

GRAND OPERA HOUSE
Thursday, November 14
 The English Star
Constance Crawley
 And her London players, including Arthur Maude, in
The Broken Law
 By Oscar Wilde, the greatest social drama ever written.
 "Why should there be one law for a man and another for a woman?"
 Prices: \$1.50, \$1.00, 75c, 50c.

Great Play and Played Greatly

Miss Constance Crawley, who is giving a star performance of the "Broken Law" at the Grand opera house on Thursday, November 14, is one of the finest emotional actresses that have been seen in Salem for many years. Miss Crawley, who has been called the second Mrs. Patrick Campbell, holds the world's record audience, having played to 10,000 people at Greek Theatre in Berkeley, Cal.

Miss Crawley is the direct descendant of the world-famous Sir Walter Raleigh, and belongs to the family of Briezke, the first family of Poland and ranking next to the royal blood. It is this mixture of Polish and English blood, with years of education and experience in America that is said to give Miss Crawley her power over her audience. The emotional Polish nature, combined with the impetuous reserve of her English ancestors, and the bright, quick-witted characteristics of the American people have all had their part in making her one of America's foremost emotional actresses.

The quality of Miss Crawley's acting may be gathered from the fact that she has played three times before the Stanford university, as well as before the University of California, the University of Michigan, at Ann Arbor, the University of Illinois three times, and Princeton university. In addition to this Miss Crawley has played inside the convent of the Sacred Heart at St. Louis, and the Mount Vincent convent at Halifax, Nova Scotia. When it is stated that the Very Rev. Father Fuhr, of San Francisco, bought the entire house from floor to ceiling in order that his entire congregation might have an opportunity of witnessing Miss Crawley's production of "Excursion" after having himself witnessed one performance of this famous play, some idea of her power to portray the passions and emotions of mankind may be imagined.

The play to be presented at the Grand on Thursday next, is one of Oscar Wilde's best dramas, "The Broken Law," and deals with the condition in which there is one law for a man and another for a woman. The fact that in many instances there is one standard of morality demanded of a woman and another of a man is the theme of the play. To explain more fully would spoil the pleasure of witnessing the performance, so we will leave the more intimate details for the stage of the Grand opera house, Thursday, November 14.

BURNING CANDY CAUSED CITY HALL

[UNITED PRESS LEASED WIRE.]
 Riverside, Cal., Nov. 12.—Candy burning to a crisp is responsible for Riverside's new city hall, for which plans are ready. The mayor's office was in a rented room above a candy factory. He objected to the odor.

THE REMEDY WORSE THAN THE DISEASE

[UNITED PRESS LEASED WIRE.]
 Los Angeles, Cal., Nov. 12.—Have a cocktail? "No, I've just had a banana," may be the way of turning down a drink, if Dr. Margaret C. Goetler's scheme works out. She claims that a fruit diet will kill the craving for liquor.

Candidates' Expenses.

County candidates have filed expenses as follows: L. D. Rathoff, for county clerk on the Socialist ticket, nothing; Joseph G. Moore, for treasurer on the Republican ticket, \$49.50; Geo. W. Wecker, for representative on the Republican ticket, \$59.50; William Esch, candidate for sheriff on the Republican ticket, \$81.25; Frances Feller, candidate for representative on the Democratic ticket, \$41.10; Harvey L. Clark, candidate for recorder on the Independent Democratic ticket, \$62.

BREAKS A COLD NEEDS NO HELP

PAPPE'S COLD COMPOUND CURES COLDS AND GRIPPE IN A FEW HOURS—TASTES NICE.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

Southern Oregon complains that hay, especially alfalfa, shipped there from Idaho, has brought in an abundance of pests of all kinds, in the shape of bugs.

Miss Constance Crawley, in "The Broken Law," at the Grand Opera House, Thursday, November 14.

ACKNOWLEDGE IT.

Salem Has to Bow to the Inevitable—Scores of Endorsements Prove It.

After reading the public statement of this fellow-sufferer given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

E. P. Head, First and Geary Streets, Woodard's addition, Albany, Oregon, says: "I had backache and kidney complaint and at times became so lame and sore that I could not stoop. The reports I heard about Doan's Kidney Pills were so favorable that I procured this remedy and began its use. Prompt and thorough relief followed and my back and kidneys were greatly strengthened. I am in a position to recommend Doan's Kidney Pills to any one afflicted as I was." (Statement given February 6, 1906.)

A Second Statement.
 On November 15, 1909, Mr. Reed said: "I can confirm all I have ever said about Doan's Kidney Pills. This remedy did me a world of good and I consider it an excellent one for kidney disorders."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo

California in Doubt.

San Francisco, Nov. 12.—With the complete official count for 12 counties already canvassed by the boards of supervisors in the hands of the Democratic state central committee showing an increase of 321 votes for Wilson and 55 for Roosevelt over former victors, Chairman J. O. Davis of the committee today expressed his belief that Roosevelt's present lead of 455 in the state would be trimmed down considerably, if not entirely overcome.

A Traveling University.

A section of the University of Minnesota will go "on tour" again this year. For one week last June the people of a number of small towns in Minnesota had the state university in their midst in the form of its most characteristic activities, and the eighteen communities benefited have unanimously asked that the experience be repeated this year.

"University Week" is the institution by which this is made possible. The project originated with President Geo. E. Vincent, of the University of Minnesota, and at once gained the popular nickname of "President Vincent's Educational Circus," largely because of the touring method and the fact that it was at first planned to hold most of the sessions in tents.

The plan is something more than merely university extension. To all intents and purposes a representative portion of the university—faculty, students and equipment—is temporarily detached and transferred to other parts of the state, thus actually extending the benefits of the state's costliest educational plant to a wider field than ever before. The plan is considered by the United States bureau of education an excellent device for bringing together for mutual profit a state university and the people who support it.

What "University Week" really is may be seen from a typical program. Each day of the six is devoted to some special topic, with lectures and demonstrations during the day time and high-class entertainments at night. Thus: Monday is Business Men's Day. There are lectures on all kinds of topics interesting to business men, from marketing problems to fighting forest fires, as well as a few talks of more general nature. In the evening there is a concert by the University Glee Club. Tuesday is Art and Literature Day, with lectures on libraries, children's books, women's clubs, civic betterment, the drama and similar subjects. There is a reading hour in the afternoon, in charge of a trained elocutionist, and an industrial art exhibit; in the evening an illustrated lecture: "Art in Common Things."

Wednesday is Home Welfare day. In the day sessions such problems as "The Human Being of High School Age," "Why Babies Die," rational living, kindergartens, and industrial education are considered, while at night a prominent educator gives an illustrated lecture on "How Minnesota Educates Her Children." Thursday is Public Health Day, with appropriate lectures and exhibits. In the evening there is a dramatic recital of a modern play.

Friday is Farmers' Day, and live questions of farm policy are discussed by experts in agriculture. There is also an address on "The Social Possibilities of Rural Communities" by an educator who has made special studies in this field. In the evenings professors from the university give a scientific demonstration of the gyroscope and liquid air. Saturday is Town and Country Day, with "Social Life in Town and Country" as the leading topic. In the evening the University Dramatic Club appears in Shakespeare's Merchant of Venice.

Genuine interest is aroused in the towns visited. In most instances the people take the visit of the university as the business of the week and devote all their attention to it. Not only the townspeople, but farmers from outlying districts as well, attend the sessions. Boys' farming camps are organized in connection with the university week, and always prove a popular feature. The university authorities and those who co-operate with them—State health boards and other agencies—are particularly careful to provide speakers who not only know their subjects well, but are able to talk interestingly to a non-university audience. The expense of obtaining such men would be prohibitive but for an ingenious arrangement of circuits, whereby the Traveling University week is able to "play" six communities in the same neighborhood by interchanging days.

It is estimated that there are several ways in which this novel plan of extending the influence of a state uni-

I Am Willing To Prove I Can Cure You

To That End I Am Giving Away \$10,000 Worth of Medicine

DR. T. FRANK LYNOTT who is giving away \$10,000 worth of medicine.

In order to show beyond all doubt that I am in possession of a medicine that will cure kidney trouble, bladder trouble or rheumatism, I will this year give away ten thousand dollars worth of this medicine, and anyone suffering from these diseases can get a box of it absolutely free. All that is necessary is to send me your address.

I don't mean that you are to use a part of it or all of it and pay me if cured. I mean that I will send you a box of this medicine absolutely free of charge, a gift from me to the Uric Acid sufferers of the world, so I can show them where and how they may be cured. I will not expect payment for this free medicine, nor would I accept it now or later if you sent it to a free in the real meaning of the word.

For twenty-five years—a quarter of a century—I have been trying to convince the public that I have something genuine, something better than others have for the cure of stubborn, chronic rheumatism, for torturing kidney backache, for annoying calls to urinate. But it is hard to convince people—they try a few things, unsuccessfully, and give up all hope and refuse to listen to anyone thereafter. Happily, I am in a position now to demonstrate to sufferers at my own expense that I have a medicine that cures these diseases. I don't ask them to spend any money to find out; I don't ask them to believe me; nor even to take the word of reliable people, but all I ask is that they allow me to send them the medicine at my own cost. That is surely fair.

To this end I have set aside ten thousand dollars, which will be used to compound my medicine. Much of it is ready now to be sent out, all of it fresh and standard. There will be enough for all sufferers, though there be thousands of them. And anyone who needs it can get some of it free. But in order that I shall know that you have a disease for which this medicine is intended, I ask you to send me some of your leading symptoms. If you have any of the symptoms in the list printed here you need my medicine and if you will write me I will gladly send you a box of it free with full directions for your use. Look the symptoms over, see which symptoms you have, then write me about as follows: "Dear Dr. I notice symptoms number—here put down the numbers, give your age, full address, and send it to me. My address is Dr. T. Frank Lynott, 505 Deagan Bldg., Chicago, Ill."

The ten thousand dollars I am spending for the compounding of my medicine is only a part of the money I am devoting to this cause, for the package of medicine I send you will be fully prepaid at my expense. From any standpoint you view it, YOU incur no expense or obligation. Just tell others who you know are suffering who sent you the medicine that cured you.

I am spending to give away ten thousand dollars' worth of medicine, and I

will do that; I am promising to send any sufferer who writes me a box of this medicine and full directions free of charge, and I will do that. I can say further that this medicine has been vouched for according to law as complying in every detail with all requirements. It will stop rheumatism, it will stop pain and headache, it will stop too frequent desire to urinate; it will heal, soothe and strengthen. You will be better in every way for having taken it. There is not an ingredient that can injure, not one that will benefit. All that I ask is that you use it yourself so that you may be personally convinced.

Owing to the large number of requests, I have had ten thousand more copies of my medical book printed. This book is new and up to date and contains complete descriptions, symptoms, causes and cures of kidney, bladder and rheumatic diseases. All who write for the free medicine will be sent a copy of this grand illustrated medical book—the largest ever written on these diseases for free and general distribution.

If you need medicine such as I have, if you are anxious to be cured and don't want to spend any money LOOKING for cures, write me. Read the symptoms over and let me hear from you today.

These Are the Symptoms:

- 1—Pain in the back.
- 2—Too frequent desire to urinate.
- 3—Burning or obstruction of urine.
- 4—Pain or soreness in the bladder.
- 5—Frequent trouble.
- 6—Grip or pain in the stomach.
- 7—General debility, weakness, dizziness.
- 8—Pain or soreness under right rib.
- 9—Swelling in any part of the body.
- 10—Constipation or liver trouble.
- 11—Pain in the joints under the heart.
- 12—Pain in the hip joint.
- 13—Pain in the neck or head.
- 14—Pain or swelling of the kidneys.
- 15—Pain or swelling of the joints.
- 16—Pain or soreness in the muscles.
- 17—Pain and soreness in nerves.
- 18—Acute or chronic rheumatism.

versity will have a direct effect: In the first place it will make the work of the university well and favorably known where it has before been known only vaguely or even mistaken; it will break down the already weakening barrier of educational exclusiveness; and more important still, it is one more link in the chain of rural betterment. It emphasizes an essential point in the present day conception of rural life—that town and country are one community.

It is folly to offer a wise man a penny for his thoughts.
