Arouses Wonder of Musicians

When Olga Steeb, the wonderful pianist who is to play at the Armory Wednesday evening, January 22, announced that she was going to attempt the biggest feat that any pianist in history had attempted, the Berlin critics expressed astonishment and gave her the closest possible attention. Her phenomenal success is shown in the following notice from the "Allgemeine Musik-Zeitung" of Berlin:

"The pianiste Olga Steeb has undertaken the gigantic task of playing nine concertos with orchestra, in three evenings! She began last Friday evening in the Singakademie, assisted by the Philharmonic Orchestra, with the concertos in A minor of R. Schumann, F minor of Chopin and E flat major of Liszt, of which I heard the last two. Already at her first appearance in this city last season Miss Steeb showed extraordinarily

Easy to Get Rid of Corns This Way

"GETS-IT," the New Corn Cure. Guaranteed.

"Corns Gone! GETS-IT Got 'Em." "GETS-IT" is the new-plant corn cure that will surely surprise you the very first time you use it, it is so simple, painless, quick and sure in its action.

It shrivels up the corn, wart, callosity or bunion, separates them from the true flesh, the corn comes off, and there you are, with feet that feel positively glorious; corn-free once more as they used to be in your "barefoot days."

The most remarkable feature is that "GETS-IT" does not harm or turn raw the healthy flesh as other preparations do. It is as safe as water. No more plasters, bandages or salves. "GETS-IT" is sold at drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago. Sold in Salem by J. C. Perry, two stores, D. J. Fry, Dr. Stone's drug Store, Cron Drug Co., Red Cross Pharmacy, Opera House Pharmacy Capital Drug Co.

The Children Must Work Themselves

Last year, as near as we can get at it, there were about 60,000 children engaged in making or raising something with only a little start in the work, but it was a great stimulus to future effort. As a result of the inspiration gained last year we hope to have practically every one of the 125,000 school children of the state engaged in some phase of the work this year.

To those who did not get interested last year, and are not familiar with the rules of the contest, we wish to say that they are very simple. The most important one is that the children must do the work themselves, and that the parent or guardian will be required to sign a statement to that effect. In raising garden, some one else may plow the ground and harrow it, but the child must do the rest—the planting, cultivating, harvesting, etc. In raising poultry the child does not have to own the parent flock, but must set the eggs and feed and care for the chickens they exhibit.

One of the main objects of these contests is to get the boys and girls interested in doing something. To teach them to do something practical, something worth while, something by which they can earn a living when they grow up to manhood and womanhood. And the only way to learn how to do something is to do that thing with your own hands. If you show something that some one else has raised or made, you are cheating yourself out of the most valuable part of the contest—experience gained by doing it yourself.

Not only that, but in showing something that is not the product of his own effort he is practicing deception, cultivating dishonesty and laying the foundation for a life of dishonor and trouble. He may be successful in deceiving others. No one but himself and the members of his own family may ever know that he has cheated, but that is enough. In doing what he knows is not right he loses respect for himself, and that is a long step in the wrong direction. When a person loses respect for himself he soon loses the confidence and respect of others. "To thyself be true, and it follows as the day follows night that to no other man thou canst be false." Every child should early in life get this principle firmly fixed in his mind, and through life never depart from it.

Parents, don't think you are favoring your child by giving or loaning him something to take to the fair to win a prize with, for you are not. On the other hand, you are doing him an absolute injustice. You are cheating him out of the valuable experience of learning how to do something, and at the same time educating him to be dishonest. Character building is the most important part of the early education of the child, and the greatest value of these industrial contests is along that line—forming in the child habits of industry, economy, system, honesty, self-reliance and all of the traits that go to make up the good citizen.

There will be many valuable prizes for the children at the state fair again next year, but none of them will be worth as much as a clear conscience and the experience gained by raising or making something with which to win the prize.

"Our Personal Guarantee to all Skin Sufferers"

J. C. Perry, Druggist.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the eczema remedy and that we stand back of it with the manufacturer's iron clad guarantee, backed by ourselves you can depend upon it that we give our advice not in order to sell a few bottles of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell, all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription. And, if it does not do the work, this

bottle will cost you nothing. You alone to judge.

Again and again we have seen how a few drops of this simple wash applied to the skin, takes away the itch, instantly. And the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Chicago, is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooled, the itch absolutely washed away the moment you applied this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now on our positive no-pay guarantee.

HEAVY SNOW STORM AT VANCOUVER MONDAY

[UNITED PRESS LEASED WIRE.]

Vancouver, B. C., Jan. 21.—A heavy snow, which began falling at 10:30 o'clock Sunday night and continued until noon yesterday, seriously impeded Vancouver's traffic arteries. The streetcars were only able to maintain a "now and then" service. On some lines the snow had drifted so deep that there has been no traffic whatever. On others a few cars were successfully operated, but all more or less delayed. Three snow plows were put out early and have been kept busy. Snow gangs have been busy with their shovels.

OLGA STEEB PERFORMS UNPRECEDENTED FEAT

After her great European successes during the season of 1909-1910, Miss Steeb returned to California for a short tour. Appearing in recital and concert at San Francisco, San Jose, Los Angeles and other points, as well as making a visit to the City of Mexico, where she also played with extraordinary success. In Los Angeles Miss Steeb played to 6000 people in seven concerts, each succeeding audience being larger. After this tour Miss Steeb returned to Berlin, where she was billed to play nine concertos in three evenings, in March, 1911, a feat that no pianist in history before nor since has attempted. It was freely predicted in Berlin that Miss Steeb would break down before the concert was finished, and it was generally said that this feat would be impossible for any person to perform. It was indeed a daring thing for an artist who had never played with orchestra to announce such a stupendous series of programs. Her successful accomplishment completely dumbfounded and baffled her critics, several of whom said "these Americans—they can do anything and accomplish the seemingly impossible."

When is an Egg Fresh.

[UNITED PRESS LEASED WIRE.]

Olympia, Wash., Jan. 2.—An effort to solve the time honored problem of "when is an egg fresh?" was made today by Senator Fairchild of King county, when he introduced a bill designating the labels under which eggs may be sold in this state.

Fairchild's idea is to label all eggs not over a week old as "strictly fresh." If you can't sell them by that time change them over to the next box bearing the tag "local ranch."

People in the egg business who buy up large lots in the summer time and put them on ice must label the product "cold storage." All eggs from back east to bear the title of "eastern."

What Shall a Man Drink?

A question much in the public mind nowadays is "What shall a man drink?" Or rather, what may he drink? "Water," you say, "of course." But the purity of our water supply is the problem in every large city. As an old proverb puts it: "God defend me from the still water, and I'll keep myself from the rough." Quite recently the people of New York have been warned against the water by the head of the Health Department, and have been urged to boil it before drinking. Have you ever thought of the enormous cost and labor this would involve, if it were carried into general practice? The fuel, the implements, the lifting, fetching; the serving and replenishing on every floor of every tenement; in every restaurant and office; in public places and drinking fountains. Truly it is a "counsel of perfection," which is practically hopeless.

Why Drink Water When You Can Get SALEM BEER

"It is in the breweries that sanitation has been brought to as nearly perfect condition as it is possible in a food-producing establishment. The water used in the material is distilled. The hops and malt are absolutely clean before being permitted to enter into the manufacturing process. The vats, pipes, etc., are not merely washed, but scalded and thoroughly sterilized. And as if that were not enough, when the beer is placed in bottles it is pasteurized by being run through hot water, which would kill every germ which might have escaped the warfare conducted against it in the process of manufacture. The person who opens a bottle of beer is assured absolutely that what he has before him is a product absolutely free from germs and perfectly clean. It is also true that he may know that he has before him the only manufactured food article which may be said to be absolutely clean."

Salem's Famous Bottled Beer is especially brewed for domestic use. Its alcohol contents are just sufficient to pleasantly stimulate and invigorate.

LABOR UNIONS ARE NOT GETTING A SQUARE DEAL

[UNITED PRESS LEASED WIRE.]

Chicago, Jan. 21.—Unless the United States circuit court of appeals overrules District Attorney Charles M. Miller's objections to the \$60,000 bonds furnished by Pacific coast labor unions for the release of E. A. Clancy, convicted with 32 other labor leaders of unlawfully transporting dynamite, the San Francisco must remain in the government prison at Fort Leavenworth until sufficient securities are provided. Miller holds that the bail is insufficient because the liability of each surety is limited by stipulation and for other reasons.

W. R. Fox, 195 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney trouble, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set

my kidneys right. Other members of my family have used them with similar results." You will save time and money, and avoid needless pain and suffering by taking Foley Kidney Pills at the first sign of kidney trouble. Try them. Refuse any substitute. Dr. Stone Drug Store.
