**HOLD OFFICERS  
UNTIL AFTER  
THE ELECTION**

Holdover postmasters at Salem, Woodburn, and Stayton will remain in office until after the next general election at least, according to a statement made by Representative Hawley, who has just returned from Washington.

The Salem postmastership has been on the principal political bones of contention in Salem for the past two years. Since April, 1910, Squire Farrar, the present postmaster, has been holding over after the expiration of his appointment. Over a dozen applicants have had their names in for the position, but under the policy of the postoffice department to postmasters until they are shown to lack in efficiency he has remained in the position. No change will be made until after the presidential election, if one is made at that time.

**RYAN PLEASED WITH RESULTS IN VERMONT**  
[UNITED PRESS LEASED WIRE.]  
 Lincoln, Neb., Sept. 4.—William Jennings Bryan, whose work at the Baltimore convention was largely responsible for the nomination of Governor Wilson, sees victory ahead for the democratic nominee for president as a result of the Vermont election.

"The Vermont results," Bryan said here today, "indicate a heavy increase in the democratic vote and a hopeful division in the republican ranks. The outlook is encouraging."  
 Bryan also said he was pleased with the result in Ohio.

Notice is hereby given that the common council of the city of Salem, Oregon, deems and considers it necessary and expedient and proposes to construct a trunk line sanitary sewer as an extension of what is commonly known as the South Salem sewer system through portions of Depot addition and Oak Lodge addition to Salem, Oregon, and certain acreage tracts lying south of the county road leading from Salem, Oregon, to Turner, Oregon.

Said sub-trunk sewer A shall be constructed in accordance with the plans and specifications for the same heretofore adopted by the common council of the city of Salem, Oregon, by resolution No. — and on file in the office of the city recorder, reference to which plans and specifications for a more detailed description of said sewer is hereby made and the plat, profile and detail of plan of sub-trunk sewer A in South Salem sewer district are hereby referred to and made a part of this notice, the said sub-trunk sewer A is particularly described as follows, to-wit:

Beginning at the manhole on the east side of the Southern Pacific Railway company right of way which said manhole is the termination of the 14-inch main trunk sewer, a part of the South Salem sewer system and is located at a point in Depot addition on the center line of Waller street in Yew Park addition to Salem, Oregon, projected, at the intersection thereof with the east line of said right of way of the Southern Pacific Railway company; running thence southerly with a 12-inch vitrified sewer pipe to the intersection of Hines street to a manhole; thence easterly along Hines street with a 12-inch vitrified pipe to a manhole in the intersection of Fourteenth street; thence southerly along Fourteenth street with a 12-inch vitrified pipe to the intersection of Cross street extended, to the east line of the land now owned by George F. **A BLOCK IN MILWAUKIE IS BURNED**

Fire believed to have started in the rear of the Milwaukie Appeal print shop at 1 o'clock Tuesday morning swept one entire block on Main street between Washington and Jefferson streets at Milwaukie, Or., a suburb of Portland, doing damage estimated at \$50,000. The fire razed the entire block, including the postoffice. Only the Bellwood fire apparatus from Portland was able to reach the scene. Water was pumped from the river to quench the flames.

Wires from all parts of the town, except the Milwaukie or Bobby Burn tavern and the O. W. P. repair shops, were down and aid was summoned with difficulty.

The flames ate one entire block comprising five frame buildings, two store buildings and damaged property adjoining on the opposite sides of the streets.

The principal losses in buildings and property furnishings are:

O. Wissinger, two-story frame grocery and mercantile store, \$5000 furnishings, \$5000. Another frame building owned by Wissinger and used as a hay and feed store, \$2000.

Odd Fellows and Woodmen of the World hall, two-story frame building, built in 1892, loss \$5000.

Postoffice building, owned by John Wetzler, two-story frame, loss \$10,000. The postoffice furnishings were lost, valued at \$2000.

Tailor shop owned by Lautan Schlager, loss \$500.

Print shop, Milwaukie Appeal, with presses and stock, loss \$5000. Building completely destroyed.

Two-story frame building owned by Lew Albee, furniture loss \$500.

H. M. Van Horn, trouble man at the telephone exchange, was buried about the hands in fighting the fire at the telephone building, which was burned but not put out of commission.

of 95 feet 2 1/2 inches. The navy department does not think it wise to make this any bigger, in view of the fact that the Panama canal locks will only accommodate vessels of 110 feet beam.

Some idea of the size of the new dreadnought may be gained by the fact that there are now only three dry-docks in existence which would accommodate her—the navy docks at New York, Norfolk and Puget Sound. The Pearl Harbor dock, at Honolulu, now being built, will easily hold the new fighter.

**GOLD IS DISCOVERED NEAR LAKEVIEW**

Another discovery of mineral deposit was recently made in Crane Creek canyon about eight miles south or within about thirty minutes' auto ride from Lakeview. The discoverers are John and Frank Duke, Mr. Feeler and T. E. Bernard.

Mr. John Duke is a miner of experience and was identified with the early history of Goldfield, Nevada, and has made examinations of many mining camps over the west. He has spent several weeks prospecting over the vicinity of Crane Creek and has with his associates opened a 200-foot ledge, un-picked samples from which show a gold value of \$24 to the ton and \$240 in silver. W. S. Moore, of New Pine Creek made the assay. Samples were also sent to outside points for assays but returns have not been received.

The opening of this deposit is evidence that the High Grade district reaches far into Oregon, as well as the possibility of having mines within a very short distance of our city.—Lake County Examiner.

**HIS RESIGNATION IS A CONFESSION**

The resignation of Judge Hanford on the eve of his impeachment for malfeasance in office is neither proof of the efficacy of impeachment under ordinary conditions, nor of the physical illness of the ex-judge. The public in general will take it to mean confession that the charges as specified were true. But will this resignation, or impeachment trials now pending, save the judiciary of the land from control by the hand of the people? There is no more dangerous or revolutionary theory than that which holds that investiture with high office renders a man something apart from the people. Admitting the contention that occasionally the people will misuse the judicial recall, is it not to be preferred that they should do so, rather than that the bench be able flagrantly to thwart the will of the people?—Farm, Stock and Home.

**ANOTHER BLIND PIG CAUGHT IN ALBANY**

Albany, Or., Sept. 5.—Locating two barrels of bottled beer and 72 bottles of whisky in a vacant storeroom at 205 East First street yesterday, Chief of Police Daughtry confiscated the liquor and destroyed all of it.

Daughtry saw a barrel of beer unloaded in the rear of the cigar store of J. D. Kennedy, when when he searched the place a few minutes later he could find nothing. He tried a door which led from Kennedy's place into a vacant storeroom adjoining, but found the door locked from the opposite side. Later he found a string hanging down the wall which on being pulled released a spring lock and opened the door. In this room Daughtry found the liquor and also nine barrel of empty bottles. Employees of Kennedy's store disclaimed the ownership of the confiscated property.

A banquet and reunion of U. of O. graduates was held at Medford Wednesday night, with 50 at the tables. Several addresses were made.

**THE GREATEST BATTLESHIP IN THE WORLD**

Washington, Sept. 4.—The battleship Pennsylvania, the one battleship authorized in the recent naval appropriation bill, will not only be the most heavily armored and armed battleship but the fleetest vessel of her class in the world.

According to plans already decided upon by the navy department the specifications for the new terror of the seas will probably call for a maximum speed of perhaps 25 knots per hour, secured by an increase in length and draft over those dreadnoughts now building. This increase will give additional room for machinery, greater engine efficiency, and thus greater speed.

The new vessel will be 630 feet in length, 95 feet longer than the Oklahoma and Arizona, just now the largest ships, in process of building.

Although speed will be an essential in the new battleship, the navy department does not intend to sacrifice armor for speed. The Pennsylvania will be protected by plates of steel of the same thickness as that on the Oklahoma and Arizona, and in addition a 16-inch plate will extend over a larger portion of the hull and give greater protection under the water line.

The Pennsylvania will have a beam

**HAPPY THO' MARRIED?**

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the ill-temper, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so bad that I was a misery to me," writes Mrs. R. T. Duckworth, of Utica, Ohio, Esq. 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed', and have never suffered such since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money disposing with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.
