Guaranteed under the Food and Drug Act.

Exact Copy of Wrapper. THE CENTAUR COMPANY, NEW YORK CITY.

WOOLEN MILL AT STAYTON TO START SOON

(Stayton Mail.)
John P. Wilbur, the well known woollen manufacturer, who recently purchased the defunct Stayton mill, came to town Friday and states that he will at once re-open the mill. This announcement is in keeping with what Mr. Wilbur stated was his intention at the time of securing the mill. Incidentally it forms the most welcome and important bit of news which this city has had for some time. Mr. Wilbur declares that he is here to stay, and that the mill will at once be put in operation, probably within two weeks.

The industry will be carried on under the title of the Santiam Woollen Mills, a corporation capitalized for \$50,000. Mr. Wilbur is president and manager of the concern, and will spend his entire time here, in personal charge of the mill. The capital stock is fully paid in.

The mill property is at present undergoing a thorough overhauling under the directions of J. H. Evans, of Salem, an expert woollen mill man, who has been assigned to the position of foreman. Mr. Evans, who has already been engaged in the manufacturing business with Mr. Wilbur for several years, will remain here permanently, and is arranging to locate his family in Stayton.

For the present it is the intention simply to put the old machinery of the mill in running order, and then displace it as rapidly as practicable with new and more up-to-date models. Considerable new machinery has already been ordered, including a napping machine, a dryer, and picking machinery. These will have to be specially constructed in the east, and several months will probably elapse before they can be installed. It is planned to add new looms at some future date.

In regard to the number of persons the mill will employ, Mr. Wilbur stated that probably not more than half a dozen would be put on when the mill first opened. Additions to this number, however, will be made as rapidly as possible, and within three or four months the total number employed will run over the forty mark. When run to its full present capacity, the mill will give work to fifty people. A few skilled workmen will be brought in from the outside, but for the most part it is the intention of the management to employ local people.

Mr. Wilbur stated that the mill would purchase all local wool offered. Willamette valley wool, however, is only suitable for manufacturing certain grades of goods, he said, and the bulk of the wool used here will come from Portland.

The finished product turned out by the local mill will command a market throughout the United States, and also in the Orient. The Santiam Woollen mill will be a manufacturer of high grade blankets, Mackinaws, batting and mattresses, and will be the largest exclusive maker of wool blankets on the Pacific Coast.

We believe that the advantage which will accrue to Stayton through the operation of the mill is too obvious to need comment. It is interesting, however, to know that Mr. Wilbur purposes benefiting the town in every way possible in the conduct of his enterprise. In an interview this week he said:

"I want the co-operation and friendship of all local people. I want everyone to realize what this industry will mean to the town. Once I have placed the mill in operation it will never stop. When run at full capacity the mill will turn out goods to the value of \$150,000 a year—goods that will be shipped out and paid for with outside money that will be distributed here. I think the benefits of the enterprise speak for themselves."

LOUIS W. HILL'S BRIEF COMMENTS ON OREGON

Western cities are fortunate that lumber and timber business is picking up.

Wonderful crops of grain and alfalfa found in eastern Oregon.

Crops in foothills of the Willamette cannot be excelled anywhere.

Easy to prepare for land shows. Everything that grows looks like a prize-winner.

Room in eastern and western Oregon for thousands of families.

Portland will have years of prosperity outfitting and supplying vast timber districts. Volume of this business will increase rapidly.

Coming fall state and county fairs will be an education to the coast cities themselves.

Oregon's wonderful diversity of resources should be exploited in the east by taking advantage of various land shows.

Linn county probably has a greater variety of grains, fruits and vegetables and various other products than any other state in the Union outside counties of Oregon and Washington.

Noticeable increase in inquiry for Oregon homes and Oregon lands.

Plans to be present at Eugene when city celebrates coming of Oregon Electric Railway next month.

WORST STOMACH TROUBLE ENDED.

NO INDIGESTION, GAS, HEARTBURN OR DYSPEPSIA FIVE MINUTES AFTER TAKING "PAPE'S DIAPEPSIN."

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and over come a sour, gassy, or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

X-RAYS AND SMILES.

There was considerable rain yesterday, considering that it was the first Fair day we have had for some time.

The roof is being put on the new depot of the Oregon Electric at Albany. From the weather conditions, the horse editor is of the opinion it is probably needed.

A French medical student, when his sweetheart died, made a drinking cup of the lady's skull. There is no accounting for taste, or the caparries of love.

The prayers of an aged Los Angeles religious fanatic for death, were answered favorably yesterday. This, however, is not encouraging to most people, to indulge in prayer.

A number of our exchanges are worrying over what would happen if none of the candidates for president got a majority. The horse editor suggests that they wait until it happens.

Anyway, if the crops are slightly damaged by the rains, the forest fires are prevented, so things are kind of evened up.

That vice crusade has resulted in two of the most prominent characters being made the subject of recall, the governor and District Attorney Cameron. None of the Portland things attacked have been recalled so far.

NINETEEN PAROLES AND TWO PARDONS RECOMMENDED

Nineteen paroles and two conditional pardons were recommended to Governor West by the State Parole Board at a meeting held at the state penitentiary yesterday afternoon.

Members of the board say those recommended for paroles are principally prisoners who have been trustees and honor men on the outside, and that no cases of importance are involved.

What We Never Forget

According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at J. C. Perry's.

Many a woman can be won with a little brass who cannot be bought with gold.

Uncle Ezra Says

"It don't take more'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement, will do the same. If ailing take Dr. King's New Life Pills for quick results. Easy, safe, sure and only 25 cents at J. C. Perry's.

It sometimes happens that the silent vote makes the biggest noise.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

DETECTIVES TO INVESTIGATE DYNAMITING

(UNITED PRESS LEARNED WIRE.)
Washington, Sept. 2.—Secret service operatives today were sent to Lawrence, Mass., to aid United States District Attorney French in the investigation of the "planting" of dynamite during the life of the textile strike there. The government is making an especial investigation of the charge that dynamite was tied to a freight car last February.

Gets After a Saloon.
In his law enforcement crusade Governor West delivered another blow in Marion county today when he directed the board of county commissioners to revoke the license of a saloon man running a saloon on the Marion county side of the river, just opposite Newberg.

Newberg is dry territory, and complaints have come to the executive that this saloon was selling liquor to people there, depending, in fact, on that trade for its existence. To begin with he named the Newberg and Polk county officers special agents with authority to proceed against it, but he now has reached the conclusion that, under the law, the saloon keeper can be made to forfeit his license.

Complaints have been received of the saloon and other laws being violated in the county and the city, and it will not be surprising if the governor directs a body blow against some of them soon.

State of Ohio, city of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, county and state aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY,
Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1886.
(Seal) A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.
Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

The mayor of Roseburg impugns the governor's motive in ordering the district attorney to proceed against the Roseburg Brewery & Ice Co.—says it was done to prejudice the public against the firm in its trial which is called for today.

T. L. Parks, Murrayville, Ga., Route 1, is in his 73d year, and like the majority of elderly people, he suffered with kidney trouble and bladder weakness and urinary irregularity. He says: "I have suffered with my kidneys. My back ached and I was annoyed with bladder irregularities. I can truthfully say, one 50c bottle of Foley Kidney Pills cured me entirely." They contain no habit forming drugs.
