ARCHBALD AND TEDDY TO TESTIFY

Washington, Sept. 19.—John D. Archbold, president of the Standard Oil company, probably will be the first witness called before the senate committee which is investigating campaign contributions when the hearings are resumed here September 30. Archbold will amplify his testimony at a former hearing, when he asserted that the Standard Oil company contributed \$125,000 to Colonel Roosevelt's campaign in 1904.

Roosevelt, who asserts that if the contribution were accepted it was without his knowledge or consent, probably will follow Archbold on the stand. George B. Cortelyou and William Loeb, Jr., both former private secretaries to Roosevelt, will testify.

SUSPECTED OF ROBBERY PLACED UNDER ARREST

San Francisco, Sept. 19.—Louis Kirschman, aged 23 years, suspected of being the bandit who held up and robbed two San Mateo cars and seriously wounded Charles N. Kirkbride, city attorney of San Mateo, is held at Redwood City today. He was arrested in a field near Halfmoon bay. The prisoner strongly denies his guilt. The police say he fits the description of the holdup man, and are holding him for further identification by passengers who were aboard the cars which were held up.

Make Your Liver Work!

Lazy, sluggish livers are cess-pools in the human system. Poisonous waste accumulates—then is carried, by the blood, to every part of the body, causing serious illness—sometimes death! Liver trouble is indicated by a yellowish skin—dropsical condition of the abdomen—stills, followed by fever and profuse perspiration—nausea, vomiting—heavily coated tongue, and scanty urine.

Hollister's Rocky Mountain Tea is an ideal remedial agent for all liver troubles—gently expelling all poisons, toning the system—making you well and healthy, and keeping you so. Hollister's Rocky Mountain Tea is a perfect blend of simple roots, medicinal herbs, leaves and seeds—sold by all druggists, at 35c a package—making 100 cups of true health beverage. The **Magistrate** (Tablet form), if you prefer—same price.

PANAMA CANAL

(Continued from page 1.)

one lock at Pedro Miguel and two locks at Mira Flores, on the Pacific side. Each lock will have a usable length of 1000 feet and a width of 110 feet, which will be the minimum width of the canal.

The canal will be 50 miles long from the deep water of the Caribbean sea to the deep water of the Pacific ocean, and the width of the channel will vary from 1000 feet south of the Gatun locks to 300 feet near the Pedro Miguel locks. The minimum depth will be 41 feet.

In several places several boats in the canal will be able to pass abreast. The reason the canal will not be in use for commercial purposes until December, 1914, is because numerous tests of the locks and gates are to be made to insure perfect working before large vessels are permitted to pass through.

The World to Participate.

It is further announced that all the navies of the world are to be invited to participate in the formal opening of the canal, and that representatives of all governments are to be invited to attend and participate in the elaborate ceremonies of the occasion. The president is expected to attend in person, and practically the entire navy will be mobilized at the gates between the two oceans.

The total amount expended on the canal to date is given in the official announcement as \$283,874,000. The canal bill passed by congress authorized the issuance of \$375,000,000 in bonds. Owing to the excellent condition of the government funds, only \$138,000,000 of these bonds were issued, and the rest of the expense was taken out of the general treasury fund. It is predicted that no further issue of bonds will be necessary.

Did Wife Prompt Him?

Portland, Ore., Sept. 19.—Albert McGilvery was arrested on a charge of having broken into a warehouse, and securing everything else, walking off with four heavy flatirons.

Worth a Dollar Each.

Los Angeles, Cal., Sept. 19.—Three hundred sermons \$300—was the ruling of Superior Judge Walter Bordwell in a damage suit against the Southern Pacific by Rev. A. Feibel-bern, of Portland, Or., for the loss of a trunk containing the sermons.

When the exception is good, make it the rule.

The man who withholds a truth is a traitor to his race.

A LITTLE SENTIMENT FOR TEDDY

Atlanta, Ga., Sept. 19.—A sentimental treat is planned here for Colonel Roosevelt by Southern progressives when he visits Atlanta the latter part of this month.

After considerable difficulty, C. W. McClure, of Atlanta, member of the progressive national committee from Georgia, has obtained the little crib which held the mother of the progressive nominee while she was lulled to sleep by the lullabies of "Mammy Grace," the late Mrs. Roosevelt's negro nurse.

The crib, with its high railings of slender spindles and knobbed posts, was found in Rosewell, where the Colonel's mother was born. McClure has an affidavit from "Mammy Grace" that the crib is the one used by Colonel Roosevelt's mother as an infant.

PACIFIC MAIL COMPANY MAY QUIT BUSINESS

San Francisco, Sept. 19.—Reports that the Pacific Mail Steamship company, whose steamers have served the port of San Francisco since 1848, is to discontinue business when the Panama canal is thrown open were freely circulated in the business district here today. The reason given is that the passage of the Panama canal bill will prevent the company, which is a subsidiary of the Southern Pacific railroad, competing with independent steamship lines.

Pacific Mail officials refused to confirm the report, although they admitted they had cancelled orders calling for the construction of four 35,000-ton passenger and freight steamers. The \$15,500,000 borrowed for this purpose has been returned by the company to the lenders, it is said.

COLONEL KNEW HER AT SIGHT

Rocky Ford, Colo., Sept. 19.—Changes wrought by 30 years were penetrated by Colonel Roosevelt at La Junta today, when he espied a daughter of a Mrs. Roberts, whom he had known when ranching on the Little Missouri, nearly 31 years ago.

"Come up on the platform with me," Roosevelt shouted in characteristic style. "I knew this lady when she was only a little codger. Her mother was one of the finest women I have ever known. She used to give me buttermilk, and let me tell you, boys, it was the finest made on either side of the Little Missouri."

The progressive nominee spoke in the city park at La Junta, where he discussed revision of tariff on sugar. The colonel was presented here with five crates of Rocky Ford cantaloupes.

CONDITION IS CRITICAL AT BINGHAM

Salt Lake, Utah, Sept. 19.—Dispatches received here late this afternoon from Bingham, Utah, where 4,000 men employed by the Utah Copper company are on strike, declare utterly without foundation wild rumors which have been current here all day that clashes have occurred at the mines between the armed strikers and sheriff's deputies who are in control of the struck camp.

Officials of the Western Federation of Miners at the camp deny as absurd reports that they have urged the miners to shoot to kill if any of the deputies interfere with them.

It is not denied that the situation in Bingham is critical. Governor Spry, who is at the mining camp, this afternoon summoned the state board of conciliation and arbitration to the scene to assist in preventing trouble and bloodshed.

Shots which were fired in Bingham this morning, it is said by the dispatches received here, were merely fired by the strikers into the air in an effort to frighten the deputies.

Governor Spry has communicated with his officials here, declaring that troops are not yet necessary in Bingham, and that he hopes peaceful methods to settle the strike will be successful.

Portland, Or., Sept. 19.—Representative A. W. Lafferty was unanimously nominated for congressman from the Third congressional district of Oregon at the district convention of the bull moose party held here today.

This completes the progressive national ticket in Oregon.

TWENTY YEARS.

Makes a great difference in most women. They are troubled with "nerves", suffer from backache, headache, sleeplessness, a sensation of irritability or twitching, hot flashes, dizzy spells, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Lotion Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age upon the nerve and blood forming structures may be too great for her strength. This is the time to take this restorative tonic and strength-giving nerve and regulator. For over forty years sold by druggists for women's peculiar weaknesses and distressing ailments. The one remedy so perfect in composition and so good in curative effects as to warrant its makers in printing its every ingredient on its outside wrapper. The one remedy which absolutely contains neither alcohol nor injurious or habit-forming drugs.

Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks: "In the winter of 1908, I became greatly run down and irregular," writes Mrs. Henry Scott, of Swan Creek, Mich., Route 1, Box 42. "I slowly but surely grew worse, and, at last, resolved to apply to the doctor. I was in bed eleven weeks and got no letter. The doctor said I would have to have an operation, but to that I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for it I think I would have been dead—I really believe it saved my life. I feel better now than in twenty years."
