WHAT THE STATE INSTITUTIONS ARE COSTING US

Preparatory to launching a campaign by which he hopes to give the people an idea why their taxes are high, Governor West today gave out an itemized statement showing the appropriations made by the last legislature, and by the people at the preceding election. In presenting the estimates of the superintendents for the various state institutions this week the governor will compare them with the appropriations made by the last legislature, and give his views how they may be reduced. Before the campaign is at an end he intends to give out explanations for all the appropriations contained in the statement and offer suggestions whereby savings can be made.

WILLAMETTE DEFEATED BY U. OF O. TEAM

A good game of football was played in Eugene Saturday afternoon between the University of Oregon and the Willamette university teams that resulted in a score of 12 to 0 in favor of the U. of O. While the score showed a decisive victory for Oregon, yet the score was not so bad as anticipated, as much talk had been going about of the wonderful prowess of the U. of O. team. The team from Eugene outweighed the local boys an average of about 15 to 20 pounds and the coach for that team felt that it would be a walkover for his team. Considering the training of the Willamettes they did remarkably well in Saturday's game and physical director Dr. Sweetland expressed himself as well pleased with the result. It is especially unfortunate that the local team had to go up against the strongest team in the valley for its first game, but now that the game is over with so favorable result for our boys, a good deal more confidence is felt in the team.

For the Willamette Francis and McRea played fine ball, doing excellent

work in holding the score down as low as it was.

A game will be played next Saturday on the local field between the Willamettes and the Chemawa team, which promises to be a hard fought battle.

BUSINESS MEN WILL MEET AT HOTEL MARION

Open Meeting of the Year Will be Held Next Friday at 6:30 p. m. at the Hotel Marion Dining Room.

The Business Men's League is planning to hold its opening meeting for the year at the Hotel Marion next Friday at 6:30 p. m. Extensive preparations are being made to have every member of the league present. A banquet will be served commencing at 6:30, and after the banquet the regular business of the league will be transacted. President Page and Secretary W. C. Winslow have been delegated by the board of directors to look after the meeting and they are appointing numerous subcommittees to take care of the details.

It is planned to have a meeting something like that held by the Board of Trade last year, and besides the regular routine of business to be transacted by the league, which will include the annual election of officers, there will be a program on important topics to local merchants rendered by

several members of the league, as well as some outside speakers. The program committee has not yet definitely announced its arrangements, but a good short program is assured. The town will be divided into sections and every member of the league will be seen and by this method those in charge expect to have a large attendance.

Manager Crowe, of the Hotel Marion is putting forth every effort possible to insure to every member of the league as well as visitors who attend, a royal good time, and those familiar with Mr. Crowe's efforts all know what this means.

Among the different subjects that will be discussed before the league at this time will be "Regular Monday Noon Luncheon," "Railroad Rates," "Advertising," "Contributions" and many other important subjects. The committees will be announced later by those in charge.

John Heath, Michigan Bar, Cal., writes: "I was afflicted with kidney and bladder trouble for nearly six years. Had a very bad spell some time ago and was unable to turn without help. I commenced using Foley's Kidney Pills and can truly say I was relieved at once. I take pleasure in recommending Foley's Kidney Pills." Sold by Dr. Stone rug Company.
