New Boat Is Surely a Beauty

Nearly 200 Salemites Enjoyed a Trip on the Grahamaona the Finest Equipped Boat Ever on the River

The O. C. T. Company's new boat, the Grahamaona, is a beauty, as the nearly 200 excursionists who yesterday accepted the company's invitation to take a ride down the river on her Sunday, will one and all testify. It was a rather dreary morning, heavy fog and rather cold, and besides, Salemites have a habit of not getting outside of their breakfasts Sunday morning early enough to get anywhere before 9 o'clock, but in spite of this combination, nearly 200 took the trip down as far as Lincoln, which was reached at 9:50. Soon after starting back the fog lifted, and the return trip was delightful, the staunch little steamer going past the city on her return, and a couple of miles up the river.

The Grahamaona is the finest of the company's boats, is thoroughly equipped, splendidly furnished and his plenty of power to negotiate any rapid or current of the Willamette.

She is 150 feet over all, 30 feet beam and 18-inch draft. She is permitted to carry 308 passengers, and on excursions 412, and her big cabins can accommodate them, too.

All who enjoyed the company's hospitality yesterday will long remember the trip, as one of the delightful little unexpected things that brighten life and warm us up toward our neighbors and townsmen.

There are hundreds of Salemites who have never taken the trip by boat to Portland, but it is safe to say that some on the excursion yesterday made up their minds to do so, and among them was the writer. Every Salemite should know something of the river, its possibilities and the country tributary to it, and the only way to get this knowledge is to make a few trips over it and thus see and realize the importance of the river to Salem's trade.

WILLAMETTE TEAMS ARE BOTH WINNERS

Willamette university football team went to Forest Grove Saturday, where they defeated the Pacific university by a score of 40 to 0. The score about represents the relative strength of the two teams, although Willamette was not at its best by a good deal. Shaver, for the Pacifics, was good at punting, but the whole game was monotonous and uninteresting. Shaver made several substantial gains for his team. The center of Pacific's team was strong, but the ends were weak, and it was here the varsity made their attacks.

Willamette's second team played a game with the Independence high school team at that place Saturday which proved to be very close. The score was 7 to 0 in favor of Willamette, and it was rare good luck that the varsity scored a victory, as the Independence boys were in the game all the time. The Willamettes made their only touchdown in the first half of the game, and in the second half the locals came back with such force that it looked as if they would score. On the whole it was a thoroughly good game.

Turkeys to Be Cheaper.

Portland, Or., Oct. 28.—A ten per cent increase in the marketing of turkeys throughout the northwest and a resultant decrease in the price per pound of the toothsome meat are predicted for the Thanksgiving trade by Hyman H. Cohen, commercial editor of the Journal. Cohen states that the tightness of the money market is going to decrease the demand for turkeys, and this coupled with the increased supply is to bring prices tumbling down all over the Pacific coast.

His Parole Is Revoked and He Must Do Time

Roy Bolam, who was convicted and sentenced to an indeterminate period of from one to five years in the penitentiary last April, and paroled by Judge Kelly, is in trouble again. He was arrested a few days ago in Wasco county and locked up in the county jail and the court here notified of his incarceration, which resulted in his parole being revoked, which was done October 22. The sheriff here was notified of the fact that young Bolam was being held there and advised to go and fetch him back to the penitentiary. October 27 he broke jail and made his escape.

The offense for which he was sentenced was the larceny of an Elgin watch from Fred Flins, valued at \$40.

Will Send a Cruiser to Turkey

Philadelphia, Pa., Oct. 28.—Hurried preparations are being made at the League Island navy yard for the immediate sailing of the cruiser Baltimore. Sealed orders from Washington direct the vessel to take a full supply of coal, ammunition and provisions. It is understood the Baltimore will sail for Turkish waters tomorrow to protect American interests. This report as yet is unconfirmed.

CONFESSES TO MURDERING A GREEK AT MEDFORD

Medford, Or., Oct. 28.—Frank Seymour, alias Parker, who came here about a year ago from Portland, confessed Sunday night to the sheriff of this county that he and Mike Spanos, a Greek, killed George Dedaskalovs a Greek, in this city September 22. Seymour states that they killed Dedaskalovs expecting to get \$700 from his money belt. He now states that the belt was empty and they got only \$5 in silver.

Removed Land Officers.

Washington, Oct. 28.—President Taft has removed Edward L. Barnes, registrar of the land office at Great Falls, Mont., and accepted the resignation of Receiver Wilson, of the same office. The action follows an investigation. Successors will be named in a few days.

It's up to the Voters Says Taft

Taft Says Wilson's Election would Be a Calamity Voters to Choose Between the Actual and Assured

[UNITED PRESS LEASED WIRE.] Washington, Oct. 28.—Red hot denunciation of Governor Woodrow Wilson and the Democratic party marked the return to the executive offices here today of President Taft. The attack, which was in the form of a campaign statement, asserted that Wilson's election would be as great a menace to the prosperity of the country as that which followed Grover Cleveland's election in 1892.

"The Democrats," the statement said, "profess to discover cause for amusement in the alleged Republican claims of credit for this year's abundant crops. The only credit the Republicans claim is the Republican policy—protection for American industry which maintains the best market in the world, a home market for farmers to sell in, while foreign markets have been invaded by both the farmer and manufacturer.

"The voter's choice is not obscure. It is between actual and assured prosperity, active industry, good wages and a flourishing home market on the one hand, and a depression of business, paralysis of industry, loss of employment and general demoralization of trade, both at home and abroad, on the other.

"The American people have more than once surprised those who think that the people are being successfully fooled. I believe a similar surprise awaits my opponent in the coming election on November 5."

President Taft was greeted by scores of friends on his arrival here. Tomorrow he will go to New York City to launch the battleship New York.

JURY ON SECOND BALLOT SAYS WARFORD NOT GUILTY

The trial of L. Elbert Warford, on an indictment from the grand jury for forgery of the name of Miss Elizabeth Lord to a premium warrant of the state fair of 1911, was concluded in circuit court Saturday, and within ten minutes after the jury retired for deliberation, a verdict of not guilty was returned.

The defense was ably represented by Walter E. Keys, and Walter Winslow conducted the state's part of the case with vigor and tact.

HE HAS DESIGNS ON THE BIG TIMBER

Shouldering a brand new ax and a cross-cut saw, Tommy Caulfield, of this city, marched out over the Polk county hills yesterday afternoon to his ranch, where he will spend a few weeks lambasting the gallant fir and oaks dotting his spacious acres. Tommy will endeavor to lay aside a sufficient supply of wood to last him all winter, but the operation will probably cost him many blisters and a reduction in weight before he returns with his timber.

A General War Seems Certainty

[UNITED PRESS LEASED WIRE.] London, Oct. 28.—The great European war which has been feared ever since the Balkan allies attacked the Turk, today is believed here to be an imminent danger.

Austria this evening threatens to invade Norpazar and Russia's heavy concentration of troops on her southern frontier is believed to indicate that the czar plans to grab Roumania. It is rumored that the British war and navy departments are preparing to mobilize. The European markets are very uneasy.

Made a Clean Up.

Sheboygan, Wis., Oct. 28.—Infuriated because his wife's parents gave their daughter refuge at the farm house near here, Alvin Roeber, aged 23, it was learned today, shot and killed Phillip Ott, aged 45 years, the latter's wife, and Fred Haut, aged 83 years, Mrs. Ott's father, last night. Then Roeber went into the woods and hanged himself. His body was found today. Roeber and his wife separated recently.

Deny Liquor Men Issued Pamphlets

ANTI-SUFFRAGISTS DECLARE THE REPORT IS A GRATUITOUS FABRICATION AND WITHOUT FOUNDATION.

The following self-explanatory letter of denial has been received by The Capital Journal, accompanied by a request for publication, from the Oregon State Association opposed to the Extension of Suffrage to Women:

"The Oregon State Association Opposed to the Extension of Suffrage to Women wishes to deny statements made last Monday at the W. C. T. U. convention, when, according to press reports, it was announced from the platform that the liquor interests were circulating thousands of copies of a pamphlet of which Rev. Clarence True Wilson is the author. That pamphlet is issued by and bears the name of the Oregon State Association Opposed to the Extension of the Suffrage to Women, so that the statement that it was issued by any other person or organization was a gratuitous fabrication, and known to be such by all persons making it.

"It has become the fashion for suffragists to attribute all their defeats to the 'liquor men.' This has been the cry in Ohio, and after the successive majorities rolled up against them, in Oregon. As a matter of fact, not one of the six suffrage states has prohibition, and in a recent map published by the national W. C. T. U., Oregon stands out conspicuously dry among the surrounding wet and suffrage states.

"Dr. Wilson's pamphlet is a valued part of the organized protest against the imposition of woman suffrage upon the women of Oregon, a protest which is signed and sent out by the following women of the association: 'Mrs. J. F. Bailey, president; Miss Felling, first vice-president; Mrs. R. W. Wilbur, second vice-president; Mrs. Wallace McCamant, treasurer; Miss Eleanor Gile, secretary; Mrs. H. W. Corbett, Mrs. A. E. Rockey, Mrs. C. H. Lewis, Mrs. David Loring, Mrs. J. B. Montgomery, Mrs. W. C. Alvord, Mrs. Gordon Voorhies, Mrs. R. W. Lewis, Mrs. James N. Davis, Mrs. Alma D. Katz, Mrs. S. T. Hamilton, Mrs. Herbert Holman, Mrs. C. A. Johns, Baker; Mrs. J. H. Templeton, Prineville; Miss Bush, Salem; Mrs. W. I. Vawter, Medford; Mrs. Elizabeth Yockey, Ashland, executive committee; Mrs. E. H. Sheppard, Hood River; Mrs. A. J. Richardson, Joseph; Mrs. J. M. Connell, Hillsboro; Miss Rita Aldelman, Falls City; Mrs. M. E. McFarland, Astoria; Mrs. F. E. Harlow, Troutdale; Mrs. George T. Flavel, Astoria; Mrs. W. S. McFadden, Corvallis; Mrs. Dan O'Neil, Oregon City; Miss Emily Lovridge, superintendent Good Samaritan hospital, Portland.

"HIS WHISKERS" CAUFURED THE RACE AND MONEY

Local sportsmen received a lesson in foot racing Sunday at the state fair grounds that proved expensive to a number of men, especially to a number of university students who lacked Parley Blackwell, the favorite of that institution in foot racing against a stranger giving the name of Wilson.

The race was brought about over an argument over "time," and resulted in about \$150 changing hands, that is going to Wilson who backed himself to other money being placed on him. He simply "chewed gum" while running away from Blackwell, and is no doubt a professional. The boys had some fun over his whiskers, of which he had a good crop but they did not interfere with his running. Some claim it was a cold-blooded "frame up."

JUDGE GALLOWAY GOES TO ALBANY

A short session of department No. 2 of the circuit court was held this morning by Judge Galloway, but the judge received a telephone message from Judge Kelly, from Albany, stating that he was ill and unable to hold court. Judge Galloway went to Albany and will take the place of Judge Kelly for a few days, or until the latter recovers. Department No. 2 will convene one week from today. Miss Mahel Welborn, deputy circuit court clerk, being busy this morning making up the docket for that session. The docket will be out by the last of the week.

Fighting All Along the Lines

Turks and Bulgarians Fighting in Whole Territory from Adrianople to Black Sea--That City Is Doomed

[UNITED PRESS LEASED WIRE.] Sofia, Bulgaria, Oct. 28.—Official dispatches from the Bulgarian battle line at Adrianople and news dispatches reaching here today from Constantinople both declare that a desperate battle between Turks and Bulgarians is raging over the whole territory between Adrianople and the Black sea, a fighting line of nearly 100 miles. The struggle, dispatches agree, has been in progress since Wednesday.

Latest accounts from Adrianople here are that the city still holds out, rain having greatly hampered the operations of the besieging Bulgarian forces.

Turkish dispatches today deny that the allies have captured Eskibaba, on the line of communication between Adrianople and Constantinople. If the reports here that Eskibaba has fallen prove true, they will indicate that the main turning movement of the Bulgarians has been successful, and that Adrianople is isolated, and almost sure to fall.

Capture Important Point.

Sofia, Oct. 28.—Official confirmation of the report that Bulgarian troops have captured Eskibaba, 60 miles southeast of Adrianople, was received here today. Eskibaba is but 100 miles distant from Constantinople. The capture of Eskibaba means that Adrianople is cut off from all communication with Constantinople, the Bulgarians having complete control of the Oriental railroad. The Turkish troops, which comprised the garrison at Eskibaba, are retreating in the direction of Constantinople.

Allies Win Everywhere.

Belgrade, Servia, Oct. 28.—Dispatches here from the Serbian front declare that the allied forces have captured Pristina, Uekuh and Istib, and plan an attack within a few hours upon Salonika, which they are rapidly approaching.

With a Greek army moving on Salonika from the southwest, and the combined Serbian and Bulgarian force approaching from the north, the second portion of the allies' plan seems near its climax. The capture of Salonika will mean that all of the western part of Turkey-in-Europe will be cut off from Constantinople, and its reduction will be merely a matter of guerilla fighting.

Turks Kill Each Other.

Constantinople, Oct. 28.—Admission that one-tenth of one entire Turkish army corps was killed at Kirk Killaseh through the clash between two Turkish detachments as the result of a mistake, was made here by Turkish officials this afternoon.

The same officials, however, insisted that the Turks had captured Kirk Killaseh.

Turkey Ready to Fight.

Budapest, Hungary, Oct. 28.—That Turkish forces have recaptured Kirk Killaseh from the Bulgarians is reiterated in dispatches received here, which are said to be vouched for by the Turkish war ministry.

Turkish attaches here say the Moslem army is now fully mobilized, and that Turkish victories may be expected.

It's an Ill Wind, Etc.

Oyster Bay, N. Y., Oct. 28.—By orders from his physicians, Colonel Theodore Roosevelt's speech at Madison Square Garden next Wednesday evening will be limited to 30 minutes. Although the former president is rapidly recovering of the effects of John Schrank's bullet, the doctors fear the tax on his strength should he speak longer. Colonel Roosevelt enjoyed another walk outdoors today. It was announced that he still suffers occasional pains from the wound.

Governor Will Take a Hand in Enforcing Law

"If I find that the laws are not being enforced at Klamath Falls—and I have every reason to believe that they are not being enforced, as it appears the sheriff and the city officials are allowing houses of prostitution to go unmolested—I shall take a hand in enforcing the laws there." So stated Governor West today after receiving a reply from Mayor Nichols, of Klamath Falls to the governor's telegram of Friday in which the executive demanded to know what steps the mayor proposed to take toward enforcement of the law.

In his reply Mayor Nicholas charges that the Klamath Falls Northwestern has published numerous fake stories about the lack of law enforcement in that city with a view to causing the resignation of both the mayor and of the police force. The mayor claims that the lawless conditions of which the Northwestern has made publication do not exist and never have existed. The difficulty between the Klamath Falls newspaper and the city officials, and in which Governor West has been asked to take a hand, arose over the alleged assault upon R. Vance Hutchins, a reporter on the staff of the Northwestern, by Policeman Hall while the mayor, the chief of police and other officials looked on without offering to interfere.

Governor West stated further when interviewed today: "I will see that the matter is thoroughly investigated. I cannot understand why the mayor and the chief of police should stand by and see a peace officer assault a citizen of the town, and claim that the laws are being enforced, when as it now appears, the policeman has pleaded guilty."

It takes a clever man to sell out advantageously when he is pretty near all in.

Sherman's Condition Is Critical

Vice President Suffers a Relapse and His Condition Is Alarming--He Has Been Sick for Six Months

[UNITED PRESS LEASED WIRE.] Utica, N. Y., Oct. 28.—James Sherman, vice-president of the United States, is in a critical condition, and the outcome of his case cannot be forecasted at this time, according to admissions made here this afternoon by his physician, Dr. F. H. Peck.

Although the physician denied that he considered Sherman's case hopeless, he made no attempt to minimize the seriousness of the vice-president's illness. Sherman is suffering from a complication of ailments which have caused heart weakness and difficulty in breathing.

Vice-President Sherman has been ill since last spring. It was thought, however, until recently, that he was recovering.

Sherman suffered a relapse a week ago, when he went to the polls and registered. He seemed much better Sunday, and was able to walk about the house. He suffered a bad night last night, but showed some improvement this morning. Dr. Peck announced this afternoon that the vice-president is resting comfortably, and that he hoped for further improvement.

BIG LAND COMPANY'S ASSESSMENT REDUCED

The time for filing complaints as to assessments before the county board of equalization expired Saturday. County Clerk Allen says there are a less number than have ever been filed before during his incumbency in office. About twenty-five formal complaints have been made, the only one having any importance being the one made by the Oregon & California Land Co. In this instance it was found that a few inaccuracies had crept into the assessment, which the board ordered eliminated so that with the change ordered by the board this assessment will be reduced several thousand dollars. The assessment of this company should be fifty cents a thousand on stampage on the cruise made in 1908 and in addition of \$2.50 on acre for the land.
