to you.

Remember that I am especially fixed for that purpose, and guarantee all my work. I am able to refer you to nearly sixteen hundred people, and among them over two hundred children, that we have corrected their eyes since locating in this city. No extra charge for examination.

An Old Newspaper

N. T. Bowers, of Route 6, who has been a resident of this section for many years, was in the office this morning and showed a copy of the Vancouver Telegraph Vol. 11, No. 24, of date December 20, 1861, and containing President Lincoln's message. The copy is printed on canvas, and is certainly a valuable souvenir.
