SOCIALISM SAYS TAFT IN 'CENTURY' CAN'T KEEP FAITH

President Taft's views on "Socialism and its Menace," and "Why Government Ownership Would Not Help the Wage-Earner," are reported in the October "Century" by Charles D. Hillen, chairman of the Republican national committee. A part of the article follows:

"Reverting for a moment to the irreconcilable conflict between the Socialist philosophy and human nature, let us call attention to another serious defect. That is, the policy of correcting financial inequalities by the imposition of an inheritance tax so large as to amount virtually to confiscation. It would seem to require little argument to demonstrate that one of the greatest incentives to industrial energy and thrift is the desire of the bread-winner to provide for the future welfare of those he holds dear. Rob him of this by the prospect that his accumulations will revert to the state at his death, and you have robbed him of what to most men is the chief inspiration to enterprise and saving. Do that, and you have robbed the world of one of the mainstays of its progress. Nor will you replace this motive power by assuring the bread-winner that society will care for those he loves and leaves behind."

"Examined in the cold, clear light of common sense, Socialism will not bear the test, though viewed merely as a philosophy, it is not without its attractions. Indeed, it is these attractions which constitute its danger. It holds out a promise it cannot fulfill. It represents to the dreamer the vision of a society in which all shall be equal, in which life will be easy and industrial toil and strife will have been reduced to a minimum. Its apostles, the sincerity of many of whom we cheerfully concede, cannot preach their propaganda without exaggerating the defects of our present condition, arousing an unwarranted animosity toward the holders of property, the energetic and successful. They distract men's minds from the practical reforms which deserve the attention of every patriotic citizen and voter while they center them on an alluring picture of the unattainable."

"And to the idle, the slothful, the unambitious malcontent, Socialism at once affords an excuse for his own defects and holds out the promise of an economic revolution which will remedy the evils for which his own delinquencies are chiefly responsible. To such as these Socialism presents a constant and almost insuperable temptation to persist in habits of idleness and thriftlessness, interrupted only by an energy devoted to the denunciation of society and the present social system. Socialism is a menace to good government because it undermines patriotism and saps civic interest and enterprise, exaggerates the discontent of the discontented, and discourages from greater effort the human failure who is led by it to believe that his misfortunes are due solely to an unjust economic system which deprives him of opportunity and robs him of a fair remuneration for his service."

Some men mistake a golden opportunity for a gold brick.

WASHINGTON TOWN HAS A \$200,000 FIRE

Spenah, Wash., Sept. 30.—The Standard Clay company's tile plant at Little Falls Saturday night was destroyed by fire. The loss is \$200,000. The plant was one of the largest of its kind in the Northwest. The fire was discovered shortly before midnight, and in less than 30 minutes the plant was in ashes.

The fire is supposed to have caught in the dryer, and in less than five minutes the interior was a mass of flames. The flames, bursting from the windows and roof, were discovered by Night Watchman Gilley, and the night crew was quickly summoned, but all were driven from the building before a hose could be connected.

The Little Falls plant was built 20 years ago, and has been the main industry of the town, employing from 60 to 75 men. The plant formerly was owned by the Little Falls Fire Clay company, but was reorganized last spring as the Standard Clay company.

ULSTER DAY CAUSED A NUMBER OF RIOTS

[UNITED PRESS LEASED WIRE.]
 Belfast, Ireland, Sept. 30.—That Ulster Day did not pass without bloodshed is stated in belated reports here today from Moy, Tyrone, which states that a fierce battle occurred there, following the celebration. Revolvers were fired and bottles and stones thrown. Many persons were injured.

The police, who were temporarily overpowered, withdrew to their barracks, but later charged with fixed bayonets. The number of casualties is not known.

Will Not Intervene.

[UNITED PRESS LEASED WIRE.]
 Omaha, Neb., Sept. 28.—Major General Leonard Wood, chief of staff, U. S. A., is here today on a trip of inspection of western army posts. In an address at the Commercial club, General Wood declared there would be no intervention by the United States in Mexico.

"The United States," said General Wood, "is too busy patrolling her own coast to undertake such a step."

GIRLISH, WRINKLE-FREE SKIN EASY TO HAVE

(From Plierim Magazine.)
 Since its remarkable astringent and tonic properties became known, clever women all over the world have been using the axolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly, gradually, all over the face, thus reducing lines and sagging. The formula is: Powdered axolite, 1 ounce, dissolved in witch hazel, 1/2 pint.

Another wonderful facial beautifier and rejuvenator that has become quite a rage in the United States, as in Europe, is mercolized wax. Druggists report a great demand. The wax literally absorbs a sallow, blotchy or withered complexion, giving the fresh, vigorous, healthy-hued young skin underneath a chance to "breathe" and to show itself. Applying the wax at night, like cold cream, washing it off mornings, will completely renovate a poor complexion in a week or ten days. One ounce is usually sufficient.

A TACOMA BOY MADE SPLENDID FLIGHT TODAY

Tacoma, Wash., Sept. 28.—Sailing out of the southeast at 11 o'clock this morning, Harvey Crawford, the darling boy aviator, coming from Puyallup in his biplane, made one of the prettiest flights over the city for fully 15 minutes, and finally settled down in the tide flats.

A return flight will be made at 4 o'clock this afternoon, with a passenger aboard. Crawford will make the return trip.

The distance, 10 miles, was covered in 7 1/2 minutes, being unusually fast time for even this class of biplane. J. B. Crawford, the boy's father, followed him so in an automobile, to arrive in Tacoma 10 minutes behind the aeroplane.

A Runaway Girl.

[UNITED PRESS LEASED WIRE.]
 Redding, Cal., Sept. 28.—Harriet Pink, a runaway girl, is today on her way to her home in Klamath Falls, Or., in custody of an officer and accompanied by her mother, following her arrest at Corning.

Frank Fraser, a carpenter aged 61 years, is held in jail at Klamath Falls charged with having assisted the girl in her flight.

The girl is believed to be the victim of a white slave plot.

THE ROUND-UP

"The greatest show on earth," is the consensus of opinion of all who saw the "Round-Up" at Pendleton.

At the Pendleton "Round-Up" when there was standing room only, the gates were thrown open, and no charge made for admission. Eastern Oregon always does the right thing in the right way.

Polk county politics are getting hot. It is claimed many who followed the Bull Moose wing are returning to their old love, the old Republican faith.

The Pendleton "Round-Up" had a crowd of 20,000 on its opening day, Thursday and 30,000 Friday. It was the biggest event ever pulled off in the Inland Empire.

Independence has 2,000,000 pounds of hops. It will take a freight train a mile long to move this lot.

The last of the rails on the American Bottom railroad was laid Tuesday. This is a short local road building out of Independence.

Mr. and Mrs. Joseph Powell celebrated their golden wedding at London, Ore., last Wednesday.

The Oregon Agricultural college will have its first annual flower and vegetable display Tuesday and Wednesday of this week.

Polk county prohibitionists have placed a full county ticket in the field.

Fred Arnold, a farmer living near Albany, has a squash on display in that city weighing 112 pounds.

Receipts at the Woodburn postoffice for the fiscal year ending, June 30, amounted to \$6500.

Senator Chamberlain arrived in Portland from Washington Saturday. He says the election of Wilson is a foregone conclusion.

Voter 100 Years Old.

Albany, Ore., Sept. 30.—Robert Booth, aged 92, who registered as a voter in Marion county Saturday, and who, newspaper dispatches say, was supposed to be the oldest registered voter in the state, lacks several years of that honor. Linn county has a duly registered voter 99 years old. In the person of James Blakely, of Brownsville.

Captain Blakely, who is an Oregon pioneer of 1846, and who commanded a company in the Rogue River Indian wars, resistered last spring and voted at primaries in April. He is now in all-health, though he has been robust for his age until recently, but hopes to be able to vote in the November election. If he lives until November 26, he will be 100 years old.

Captain Blakely laid out the original townsite of Brownsville, and has been prominent in the history of this section of the state.

What the Oregon state fair managers need is someone who can with certainty predict a good weather week next September, or prayers with sufficient faith.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.

To keep frivolous or improper measures off the ballot is a problem to be considered.

A Fool Cowboy.

[UNITED PRESS LEASED WIRE.]
 Hollywood, Cal., Sept. 30.—Attempting to emulate the late lamented Jesse James, Martin F. Nichols, a vaquero, rode his horse at full speed onto a railroad bridge. Cowboy and horse fell 40 feet. Neither was badly hurt.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at J. C. Perry's.

The bigger a city becomes the bigger things it has to do, same as a man.

SAVE YOURSELF

There is no reason why you should always be a slave.

If you are desirous of saving yourself or a friend from a drunkard's grave, you cannot afford to overlook the opportunity offered at the Hot Lake Sanatorium for the cure of the liquor and drug habit. Hot Lake mineral baths prepare the body for the treatment and then soothe the nerves and actually remove the desire for the liquor or drug. Hundreds of happy homes in Oregon and Washington today bear witness to the efficiency of the Hot Lake treatment. One week will in most cases effect a cure. Sometimes longer is required, but not often. The best of care is given the patients. For full information, address
