**First Bill  
Is for the  
Exposition**

**SENATOR JOSEPH INTRODUCES  
BILL APPROPRIATING \$500,000  
FOR 1915 SHOW—LENORA GRAY,  
FIRST GIRL PAGE IN STATE,  
CARRIES IT TO DESK.**

For the first time in the memory of those old-timers, who have been witnessing the opening sessions of the Oregon legislature in the last 25 years, the senate session yesterday afternoon forged past the usual hour of adjournment and did not close until 5 o'clock. Twenty bills were introduced as fast as the reading clerk could give them utterance, and instructions given to have them rushed to the printer.

Senator Joseph, of Multnomah, introduced the first bill. It was for the appropriation of \$500,000 for the Oregon exhibit at the Panama-Pacific exposition in 1915. Lenora Gray, the first girl page who ever officiated in an Oregon legislature, carried the bill to the desk of the chief clerk, at the special request of Senator Joseph.

"I want Lenora Gray, the first girl page the Oregon legislature ever had, to carry this bill to the clerk," said the senator.

"Lenora," requested President Malarkey, in a kindly voice, "will you please bring the senator's bill to the clerk?"

Lenora brought the bill as nimbly and with as much dispatch as could Jimmy, Sammy, Dick or any of the rest of the pages have done.

**Introduction of Bills.**

Immediately after the joint sitting of the two houses to hear the governor's message, President Malarkey called for the introduction of bills.

Senator Barrett represented the doctrines of Judge Stephen A. Lowell in the introduction of bills relating to the corrupt practices act and for the amendment of the initiative and referendum laws.

Following is the list of bills introduced:

S. B. 1, by Joseph—Providing for an appropriation of \$500,000 for the Panama-Pacific exposition.

S. B. 2, by Smith, of Coos and Curry—Relating to fixing of attorney's fees.

S. B. 3, by Smith, of Coos and Curry—To protect trade and commerce against unlawful trusts and monopolies.

S. B. 4, by Neuner—Relating to penalty for certain unnatural crimes.

S. B. 5, by Neuner—Extending laws as to action for recovering for trespass of livestock to apply to sheep and goats.

S. B. 6, by Carson—Establishing the south boundary of Marion county.

S. B. 7, by Dimick—Repealing Oregon naval militia act.

S. B. 8, by Dimick—Repealing rural supervisory school law.

S. B. 9, by Dimick—Repealing act relating to county veterinarians.

S. B. 10, by Perkins—Providing for free meeting places for G. A. R. Spanish American War Veterans and kindred associations in counties where there are armories.

S. B. 11, by Perkins—Amending act relating to the regulation of the practice of dentistry.

S. B. 12, by Barrett—Authorizing county courts to issue road bonds.

S. B. 13, by Barrett—Amending the corrupt practices act.

S. B. 14, by Barrett—Amending direct primary laws.

S. B. 15, by Barrett—Relating to appointment of circuit judges and providing for their compensation.

S. B. 16, by Barrett—Relating to corrupt practices act.

S. B. 17, by Barrett—Amending act relating to rotation of names on ballot.

let and eliminating numbers on ballots.

S. B. 18, by Barrett—Limiting number of measures under initiative presented to people at any one election.

S. B. 19, by Bean, Malarkey and Hawley—Prescribing manner of printing and binding senate journal.

S. B. 20, by Burgess—To regulate the license and operation of vehicles.

**Cochran Elected Clerk.**

With Roy W. Ritter, of Pendleton, opposing him, John W. Cochran, of Portland, was elected chief clerk of the senate. Three ballots were required. The first two gave each candidate 15 votes. At the third vote Senator Dimick shifted his vote from Ritter to Cochran.

Frank Moter, of Portland, veteran reading clerk of the senate, was defeated by Ben Huntington, of Drain. The vote stood 16 to 14. Eugene Foster, of Dallas, was elected calendar clerk over Walter E. Meacham, of Baker, with 22 votes to Meacham's 8. Colonel W. G. D. Mercer, of Eugene, drew the sergeant-at-arms plum. He had three opponents, T. E. Hillis, of Washington county; F. X. Rix, of Portland, and Joseph Riley, of Portland.

George Crane, of Douglas county, beat Henry P. Ford, of Cooskeeper, the vote standing 22 to 8. J. I. Moreland, of Hood River, was elected mailing clerk. He won out over Bert Warford, of Linn county, E. E. Groves, of Marion, and B. B. Buchanan, of Douglas. It took three ballots to settle this election.

**YOUR CHILD'S HEALTH  
YOUR FIRST THOUGHT**

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution for life.

Such children need Jayne's Tonic Vermifuge which is essentially a child's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than 80 years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

**THE MARION SCHOOL  
ENJOYED THE VISIT**

The teachers and pupils of the Marion school were made glad last Friday afternoon when Miss Lizzie Cornelius, their supervisor, made them a visit and after inspecting the building grounds and general school work, declared each room to be "standard," according to the new system used in Marion county. Prof. E. A. Palmer is the efficient principal, Miss Jennie Williams teaches the intermediates and Miss Ethel Law the primary.

The teachers hope soon to be able to give time to more of the school arts. Drawing is being taught in the upper rooms and it is thought that music will have its place before long on the regular program of the day in these grades.

The primary pupils are in a separate building and their teacher is doing good work in teaching them.

A reading circle is conducted regularly in Marion and the teachers who are in attendance express themselves as being helped greatly in these Saturday meetings.

**GARMENT WORKERS DEMAND  
A 20 PER CENT RAISE.**

[UNITED PRESS LEARNED WIRE.]  
New York, Jan. 14.—That a general 20 per cent increase in all branches of the trade would be demanded was announced at the garment workers' strike here yesterday.

The ladies' waist makers and dress-makers struck today, adding 13,000 more strikers to the number already out. Indications are that more workers will quit.

Four manufacturers have opened shops to non-unionists in an effort to break the strike.

A monster parade of strikers was held on the east side late today.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale all dealers.

Some people are too high-toned to have common sense.

Method Is  
Approved**

**SCHOOL CREDIT FOR HOME DUTIES CATCHES THE FANCY OF THE BUREAU OF EDUCATION, WHICH IS SENDING IT BROADCAST.**

How teachers in Oregon bring school and home closer together by giving credit for industrial work at home is told with compelling interest by Hon. L. R. Alderman, state superintendent of public instruction in Oregon, in a pamphlet which the United States bureau of education is sending free at the request of teachers.

Building fires; milking a cow; cleaning the barn; splitting and carrying in wood; turning cream separator; cleaning house; gathering eggs; feeding farm animals; churning butter; preparing breakfast; sweeping and scrubbing floors; dusting furniture; making beds; sewing, washing and ironing the child's own clothes; bathing; arriving at school with clean hands and face and with hair combed; practicing music lesson; going to bed by 9 o'clock every night; and dressing the baby; sleeping with window boards in bedroom; these are a few of the duties for which the teacher at Spring Valley, Oregon, allows credit in connection with regular school work.

The work is definitely measured and allowed for. The child desiring credit for home tasks brings to school a slip signed by the parent testifying to what has been done; 10 per cent is added to the final examination results of all pupils (except eighth graders) who enter and continue in the voluntary contest to see which can obtain the most credits. A certain number of accumulated credits entitles the pupils to a holiday, at the discretion of the teacher; and in this one school, at least, each reward are given to pupils making the best record in accredited home tasks.

The experiment was so successful in Spring Valley that it attracted the attention of the county superintendent of the state, who this year made a special trip to observe the results of the home-credit plan in this school, and then advocated the idea everywhere. Already schools in other localities have tried the plan with success, modifying the details in accordance with local needs, but always retaining the central principle of home and school co-operation.

Observers of the work that is done in Oregon agree that the effect both on school and home has been unflatteringly good. The children take more pride in their homes; give eager assistance in the household to their frequently overworked mothers; live cleaner, healthier lives than before; yet they by no means neglect their school work in their awakened zeal for home interests. Instead, the evidence seems to be that habits of industry and cleanliness thus encouraged in respect to duties in the home are not only reflected in the pride they take in sanitary school surroundings, but also in increased ability in studies, greater willingness to do the lessons, and a higher degree of accuracy in all the activities, both of home and school.

The basic principle behind the work of Dr. Alderman and his associates is that education should make us more willing and efficient workers. "Every person has some home duties, chores, and the like. Under the proper encouragement and direction the boys and girls who are in school can be taught to do these things well and thoroughly. The more they do, well and cheerfully, the better for them; they will become finer and more useful men and women. The giving of school credit for home work," says Dr.

**The Underwood  
Typewriter**

Again proved conclusively in a public demonstration its superior qualities in

**Speed, Accuracy and Stability**

Operated for eight solid hours (continuously) by eight of the world's fastest typists, in half-hour relays, one Underwood Typewriter (taken from stock) produced the magnificent total of 55,944 words, averaging nearly 10 strokes per second. The crucial test of stability was here shown. Nowhere, at any time, has a typewriter turned out such a tremendous amount of work in the same time. This is a world's record.

The Underwood Typewriter, in the international speed and accuracy contests, won

First nine places in the World's Championship.  
First four places in the World's Amateur Championship.  
First two places in the World's School Championship.

Breaking all former records.

Every record, every year, in every contest is held by the Underwood.

FOR FLETCHER'S  
CASTORIA**

Alderman, "It like opening great reservoirs of power which as yet have been scarcely tapped."

Certain it is that co-operation between home and school is one of the pressing problems of the day. Accordingly this Oregon experiment, which seeks to co-ordinate in the fullest sense the interests of school and life, is followed with close attention by educators everywhere.

The United States bureau of Education has several thousand copies of the Oregon booklet on hand for free distribution. They may be had on request.

**Notice of the proposed change of grade on Front street, between South line of Shipping and the north line of "D" street.**

Notice is hereby given that the common council of the city of Salem, Oregon, proposes to change the grade now established on Front street between the south curb line of Shipping street and the north curb line of "D" street, in said city.

The grade proposed to be established is as follows, to-wit:

Commencing at a point on the center line of Front street on the south curb line of Shipping street, which point is 15 feet north of the south line of Shipping street and is at an elevation of 49.7 feet above the city of Salem base of grades and which elevation is the present established grade of the city of Salem thence on a descending grade of 0.5 per cent in a southerly direction along the center line of Front street a distance of 940 feet, more or less, to a point, said point being at an elevation of 36.9 feet above city of Salem base of grades thence on a level grade in a southerly direction along the center line of Front street a distance of 737 feet to a point, said point being at an elevation of 39.9 feet above the city of Salem base of grades; thence on an ascending grade of 0.5 per cent in a southerly direction along the center line of Front street a distance of 400 feet to a point on the north curb line of "D" street, which point is 14 feet south of the north line of said "D" street and at an elevation of 35.8 feet above city of Salem base of grades, and which elevation is the present established grade of the city of Salem.

All persons affected by the proposed change in the grade set out above are hereby notified to file their remonstrance against such change of grade, if any they have, on or before 7:30 o'clock p. m. of the 24 day of February, 1913, at which time the common council will proceed to establish the said grade as above set forth, in the absence of any remonstrance thereto.

All persons interested are hereby referred to the map or plat of said portion of Front street on file with the city recorder, showing the said proposed change of grade.

This notice is published for the period of ten (10) days the date of the first publication being the 8th day of January, 1913.

CHAS. F. ELGIN, City Recorder.
