## TREATMENT IN MEXICO CRAZED HIM

[UNITED PRESS LEARNED WIRE.] Seattle, Wash., Sept. 30.—James Cook, who has been living at the Hotel Waldron, is today waiting to be taken to the insane asylum at Stella-coom, having been declared mentally incompetent by a lunacy commission Saturday. The unfortunate man's condition is the result of nine months in a Mexican prison. Two years ago he was a conductor on the Mexican Central railroad. A charge of grand larceny was brought against him, and he was kept in confinement nine months. In the same jail were many political prisoners, and each day one would be taken outside and shot. Cook suddenly became demented 10 days ago, and since that time has raved about the Mexican war and his life in prison.

## COMMITTEE NOW TAKING TESTIMONY

[UNITED PRESS LEARNED WIRE.] Washington, Sept. 30.—William Libby followed Blais on the stand this morning. He testified that he was employed by the Standard Oil company in an advisory capacity. He understood, he said, that the Standard Oil company contributed heavily to the 1904 campaign adding: "H. H. Rogers stated to me that the contribution was large, but did not state the amount." Libby declared that Rogers, John D. Archbold, Clifford Barstow and William Rockefeller and several others knew of the Standard Oil gifts. He testified that he was active in Washington when the Payne bill was up for consideration in 1908. He said that he saw President Taft and many senators, congressmen and state department officials regarding the oil tariff. At this stage in Libby's testimony the committee ordered the recess. Ormsby McHarg, who argued the Roosevelt contest cases before the Republican national committee at Chicago, asked the committee to allow him to testify immediately. The committee denied his request, setting October 8 as the date for him to appear. This means that McHarg will testify after Colonel Roosevelt and J. Pierpont Morgan finish their testimony. Asked if there was any reason why McHarg's testimony was postponed, Chairman Clapp said: "Of course there was, but I am not going to tell about it."

## WORKING FOR SINGLE TAX IN ENGLAND

[UNITED PRESS LEARNED WIRE.] London, Sept. 30.—British land owners showed anxiety today at the news that Chancellor of the Exchequer Lloyd George will be ready either October 7, when parliament reconvenes, or very soon afterwards, definitely to announce details of his program "for freeing the land for the benefit of the people." "Lloyd George is at heart a single taxer," said one of his closest friends and advisers—an American, today. "As a practical statesman," he continued, "George appreciates that it would not do to attempt to put England on a single tax basis all at once, but that toward this end he is working. He proposes, by ever-increasing taxation of land values, ultimately to break up the land monopoly." In this connection, with the conference of land tax reformers to be held in London early in October, Joseph Fels, the American millionaire, will propose a resolution affirming the "deep conviction of the conference that the existing deplorable condition of the people is directly traceable to the withholding of lands from its best economic use."

**Uncle Ezra Says**  
"It don't take more'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement, will do the same. If sailing take Dr. King's New Life Pills for quick results. Easy, safe, sure and only 25 cents at J. C. Perry's.  
Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

## THE OPEN FORUM

The Capital Journal invites public discussion in this department—Let both sides of all matters be fully brought out—it is not the purpose of this newspaper to do the thinking for its readers.

### Some Questions for Mr. Paget.

Editor Journal:  
At the close of the open air meeting on the corner of State and Commercial streets, Saturday evening, Mr. Paget very pompously proclaimed his readiness to answer any questions propounded by the audience. Then he hastily got down out of his automobile and began to disappear. A very unpretentious small person came up to the car and asked permission to put a question to the vociferous Paget. He was finally rescued from chaos and mounted his stand to make answer to the query, "How will you secure absolute protection of the rights of labor without impairment of the rights of capitalism?" The resourceful Paget immediately "answered" this question by setting questioner right on "capital" instead of "capitalism." Then he asked, "You do not infer that capital has no rights which we are bound to respect, do you? Would you do injustice to any one?" "No-o-o," responded the small person. Then to the audience—"I should have added a moment ago that a man doesn't need to be a Socialist in order to know that there are differences to be adjusted between capital and labor." From the small person came the query—"How would you 'adjust' them without impairment of the 'rights' of capital?" "Well, specify! Be specific! Mention some special case! Be definite!" stormed the indomitable Paget. The small person stood irresolute, for it was quite evident even to one so unsophisticated, that further questioning would call forth replies other than logical answers from the automobile. At last came the query, "If some one stole your hat and you snatched it back again, would you feel that you had done the other fellow an injustice?" "Well," hilariously announced the pompous Paget, "My hat is 'in the ring' like Teddy's! No one will get a chance to steal that." Hereupon the crowd laughed with Mr. Paget. Then the small questioner asked, "Do you think you have answered the question, Mr. Paget?" Then the crowd laughed some more, and the worthy Paget immediately took his departure away with him, and was seen no more. Now, Mr. Paget, we want to know why you did not answer the small person's question. Will you kindly explain to us the difference between your attitude toward the liquor interests and the Socialists' attitude toward capitalism? Do you infer that the saloon keeper has no rights which we are bound to respect? Would you do injustice to any one? Why didn't you answer the question? Or do you really know better than to try to answer the questions of a "fool Socialist?" Can you answer the question, Mr. Paget? If you can, please may we hear from you? We are really interested as to how you expect to carry out the fourth plank in your platform—in case, as you suggest, "the best man" should be elected this fall. And while you are answering questions you might give your reasons for arraigning every party but your own on a charge of cowardice in regard to the liquor question. Is it quite fair to thus arraign your allied mouthpieces of capitalism?

The Socialist smiles at your charge of cowardice. You attack only one effect, while we give battle to the whole cause out of which grow all the minor evils, of which the liquor traffic is but one. Who is the coward? Also, we are tempted to offer a suggestion to one even so exalted as the right honorable and verbose Mr. Paget. It is simply this, that amusing retorts to civil questions may draw laughter from a crowd, but we hardly think them apt to draw many votes. You offer the working man absolutely nothing but a bunch of cut and dried morals. You offer it to him when, if he were inclined to accept anything cut and dried, it would be cut and dried beef. Bah! How do you expect to teach morals to a man with an empty stomach? You might teach him economics, but morals—never! You are making a fine large noise that you like to hear. You are witty and smart, but really, now, Mr. Paget, do you expect the laborer's vote on such a platform as you are advocating? One might almost expect greater wisdom from one so clever at rejoinder as you.

## TO INSTALL CREMATORY AT ASYLUM

When the legislature meets there will be introduced, at the request of the asylum authorities, a bill providing for the installation of a crematory at which all unclaimed bodies at the institution will be cremated. The measure provides that a body shall be cremated after it has been held a week, and has not been claimed by any of the relatives. After the cremation the ashes will be sent to the relatives, should they desire them. The measure further provides for the exhuming and cremation of all the bodies in the asylum graveyard. The monuments over these graves, according to the bill, will be taken and kept at some suitable place on the asylum farm. Another measure to be introduced will provide for the changing of the name of the institution from the Oregon State Insane Asylum to the Oregon State Hospital.

## SHE WANTS TO UN-BIGAMIZE HER HUSBAND

[UNITED PRESS LEARNED WIRE.] Grants Pass, Ore., Sept. 30.—Jessie Layton Rich has brought suit in the circuit court asking that the marriage contract entered into by her and Lawrence B. Rich, on February 14, last, be annulled. In the complaint Mrs. Rich alleges that Rich caused her to marry him through the false and fraudulent representations that he was an unmarried man, when in truth, he was a married man, whose wife was then living and undivorced. Mrs. Rich asks that the marriage be annulled, she be given back her maiden name, that Rich pay the costs and disbursements of the suit, and that she have such other relief as may be equitable. Complaint in the action was served on Rich in the county jail, where he is still confined, the required \$1000 for bond money not having been forthcoming.

## THE REDLIGHT DISTRICT TO BE CLOSED UP

Information brought here from a reliable party who has just returned from eastern Oregon is to the effect that Baker is to get rid of its restricted district, property owners having notified all the inmates to vacate. This action is taken solely by the property owners, it is declared, as the sentiment in the town is in favor of the maintenance of such a district, contending that it is the only way to handle the evil. It is also declared that the officials of the city government are troubled over the situation, feeling that the abolishment of the district means the scattering of the inmates among the lodging houses in the town. The property owners, it is declared, were prompted to take this action because of the governor's declaration to offer a reward for the arrest and conviction of property owners leasing their property for purposes of prostitution. Baker for years has boasted of the best regulated restricted district in the state, and fears are expressed everywhere, it is declared that its abolishment will only result in the fallen women playing their trade in secret in hotels and other places in the town. Fear an Earthquake. Valparaiso, Chile, Sept. 30.—Prediction that earth tremors are likely to cause serious damage in the vicinity of Valparaiso about this date caused thousands of persons to leave the city today. The government ordered all warships to remain in port ready for an emergency. Parcels Post Stamps. Washington, Sept. 30.—Postmaster-General Hitchcock today completed arrangements for the engraving and manufacture of a series of twelve stamps, unique in size and design, for exclusive use in forwarding packages by the parcels post. The stamps will be ready for distribution December 1. Did Not Hit Him. [UNITED PRESS LEARNED WIRE.] San Francisco, Sept. 30.—The proverbial inaccuracy of a woman's aim saved a burglar's life here when Miss Bergi Torcha opened fire. Patrolman Welch heard a fusillade of shots, then shrill screams. No burglar—but bullet holes everywhere. A scientist predicts that eggs and other foodstuffs will be made from air. Before that is done, however, J. P. Morgan & Co. will have somehow got possession and control of that element.

## FOR WOMEN WHO CARE

Of course you use an antiseptic in your family and in the care of your own person, and you want the best. Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed. Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used. **Paxtine ANTISEPTIC** In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing. As a medicinal agent for local treatment of feminine ills where pelvic catarrh, inflammation and ulceration exist, nothing equals hot douches of Paxtine. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 35 and 50 cents a box. Trial box and testimony of 31 women free on request. **THE PAXTON TOILET CO., Boston, Mass.**

## W. A. Smith, Bridgeton, Ind., is telling his friends and neighbors of his return to health and strength by the use of Foley Kidney Pills, and he says he wants others to benefit also. "I was so crippled with rheumatism I could not dress without help, and had kidney trouble for years. I started using Foley Kidney Pills and now all my trouble has left me and I do not feel that I had ever had rheumatism. I rest well all night and though 59 years old, can now do the work of a man of 35 years. I would like to be the means of others getting benefit from Foley Kidney Pills." Dr. Stone Drug Co.

There should be no more politics in an Oregon legislature than a board of trade. Journal "Want Ads" Bring Results.
