Honest Advice to Consumptives

Somehow there exists a wast amount of seepticism as to the possibility of curing Consumption. We state none but facts, and are sincere in what we assert.

If we were afflicted with Tuberculosis, we should do precisely what we ask others to do—take Eckman's Alternities promptly and faithfully. The reason we should do this and warrant we have for asking all Consumptives to take it, is that we have the reports of many recoveries, one of which follows:—

1619 Susquehanna Ave., Falia., Pa.,

"Gentlemen: For two years I was afflicted with hemorrhages of the lungs, the number totaked hearly one hundred. Our family physician advised another climate, as to remain would probably be fatal, However, I remained, and in February of 1902, I was taken with a severe statek of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which so medicine I had taken could alleviate. It was at this time, March, 1902, that I learned of and started taking Eckman's Alternitive. In a short time my cough was gone and I was pronounced well. Since that time I have had two resorted to no other medicine to effect a cure.

"I am at present in excellent health and

sumption. I cannot speak too highly for the good it has done."
