## THE ROUND-UP

The Portland Railway, Light & Power company Thursday paid its taxes in Portland amounting to \$457,000, or \$11,280 a day.

The old Ladd barn, a familiar landmark in Portland, was burned Thursday. Workmen had pulled it down and saved such lumber as was worth it, before setting fire to it.

A drunken steeple-jack caused some excitement in Portland Thursday by climbing a flagpole over a saloon. The police lowered him by means of a ladder and he is now in the hold of the city jail.

It is rumored that Will R. King is to be named as chief justice of the Court of Claims.

Everybody and the family cat ate salmon Friday and this all over the state, but Towser wasn't in on it.

W. H. H. Samson, a well known pioneer, died at Oregon City Thursday night. He was 75 years old, and was known all over the state as "the marrying justice."

Nathan B. Nye the oldest of Jackson county's pioneers, died near Gold Hill March 1. He crossed the plains with two brothers in 1850.

An old Indian grave was discovered in digging a drain near Oregon City last week. With the bones were found an old bear trap, an old flint lock musket rusted to pieces, a string of beads 50 feet long, and a stone tomahawk.

Bay City will have a big clam bake July 4.

Ruby Davis, 5 years old, ran in front of a street car at Eighteenth and Pettygrove streets, Portland, Saturday and was ground to pieces.

The body of a well dressed but unknown man was found hanging in an outhouse in the city park at Astoria Saturday morning. Suicide.

Laidlaw held a big celebration Saturday in honor of the passage by the legislature of the bill to complete the Columbia Southern irrigation project.

William Adams, the last of five brothers, died at Hillsboro March 7, aged 91. He came across the plains to Oregon in 1852.

## ROSEDALE HAPPENINGS.

(Special Correspondence.) Mr. Blinston and Miss Stella have returned from Dallas.

Charles Dejew was a Salem visitor Friday.

The speakers and parents meeting at the Rosedale school house Friday evening, March 14, was a great success and everybody seemed to have a good time. Not so surprising. The two speakers, Mr. W. M. Smith and Mr. Kuntz certainly know how to reach the right spot and get and hold the interest of the audience from first to last, and that the parents of this district take full interest in school matters. The program rendered by the school children was carried out with a vim and success to be proud of. From the biggest to the smallest performer; they all did their share faithfully.

Miss Eva Blinston rendered her solo, "Beautiful Bells," in splendid voice, and the oldest girls of the school sang three songs, "Oh Heart of Mine," "Santa Lucia," and also the "Old Guard," very well indeed. The recitations of the little folks were splendid. Miss Achah Dejew's recitation, "The Challenge," was delivered fine and Miss Bernice Parr, whose boys wanted "pie" forever and ever, struck a very familiar cord in all the mothers' hearts; Bravo to all. And last, but not least, Rosedale is indeed to be congratulated on its "school marm." Her work, her record and her results show her love for the work she is doing. With her the day's work don't cease with the closing of the school doors, but it continues at all times, and the love of her scholars is well merited, as is the appreciation of the parents, and the board of directors.

Mr. C. Amack, Mr. Noot and Mr. C. Burri are also to be complimented, for the generous response to every need for school and school house.

Mrs. Alexander, her son George and daughter Marjorie attended the Rosedale speaking exercises. Miss Dorothy Taylor and brother were also at the Rosedale school house Friday evening.

The ladies of Rosedale are entitled to a vote of thanks for the generous "spread" at the entertainment. The "eats" were simply out of sight and the most confirmed dyspeptic would have felt tempted to take a bite, seeing everybody smacking their lips over all the "goodies."

At Salem Heights. Mrs. L. Campbell, of Salem Heights, entertained the Ladies' Aid Friday afternoon, and the utmost cordiality prevailed.

They missed their treasurer, Mrs. Ellen Thompson, who is very sick at her home with heart trouble, with Dr. Fisher attending her, and under the care of a competent nurse.

The Aid ladies are working diligently towards making their bazaar a success. They report the receipt of a great many very splendid donations for their sale from wholesale houses. Portland has responded in good shape.

The president and her assistants have no doubt but what the proceeds from this bazaar will pay off all indebtedness on the hall.

The time passed all too swiftly, as the members had so much work to do.

Friedmann at last to have a chance.

[UNITED PRESS LEARNED WIRE.] New York, March 15.—Hereafter the United States government will supervise all the clinics of Dr. F. F. Friedmann, discoverer of turtle serum for the cure of tuberculosis. Friedmann will perform his inoculations under the direction of United States Surgeon Stimson, and thus the necessity of the Berlin doctor getting an American license to practice medicine will be avoided.

Dr. Friedmann returns here tomorrow and on Monday he will inoculate a score of patients at Bellevue and Mount Sinai hospitals.

March, we take it back; we're going to fall more in love with April.

# Easter Dress Dreams

Is that Easter gown ready? That you will have one or more is a foregone conclusion. Everyone of the few pieces that we mention here will make a "Perfect Dream" of a Garment. The time is short, but we can help you.

# BANG!

### The Style for Spring is Open

In old New York the best-dressed men on Fifth Avenue wear typically English clothes. By "typically English," we mean narrow shoulders, snug waists, narrow trousers.

When we combine the best features of the English style with the best American innovations we have a result that is ADMIRABLE. This combination has been worked out to perfection in our suits. What more could you desire for your Easter show? If your tastes are ultra—see them. See them, anyway.

## Barnes' Cash Store

E. T. Barnes, Prop.

## X-RAYS AND SMILES.

Mrs. M. L. T. Hidden and some others insist that now they must mix politically with men, that the latter "must refrain from smoking or anything else offensive." Well there is something in that, but at the same time the ladies might reciprocate by refraining from wearing skirts offensive to most men's idea of decency—the "ace of diamonds" kind, split up the sides, is what is referred to.

The Independent Warehouse & Milling Co., at Wasco, Wasco county, a few days ago declared a dividend of 48 per cent and very foolishly increased their capital stock from \$27,000 to only \$50,000. With that kind of dividends they should have made their capital stock several millions.

"Papa's pants will do for Willie." They will now also make a couple of skirts for Willie's big sister.

Superintendent of Public Instruction L. R. Alderman was the guest of young Rockefeller in New York. Guess the old man has his eyes on Alderman's industrial movement, and wants to work him to introduce paraffine chewing gum.

L. R. Alderman is the guest of young Rockefeller. He may live it down, but his mist should be disinfected before he is allowed to come into contact with Oregon's school children again.

Mr. Clifford H. Beers, secretary of the National Commission of Hygiene, says insanity causes a loss to the United States of \$135,000,000 yearly. Still it is not so expensive as its "beer" bill.

The Democratic senators are at log-gerheads. That was a wise guy who

remarked "you can always depend on the Democrats to do the wrong thing at the right time." Come to think of it, it was Grant made the remark, hence we retract what was said about the wise guy.

## THE FIRST BALL GAME OF THE SEASON

The first baseball victory of the season went to Chemawa when she got away with the big end of a 4-3 score in the contest between the Indians and Willamette university Saturday afternoon.

The rains of the past week had made it impossible to practice on the newly filled diamond and the varsity boys were somewhat handicapped on account of this fact.

Although this was the first game of the season, the teams both showed old style form and at times the fans were treated to exhibitions of first class ball.

Drake, Willamette's chief twirler, held the box for four innings, put the benders over in his usual form and showing up well for so early in the season.

He was followed by Burr Tatro. His offerings were well controlled also and the horse hide seldom strayed outside the infield during the entire game.

The Chemawa twirler showed exceptional merit both in speed and in his ability to "put something on the ball."

Willamette presented a somewhat different line-up from that exhibited last year. Steelhammer and Drake, the old battery, were back in their places, Captain Paul Homan held down the first sack, Gates who was a member of the contingent in the garden last year, officiated over the second bag and Booth, who was also in the garden last year, was stationed at shortstop. The third sack was covered by Mellae, the veteran player of the squad. The places in the garden were assigned to Von Vesley, Howard and Land.

## UNCLE SAM WILL PROSECUTE BAKER

### Crocker and Other Bankers Offer to Make Good All Defalcations, But No Use.

[UNITED PRESS LEARNED WIRE.] San Francisco, March 15.—That the United States government will press prosecution of Charles F. Baker, defauling cashier of the Crocker National bank, despite any attitude of the bank officials, that they would rather cover the shortage, and let the matter rest; that investigation now shows at least \$197,000 taken by Baker, and that National Bank Examiner H. N. Morris is now conducting a probe to ascertain the exact amount, were assertions made today by United States District Attorney McNab.

McNab's declarations as to what would be done followed a statement of J. J. Fagan, vice-president of the Crocker bank, in which he declared that the estimates of a shortage of almost \$200,000 were false, and gave information that the bank officials, because of Baker's long service would be more than willing not to prosecute.

"Baker is going to be prosecuted," declared McNab. "If he were a poor man there would be no question as to his prosecution, and because his powerful friends would like to drop the matter, is no reason why the government should not press the case. Besides there is a question as to responsibility of maintaining the integrity of national banks."

Fagan today stated that Mr. Crocker himself would willingly give his check for the shortage, if it would relieve Baker, because of Baker's 18 years of service. He declared that the shortage would not reach as high as estimated, and said that the bank itself is auditing Baker's books, and not National Bank Examiner Morris.

Baker today is reported to be out of danger, although still confined to bed in his home near Oakland.

## FRIEDMANN AT LAST TO HAVE A CHANCE

[UNITED PRESS LEARNED WIRE.] New York, March 15.—Hereafter the United States government will supervise all the clinics of Dr. F. F. Friedmann, discoverer of turtle serum for the cure of tuberculosis. Friedmann will perform his inoculations under the direction of United States Surgeon Stimson, and thus the necessity of the Berlin doctor getting an American license to practice medicine will be avoided.

Dr. Friedmann returns here tomorrow and on Monday he will inoculate a score of patients at Bellevue and Mount Sinai hospitals.

March, we take it back; we're going to fall more in love with April.

BECHTEL & BYNON, 347 State St. Tel. Main 452

## ARROW COLLAR

A New Lightweight, Deep Pointed Collar. 2 for 25 Cents. Arrow Shirts. Closet, Pocket & Co.

## IT'S A MISTAKE

Made by Many Salem Residents.

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Salem is no exception.

The proof is at your door. The following is an experience typical of the work of Doan's Kidney Pills in Salem. A. J. Wood, 733 North Front Street, Salem, Oregon, says: "Kidney complaint got so bad in my case that I knew I would have to check it or suffer more serious results. Just after getting up in the morning, the complaint was worse. I had heard of Doan's Kidney Pills doing good work in similar cases and thinking they would help me, I began using them. Before I had used one box, I was free from every symptom of kidney complaint and my kidneys were normal. I have never had a sign of kidney complaint since. I have great confidence in Doan's Kidney Pills and willingly confirm my former endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

When poverty comes in at the door it never stops to wipe its feet.
