## REBEL GENERAL SAYS HE WILL KILL EVERY AMERICAN FOUND IN MEXICO

## IF UNCLE SAM INTERVENES HE WILL UNITE HIS FORCES WITH THOSE OF FEDERALS

General Zapata With 5000 Insurgents at His Command, Imagines He is "It," and Talks Sassy--He Issued Ultimatum to Madero This Morning, Calling Him a Traitor and Demanding That He Leave the Country--Rebels Concentrate 1800 Troops and Prepare to Make Attack on Agua Prieta.

(UNITED PRESS LEASED WIRE.)

Mexico City, Sept. 18.—"I shall capture the City of Mexico and force Madero to flee. If the United States intervenes, I will kill every American within reach, join my forces with the government soldiers and fight the common enemy of the north."

This is the statement attributed to General Emilio Zapata who with approximately 5000 insurgents, is threatening the capital of the southern republic.

An ultimatum was issued to Madero this morning by Zapata, in which the latter ordered him to leave the city, saying:

"You have betrayed your country and I demand that you resign and leave the country forever."

### Rebel Forces Unite.

Douglas, Ariz., Sept. 18.—Telephone messages received today by M. G. Hernandez, ranch owner, state that General Alaniz with 700 rebels has effected a juncture with General Salazar's force of 500 insurgents and General Rojas' force of 600 at Colonia Morales, making a total concentrated rebel force of 1800 at this point.

General Alaniz crossed from Chihuahua into Sonora several weeks ago, since which nothing has been heard of him, until this latest report.

The news came to Hernandez who is in Douglas, from his family at Cuchoverachi ranch near the American border. The message stated that ten of Alaniz's scout ate breakfast at the ranch. The scouts refused to say anything about the rebel plans, fearing the federal officers might hear of it, but this concentration is taken to mean a real attack upon Agua Prieta and Nacozari.

It is now certain that the rebels are in such force that they will not be frightened out of the state of Sonora, as urged by General Sanjines, the federal commander. Sanjines will take the field late today with his entire force.

## NO IMMUNITY BATHS.

Washington, Sept. 18.—To avoid giving "immunity baths" the department of justice admitted this afternoon that it would not call any of the magistrates of the harvest trust to testify at the hearings now being held in Chicago. This means that Geo. W. Perkins, Judge Elbert H. Gary, Charles Deering and Cyrus and Harold McCormick probably will not be permitted to testify. It was also admitted that criminal prosecutions are possible for alleged violations of the trust law.

## THOUSANDS ATTEND HIS FUNERAL

FIFTY THOUSAND MOURNERS FOLLOW THE COFFINS OF GENERAL NOGI AND HIS WIFE--HUNDREDS OF THOUSANDS STOOD IN DEAD SILENCE AS CORTEGE PASSED.

(UNITED PRESS LEASED WIRE.)

Tokio, Sept. 18.—With 50,000 mourners behind their coffins, the bodies of General Count Nogi and his wife, who committed harikari here, during the funeral of Emperor Nutsuhito, were borne from their modest residence in Akasaka today and buried in Aoyama cemetery.

The throng which watched the funeral was nearly as great as that which attended the obsequies of the dead Mikado. As the gun carriage on which Nogi's body was borne to the tomb was followed through the streets of the city by the bearers containing the remains of his devoted wife, hundreds of thousands stood in dead silence as the cortege passed.

Nogi's pall-bearers were admirals of the navy and generals of the army of Japan, while in the funeral procession marched scores of Japanese nobles and a regiment of infantry acted as escort to the dead Samurai, who shed his own life as a last tribute of honor and respect to his dead emperor.

All the foreign envoys to the funeral of Nutsuhito took part in the funeral parade of Count Nogi except Secretary of State Knox, the representative of the United States, who was absent from the city.

Arriving at the Aoyama cemetery, Count Nogi and his countess were honored by performances of the full Shinto rites, hundreds of the nobles and soldiers who had served under the famous warrior paying homage to his spirit. The ceremonies were concluded when the infantry escort fired three volleys over the grave of the man who took Port Arthur and broke the power of Russia on the Pacific.

## WOMEN NOT ELIGIBLE FOR COUNTY OFFICE

A young lady in Jackson county, with ambitions to become county school superintendent, had her hopes in this direction blighted today when Attorney-General Crawford rendered an opinion holding that the county clerk had a right to refuse to put her name on the ballot, on the ground that she is ineligible to hold office.

The suffrage amendment is to be voted on this fall, and, figuring apparently that it will pass, the young lady became a candidate. If she could have gotten her name on the ballot, and been elected, and the amendment should have passed, it is conceded that she would have been able to qualify. She failed, however, to take into consideration the fact that the county clerk could decline to put her name on the ballot.

The Best of Cream. Portland, Ore., Sept. 18.—Police noticed the quality of cream at Steve Alex's restaurant. They went in, drank two pitchers of "cream," got a good jag on and arrested Alex for selling whiskey with the Sunday morning breakfast.

The Progressive party convention held at Salem was composed of about 130 delegates. They are earnest and intelligent men, most of them strangers to political arts and while easily swayed by skillful managers, were anxious to do the right thing and animated by good intentions.

High honors went begging, and at one time the nomination for justice of the supreme court would have been tendered to a Salem man but he was already nominated for presidential elector and could not have taken it.

J. Frank Burke, former head of the Anti-Saloon league of Portland, was easily the dominating spirit of the convention. Bruce Dennis, of La Grande, former chairman of the republican state central committee, tried to inject some practical work into the proceedings, but was shouted down by the more zealous leadership of the new converts.

The Afternoon Session. Stanfield McDonald was made sergeant-at-arms to clear the floor of all those who are not entitled to vote as Progressives.

L. H. McMahan reported as chairman of the committee on credentials. He took the platform amid cheers and applause. All who signed the roll were reported as delegates and he moved that none others be allowed to participate in the convention. Carried. Mr. Poyay moved that as names are called each one arise. Carried.

Mr. Brown moved that all retire to rear of hall and come forward as called. "We are not going to have any monkey business," said Brown. So all went to rear of hall and came forward as their names were called.

Leaders Given Ovals. Geo. F. Rodgers and Chairman A. E. Clark were given an ovation when their names were called and they walked forward.

Now certain that all but the faithful had been excluded, the convention went forward. The temporary organization was made permanent.

The committee on resolutions reported, adopting the regular Chicago Progressive platform as printed. The committee also reported a resolution to nominate five presidential electors. Adopted.

Then the Fight Began. Resolution favoring nominating a United States senator and congressman. Majority report signed by four. Bruce Dennis made a minority report in favor of accepting the nominees of the Direct Primary law. He moved to substitute the minority report for the majority report.

J. Frank Burke moved to amend the majority report to put a complete state ticket in the field. (Applause.) A motion to grant unanimous consent to Mr. Dennis to explain his minority report was lost.

The motion to table the minority report carried. The Burke amendment was then taken up, to put a full ticket in the field. The ticket is to be made up of "men known to be affiliated with the Progressive party by their own declarations, and none others."

David Gross, a Hungarian Jewish-American, from Portland, spoke against the amendment.

Mr. Sweeney made the point that this resolution would condemn the candidates nominated last June by the same voters who nominated Roosevelt.

Bruce Dennis warned the convention that unless it put out a full ticket the people would say the Progressives were playing favorites. (Applause.) Ben Risley said there was no use blocking out the Progressive party to

do good to the republican party or any other party.

A delegate from Washington county sustained the contention of Mr. Dennis. This convention could not condemn thievery in Chicago and practice false pretenses ourselves. He was for a county and a township ticket as well.

On division the Burke amendment was declared adopted, making it incumbent on the convention to adopt a full state ticket.

Mr. Burke moved that five electors be named by a committee and all other nomination be made from the floor.

The Yankowitz Joker. Harry Yankowitz made the point that this convention must resolve it-back into an assembly of 100 voters. He moved that this be done.

Oliver M. Hickey, L. H. McMahan and Geo. F. Rodgers protested against this. Mr. Rodgers said "let us not make ourselves ridiculous. This should not degenerate into a farce. Sanfield McDonald said, "let us not be a lot of boobs." He appealed to the decision of the chair.

"With all due deference to Mr. Yankowitz, etc.," he chair must rule that he is out of order.

"I accept the ruling, but I disagree with the ruler," said Yankowitz.

Mr. Burke moved that the five candidates named presidential electors be the candidates for presidential electors.

Dr. Coe demanded that this convention put up a ticket from top to bottom. (Applause.)

Wanted the Real Thing. Mr. Barker of Roseburg, thought that there should be a real Progressive policy and a Progressive ticket from top to bottom.

Dr. Hatteman, of Jackson county, gave his political history. He was three years ago a democratic member of the South Dakota legislature. Now he was a Progressive republican. "If we go down in this fight, let us go
