The OLIVER Typewriter

The Standard Visible Writer. This is the typewriter whose high officiency has made it the choice of the greatest firms and corporations It is the simplest of all standard typewriters, yet the swiftest and by far the most versatile. The moving parts work freely in a solid metal framework, making the machine so strong that the hardest usage has no effect upon it.

No extra charge for "Printype" Most people prefer to have the machine equipped to write in Printype. This beautiful type is obtainable only on The Ollver Typewriter.

It is the greatest style improvement over evolved for type writers-the most easily read type in existencethe type which conforms to that in universal use on the world's printing presses!
