An Independent Newspaper Devoted to American Principles and the Progress and Development of Salem in Particular and All Oregon in General

Published Every Evening Except Sunday, Salem, Oregon SUBSCRIPTION RATES:

Members of the legislature will re-

celve salaries not in excess of \$10 n

day and the legislature may have a 60-

day session if a resolution introduced

in the house today by Representative

Lawrence, of Multnomah, safely trav-

which it provides is approved by the

people at the general election in 1914.

That a 69-day session is contem-

plated is indicated by the fact that the

resolution provides that members shall

not draw more than \$600 for any one

session. The speaker of the house and

the president of the senate are to re-

ceive half again as much as the mem

arguments for the amendment for

### Rogue River Cider Proved **Exhilirating**

The cider in the Rogue river ap- els the long road through both houses ples they are yesterday afternoon and the constitution amendment for ers of the house, and put them in a mood for jollity and horse play, which broke out when Speaker McArthur called Representative M. Vernon Parsons, of Lane county to preside. The Nichols bill to prevent live stock from running at large on public highways was under discussion at the time,

Knowing that Parsons was not exactly the best informed man in the world on parliamentary proceedure. various members at once got busy, and proceeded to tangle up the proceed- publication in the voters' pamphlet. ings with points of order, appeals from CANT ABUSE A FELLOW the chair's decision, etc., amid howla of laughter. In sheer desperation Parsons gave carr-like rulings, each of which increased the fun.

resources are concerned.

The type of equipment to be insalled makes use of the standard Western Electric telephone selector set. The "Selector," as its name implies, is an instrument so designed that when properly adjusted it will respond only to certain electrical signals or im-

pulses, which are regulated and sent out over the line by the train dispatcher. The latter can, therefore, signal any one of the way stations at formal dots and dashes, and it is this which these selector sets are located, feature, as much as any other, which without signalling any of the others has made the success of the telephone on the same line. Two circuits will as an improver of discipline and inbe equipped, one from Portland to creased efficiency on railroad sys-Forest Grove, and the other from Port- tems, land to Eugene.
