Johnson Stirs up the Elite

BUYS RESIDENCE ON MILLIONAIRE ROW, AND THE NABOBS AND NABOBESSES ARE ON THE VERGE OF HYSTERIA.

Disclosure of the purchase of a home in the "Millionaire Settlement" at Lake Geneva, a Chicago millionaire residence district, by Jack Johnson, negro pugilist, has created a furore in the settlement, and even the village of Lake Geneva.

The fact that Johnson had succeeded in making the purchase in spite of a prohibitory agreement among the owners of property, and would occupy the home with his white wife, caused the residents to lay plans for ousting the pugilist if he came there.

An iron-clad agreement entered into by most of the property owners about the shores of Lake Geneva that no property should be sold unless the purchaser would be welcomed by a majority of the other owners proved of no avail, for Johnson searched about the lake until he found an owner not a party to the agreement, and hastily closed an option.

The land Johnson has purchased, or at least closed an option upon, was owned by Judson G. Sherman, one of the pioneer members of the colony. When the agreement was circulated among the owners of real estate upon the Lake Sherman refused to sign.

Sherman's estate is between the summer home of Mrs. Otto Young and that of Julian Rumsby. Some others who have property near are H. J. Evans, of the National Biscuit company; J. J. Mitchell, president of the Illinois Trust & Savings bank; Samuel Allerton, S. B. Chapin, J. H. Moore and Edward Bosley.

"He will find out that he can't speed about this part of the country with muffer cut out," said Attorney Chas. French, of Lake Geneva, today, speaking for the resentful householders there. "We may import a few of the plans residents of Georgia and Alabama employ and put them in practice right here, if Johnson won't leave peaceably."

Johnson Plays Pinochle. Johnson, ignorant of or ignoring the stir he has caused in the aristocratic circles about the lake, was more interested in "melding" a hundred aces in a pinochle game in his home today than in discussing his purchase. In speaking of his purchase he mixed aces and acres, tract and trumps, kine and kings.

"Yes, I bought that Sherman place up there as a Christmas present for Lucille," said Johnson, as he calmly took a "hundred aces" from his hand and melded them.

"My wife and I will move up there within a few days, just as soon as I have signed final papers in the deal. It doesn't make any difference what I paid for the land, but the option cost me \$35,000.

This long conversation came with the black pugilist while his partner was dealing a new hand in another pinochle contest. After the game was renewed there was silence for a few moments broken only by the strains of "My Rosalie," which Lucille Cameron-Johnson had started on the graphophone in the next room.

"Sixty queens," shouted Jack as he declared them. "I don't really expect any trouble up there, because if I buy the property outright and start my farm, I won't have anything to do with my neighbors, and I guess they will leave me alone as well."

The house which Johnson seeks is next to the last house inside the limits of Lake Geneva. It is an old-fashioned, two-story farm house, with about two acres of ground.

Residents of Lake Geneva assert that Sherman has threatened to sell to Jack Johnson several times when prospective purchasers refused to pay the price he asked for the property.

Another version which developed tonight that a syndicate of nine wealthy negroes is the real purchaser of the Lake Geneva tract and intends to establish there a club house. Johnson is one of the syndicate. This development gives the millionaire colony fresh alarm, as it means an establishment for boxing, dancing, cards and other diversions dear to the negro heart in their heretofore exclusive neighborhood.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents' worth) in a pint bottle and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold in obstinate cough in 24 hours. It tames up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat ticks, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Milage Is Paid the Children

The directors of school district No. 92, in eastern Clatsop county, have solved the problem of getting children to attend school by allowing milage to the parents for each child that attends. In many of the large, thinly settled districts in the new territory being opened in the Columbia river basin a conveyance is maintained by the district for the transportation of the pupils to and from the school. These vehicles have been dubbed "kid wagons."

The directors of school district No. 92 found this plan impractical, owing to the hilly nature of the district and so a schedule was arranged by which the parents of the children are allowed milage for each child. Nothing is allowed for the first two miles, but for the third mile 15 cents a child is allowed; for the fourth mile, 10 cents a child; for the fifth mile and each additional mile, 5 cents a child.

A record is kept by the teacher and warrants are issued each month and charged to a transportation account. The plan has been in operation for two months and the expense to the district has been less than one-half the amount that would have been required to maintain a wagon and driver. The attendance has been much larger than ever before.

In a letter to County Auditor Gunning, James R. Shepherd, one of the school directors, says: "We don't care how the children come, by pony, vehicle or shoe leather. We want them to come to school and come they do." In addition to the saving effected for the district, the danger of a careless driver running off a grade with a wagon load of children and possible damage suits in consequence against the district, is avoided. The directors of school district No. 92 are Mr. Shepherd, R. D. White and W. M. Counts.

YOUR CHILD'S HEALTH YOUR FIRST THOUGHT

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than 80 years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

Acquitted Quickly.

(United Press Leased Wire.) Because She Burned the Scriptures

(United Press Leased Wire.) Santa Monica, Cal., Dec. 23.—Doyle, that she is marked for "divine retribution," and that she has completed a warning. Mrs. Marvin Burley is prostrated today by events subsequent to her accidental burning of the Holy Scriptures in her kitchen stove.

After cleaning the house of an aged man who died several days ago, Mrs. Burley carried to her home among other books several paper bound copies of the Old Testament. Today, while preparing breakfast, she threw into the firebox of her stove two of these books. She discovered too late that they were copies of the Holy Word.

On the top of the stove were three pieces of browned toast. When these were removed each bore in perfect line and proportion a distinct cross. Mrs. Burley became hysterical.

Scores of persons examined the "toast" today and none was able to offer an explanation. The bread was far removed from the firebox of the stove and was not touched during the toasting operation.

Got Off With a Year.

(United Press Leased Wire.) San Francisco, Dec. 23.—Jack Black recently returned here from Canada after his escape from the San Francisco county jail, where he was held for a number of years pending the restoration of records of his case appeared before Superior Judge Dunsen today on the original charge of assault with intent to commit robbery and was sentenced to serve one year at San Quentin.

Black was originally sentenced to serve 2 1/2 years. The fire of 1904 destroyed the records of his case and up to the time of his escape he was holding their restoration.

CLUES TO CHICAGO MURDERER PROVE FALSE

(United Press Leased Wire.) Chicago, Dec. 23.—With the collapse of the clue connecting Gertrude Ryan, a notorious Chicago slayer, with the murderer of J. P. Lawson, a disreputable merchant, the water was thrown out of the case in the case of the slayer. Ryan, a woman of whom it was said she was on the day of the crime, Ryan's statement of witnesses was a little more full on her part. She had been the partner of Gertrude Ryan in the murder.

Complaints of the slayer's slayer were made and she was arrested in 1911. A new investigation surrounding Ryan was known to have had business dealings with Lawson.

A judgment by the judge was made to get the property, but it failed her so that she could not receive her share. That means a great reason.

WHAT THE LUMBER MEN ARE DOING

With one steamer towing logs to Newberg and another towing to Salem, the Charles K. Spaulding Logging Co. is taking advantage of the high water season. These boats have only recently been put to work. The steamer City of Eugene is towing to Newberg and the Grey Eagle to Salem, both from the mouth of the Luckiamute river.

The Salem and Newberg mills are now being supplied entirely by water, the camps of the company having been closed on account of the unfavorable weather and the holidays. About 125 men have been made idle temporarily as a result of the camp closing. If the weather is favorable the camps will be reopened immediately after the holidays.

The Falls City Lumber Co. has recently opened a new camp of about 50 men near Black Rock. The Black Rock establishment of the company is being rebuilt. When all this work is completed the company will have at Falls City one of the best plants in the entire timber region of the Northwest.
