THOMPSON BILL NOW A LAW.

(Continued from page 1.)

roads this morning. The committee consists of Burgess, chairman, Bean, Moser, Patton and Smith. The committee recommended the bill for passage with an amendment changing the clause which places the distance from depots within which saloons may not exist at 300 feet, to a clause only prohibiting saloons in any building connected with the depot building. On the Calkins Senate joint resolution designed to repeal the home rule amendments to the state constitution by election of the people in November, 1914, the committee on resolutions split, the majority report recommending that the bill not pass and the minority report taking the opposite stand. At Senator Calkins' motion the resolution was made a special order of business for Tuesday at 3 o'clock.

Stricter Law Wanted.

By a heavy vote the Senate passed Senator Day's joint resolution for an amendment to the state constitution to be voted on in the 1914 election requiring that any foreigner, to become a naturalized elector in the state of Oregon, must have completed the procuring of his naturalization papers. By the present law foreign born persons merely have to declare their intention to become naturalized. Senator Day declared that the existing law would result in great confusion in a few years in view of the completion of the Panama canal. Wood and Thompson opposed the measure, while Calkins and Moser upheld Senator Day. The resolution now goes to the House for its consideration.

Both Speaker McArthur and President Malarkey this morning signed a Senate joint resolution pertaining to memorializing Congress to amend the constitution in favor of popular senatorial elections.

To Amend Bean Bill.

The judiciary committee reported in favor of the passage of the Bean bill relating to registration in land title cases but in an amended form. Senator Barrett's bill for the amendment of the direct primary law, was reported on favorably by the committee on the revision of laws and recommended for passage.

Senator Bean proposes to make it easier for persons coming to Oregon from distant places to procure divorces if they desire. He introduced a bill this morning amending the code which prevents either spouse from testifying against the other, by allowing either to testify against the other with respect to the question of marriage. He explained that the present law when applied to persons who have left their marriage certificates back east often confusing in court cases.

For Additional Justices.

A bill introduced by Senator Butler proposes to increase the number of supreme court justices from five to seven. Five years ago the number was increased from three to five. Senator Carson introduced a bill relating to the time of taking appeals. A bill introduced by Senator Calkins provides for the appointment of a secretary to the governor and the fixing of his salary. By his own motion, Senator Calkins' bill relating to the inheritance laws was withdrawn.

President Malarkey named Senators Moser and Butler as the Senate members of the joint committee to investigate the needs of a canal at Celilo falls.

Investigate Navy Sunday.

Senator Dimick announced that the investigation of the Oregon naval militia by himself and Senators Joseph and Carson would take place on board the cruiser Bowser in Portland harbor on Sunday morning. Captain Sheppard, termed Vice-Admiral Sheppard for the occasion has been subpoenaed as a witness and others connected with the state navy will be called.

Senator Dimick stated that he and Senator Carson had contended that the investigation should be held in the bow of the boat, but that out of deference to Senator Joseph they had consented to hold the inquiry in the stern end instead.

HOUSE TRIMS GOVERNOR.

(Continued from page 1.)

prising Lane, Benton, Lincoln counties, went through with a whoop, despite the fact Hagood denounced it as "another little bunch of pay handed out to the sons of Allah," whatever that may mean. The passage of this bill, however much it might hurt the governor, seemed purely on its merits, and was highly complimentary to District Attorney Bryson, of Eugene; Eaton, and Parsons, of Lane; Bonebrake, of Benton, and others paid high tribute to the character and efficiency of Bryson, and Parsons announced that unless the increase was granted he would resign his office, which all held was greatly underpaid. Eaton explained that, while, in general, he was opposed to increasing salaries of public officials after they had been elected to office, the Bryson case was different, as Mr. Bryson had stood for re-election with the understanding that the increase would be given, else he would resign.

The bill was passed by a vote of 55 to 2, the noes being those of Hill and Weeks. Blanchard explained his vote by saying that Mr. Bryson was such an efficient public official, and so underpaid that he merited the increase. Even Homan and Reames, Democrats, voted for the bill, while Hagood was absent, having paired his vote with Olson, of Multnomah.

While the bill increases Bryson's salary from \$1400 to \$2400, his salary will really amount to only about \$1000, as from it he must pay half the salary of a deputy in Lane county. The Lane deputy will get \$900, the Benton deputy \$600 and the Lincoln deputy \$600.

"Mother Goose" at Monmouth.

Monmouth, Ore., Jan. 24.—(Special to Capital Journal)—The first and second grades of the training school of Monmouth gave a play Thursday entitled "Mother Goose." It was given in the assembly hall of the school building. Every character was represented by the little tots, even the butcher, the baker and the candlestick maker. There were about 300 people present, it is said, and most of them report that it was even better than people a great deal older than these little tots usually do.
