WILL CALL SERVANTS "HELPERS"

[UNITED PRESS LEASED WIRE.]
Pasadena, Cal., Oct. 8.—Even into the palaces of the millionaire colony of Orange Grove Avenue and Oak Knoll of this city, is the spirit of Democracy spreading. At a meeting of the Woman's Civic League, the president, Mrs. Elizabeth B. Herbert, advanced the proposal that domestic employees should not be made to feel themselves menials, and to avoid this they should be designated as "helpers" instead of servants or hired girls. The suggestion was received with approval. Mrs. Herbert is a wealthy leader of society here. She has just brought the noted painter W. S. Webster here from Chicago to paint her portrait.
Roosevelt in Michigan.
[UNITED PRESS LEASED WIRE.]

HEARTBURN, GAS, DYSPEPSIA AND ALL STOMACH DISTRESS ENDED WITH "PAPE'S DIAPEPSIN."
You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.
Pape's Diapepsin is noted for its speed in giving relief; it's harmless; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.
Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if any one should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; irritations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.
Some folks will get wet.

KILLS THE DANDRUFF GERM; STOPS FALLING HAIR

Others Imitate and Make Similar Claims, but the Genuine and Original Dandruff Germ Destroyer is Newbro's Herpicide.

The discovery of the dandruff germ as the cause of all hair troubles is not a recent event. Prof. Unna gave the germ theory to the world in 1887 and two years later Sabouraud by his experiments with a rabbit proved beyond a doubt the actual existence of this germ.

On the heels of this establishment of the germ theory came the discovery of Newbro's Herpicide. This was the first and only remedy for the destruction of the dandruff germ.

There have been other preparations alleged to kill this germ, stop falling hair and itching of the scalp. But Newbro's Herpicide really does these things. For this reason it has long been known as the original remedy
