Why Drudgery In Your Household Work?

The family wash is responsible for most of the hard work with which housekeeping abounds. Without it the duties of the housewife are comparatively light. Mondays, conservative housekeepers are sending the family wash to us—not just because they can afford it—for the most economical have found it genuine economy. Also this does away with real drudgery—giving you more time to yourself. Why not follow in the footsteps of your neighbors? They find it pays to let us do the drudgery.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place." is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agent, J. C. Perry.

ANOTHER LUMBER COMPANY. (Continued from page 1.)

lumber from other sources than Salem.

Mr. Hammond, under whose name the Hammond Lumber company was conducted, is about the largest lumber dealer in the state, according to officials of the Spaulding company, and his timber holdings in Oregon are enormous. This would indicate that the new firm is intending to operate upon only the new incorporators' capital and no attempt will be made to corner the lumber trade or consolidate the Spaulding Logging company with the Capital Lumber company.

Drives Off a Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Va., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. Trial bottle free of J. C. Perry.

Patients Cured by Hundreds

[UNITED PRESS LEASED WIRE.] Colorado Springs, Colo., Dec. 4.—Further testimony that the reported Friedman cure for tuberculosis is really a cure was given here today by Dr. A. C. H. Friedman, who returned yesterday from Berlin, where he visited his brother, Dr. Frederick Franz Friedman, the discoverer.

Discussing the effects of the turtle serum, which is said to be the greatest medical discovery for ages, Dr. Friedman said:

"Several hundred patients my brother treated are recovering, thus proving the efficiency of the cure. The matter of immunizing new born children against disease is still indelible. The exact effect of the injection of the serum on babies will not be ascertainable for several years."

Three Years Is Not Half Enough for It

[UNITED PRESS LEASED WIRE.] San Francisco, Dec. 4.—Charles W. Hickey, notorious as the operator of fraudulent women suit clubs in Pacific coast cities, in connection with which he is now facing a number of criminal charges, was sentenced to serve three years in San Quentin here today by Superior Judge Frank Dunne, before whom Hickey was convicted by a jury of obtaining money under false pretenses from Tony Raptos, Arthur Meadows, jointly charged with Hickey, received a similar sentence. A stay of ten days was granted, and notice of appeal filed.

Hickey and Meadows, according to the information against them, accepted \$800 from Raptos, with which to secure for him a license to act as their labor agent, they having represented to Raptos, it is alleged, that they could find positions for several laborers up-state. A great number of workmen were sent from town in quest of positions, which proved not to exist, whereon they complained to the authorities, and the arrest of Hickey and Meadows followed.

WILD DUCKS HAVE ABANDONED THE SLOUGHS

What has become of all the wild ducks that formerly frequented this vicinity is a serious question now with the hunters of the Capital City. Three years ago the Willamette river and the many sloughs south of the city were the ducks' paradise and nirvana enjoyed sport galore, but this season, according to several prominent hunters, it is an almost impossibility to scare up even a "mud hen." It is believed by many that the feeding grounds in Multnomah county are responsible for the shortage in this territory and there are rumors afloat that a feeding ground may be established in Marion county before long.

WONDER KANDY KITCHEN HAS CHANGED OWNERSHIP

H. H. Woods, the popular proprietor of the Wonder Kandy Kitchen, has sold his interest in the neat little store at 371 North Commercial street, to Kless & Jones. Mr. Kless being from Portland and Mr. Jones, of Oak Grove. Mr. Woods has built up a nice business at his former place in the past year, and the new owners will no doubt be accorded the same patronage enjoyed by Mr. Woods. Messrs. Kless & Jones are experienced candy makers and thoroughly understand every phase of the confectionary business. Mr. Woods has not decided what business he will take up as yet, but intends to remain in Salem, for some time at least.

TOOK A FALL OUT OF BOTH OF THEM

Arnold Curry, a farmer residing five miles south of Salem, had a narrow escape from serious injury or death last night when a horse he was riding slipped and fell on the pavement on the South Salem hill. Mr. Curry was riding along at an easy canter when his horse suddenly lost his footing and fell headlong to the hard surface pavement. After rolling about ten feet, both man and horse got up uninjured with the exception of a hard jolt. Although the horse fell hard, he was not even scratched and Mr. Curry, after making careful examination of himself, found that he only damage done was a rent in his trouser knee.

WANTS HALF A BILLION FOR MISSISSIPPI LEVEES

[UNITED PRESS LEASED WIRE.] Washington, Dec. 4.—Addressing the national rivers and harbors congress here today, President Taft recommended an appropriation of half a billion dollars to build levees along the Mississippi river.

The president criticized congress mildly for its attitude toward the waterways of the country.

UGH! HOW ALL CHILDREN HATE CASTOR OIL

TO CLEAN THE LITTLE ONE'S STOMACH, LIVER AND WASTE-CLOGGED BOWELS GIVE GENTLE "SYRUP OF FIGS."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and bowels to bow; we coax them. We have no dreaded after effects. Mothers want to cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, listless, stomach sour, breath feverish and his little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without gripping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept nothing else.

Grand Jury Probes It

Los Angeles, Cal., Dec. 4.—The Los Angeles county grand jury resumed today its probe of the arrest of former Special Officer E. W. Lloyd, a witness in the case of former City Prosecutor Guy Eddie, who is charged with having contributed to the delinquency of a minor, Paul Powell, whose absence from Los Angeles, caused a delay in the investigation, was expected to be called as a witness. The probe, it is understood, will be conducted with Powell's testimony.
