### WILL STIR POLICE MUDDLE

(Continued from page 1.)

place White with another man, which he has, as yet, failed to do on account of White's refusal to resign and the mayor and council refusing to discharge him.

As the matter now stands, the chief demands his choice of men to work under him; the mayor is willing, and the police committee demands that the force remain as it is. The mayor, declares the chief, has promised to act by the first of next month. It will be interesting to note what will result in the event White is not discharged and Gains appointed.

#### Police Committee Loses Power.

In an ordinance passed recently, the mayor now has complete control of the police department. He can fire or hire at his own discretion and require members of the police force to live up to his own ideas of what an officer should be and what he should do in the interest of the public.

The mayor can now recommend that White be discharged and another man appointed to fill the place, but there is still a question in the minds of many as to what the members of the police committee would do in that instance. While it is true that the police committee's authority has been curtailed to an extent, the members will undoubtedly consider adversely any proposition to rearrange the force as the chief of police desires.

#### The Mayor Determined.

"Now that I am made responsible for the conduct of the police department in the future, I will expect the members of the council to respect my recommendations concerning the police force," said Mayor Steeves today. "I know there have been several dissensions between the police committee and the chief of police, but from now on, I believe there will be harmony and co-operation between the chief and the

members of the council, and I am certain the chief and I will co-operate in every manner possible.

"I cannot recommend Mr. White as an entirely efficient officer," continued the mayor, "for the reason his hearing is not up to the usual standard. Quick eyesight, capable hearing and general activity is necessary to the requirements of a good officer and essential in every city before a man is accepted on the police force. White is a good man and capable in every way with the exception of his hearing, but I cannot consider him absolutely fit for the position.

"As far as Gains is concerned, I believe he has been a good officer and, as Chief Shodeck says, I have considered him for a position on the force. What my future actions will be as to appointments I cannot say at present. However, I will submit some recommendations to the council next Monday night."

#### Pains in the Stomach.

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's Disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by J. C. Perry.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Silks, 29 Dowling street, Sydney, Australia. This remedy is for sale by all dealers.

There's always some man around to second any kind of a motion—except a motion that looks like work.

### GIRLS! YOU MUST TRY THIS! HAIR WILL LOOK BEAUTIFUL

ALL YOU NEED IS A 25-CENT BOTTLE OF "DANDERINE"—HAIR GETS LUSTROUS, FLUFFY AND ABUNDANT AT ONCE.

Immediate!—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or is

scrappy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

### HEALTH STATISTICS FOR MARION COUNTY

Males	25
Females	17
Total	42
Contagious Diseases.	
Smallpox	4
Scarlet fever	9
Tuberculosis	2
Typhoid fever	1
Total	16
Marriages	20

Forty-two persons died in Marion county during the month of March, according to the figures collected by County Health Officer Van Winkle. This number is but one behind the number of births. Dr. Van Winkle declares that the marriages, 20 in number, are far short of what they should be comparing the figures with other months.

The number of contagious diseases is in excess of the usual number and several deaths have occurred from these diseases during March. A scarlet fever epidemic prevailed at Detroit, Silverton, Gervais, Woodburn and Salem.

#### At Willamette.

Through yesterday's issue of the Willamette Collegian, the faculty of the local university made public recent faculty actions which will prevent the "hogging" of the important student body offices by a few leaders as generally occurs in any school.

While the faculty never lay down rules that must be followed, it has been their custom to make recommendations that certain customs be followed and the students knowing the faculty to be working for their betterment have always followed the suggestions offered by the teachers.

One of the most important actions was the offering of 5 English credits to the editor of the Collegian and 2 credits to the editor of the Junior Annual. This, however, was upon the condition that the editors of these publications must first have credit for 14 hours in the English department.

The same action provided that if in the judgment of the head of the English department the work of either editor was unworthy of the number of credits provided, they should receive such a number as their work would indicate they deserved.

The rulings recommended by the faculty follow:

"The following shall be called major offices: President of the student body, treasurer of the student body, president of the Y. W. C. A., president of the Y. M. C. A., editor of the Collegian, business manager of the Collegian, editor of the Junior Annual, business manager of the Junior Annual, May Queen, manager of any student body activity not otherwise specified. Only seniors or juniors should be elected to any one of the above named offices.

"The following shall be called minor offices: Presidents of the literary societies, presidents of class organizations, and presidents and managers of special student organizations, such as football, basketball, baseball, track, tennis, etc., not including managers of boarding clubs and similar bodies, who are included in neither the major nor minor classification.

"Only one major and one minor office or two minor offices shall be held during a school year by any student.

"The editor of the Collegian and editor of the Junior Annual must have satisfactorily completed at least fourteen hours of work in the English department. The Collegian and Junior Annual shall be under the supervision of the English department, in which department the editor of the Junior Annual may earn two credits and the editor of the Collegian five credits, the number given depending upon the quality of work as determined by the department.

"Only students doing satisfactory class work and whose conduct is commendable shall be eligible to election to any office. Such standards of work and conduct must be maintained throughout the tenure of office.

"In elections to office in the gift of a class, it is always understood that one must be a bona fide member of the class he represents as shown by the records in the office.

"If any conditions should arise not covered by the foregoing provisions, they should be presented to the faculty for special action.

"These regulations are to go into operation at once affecting the coming spring elections."

Sick headaches, sour, gassy stomach, indigestion, biliousness disappear quickly after taking Dr. King's New Life Pills. They purify the blood and put new life and vigor in the system. Try them and you will be well satisfied. Every pill helps; every box guaranteed. Price 25c. Recommended by J. C. Perry.

#### IT'S EASY TO PEEL OFF ALL YOUR FRECKLES

(From American Home.)

The contrast between the freckles and the clear skin usually is so great that no bleach can be more than partially successful in obliterating the disfigurements. Ordinary mercurized wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest drug store and tonight spread on enough to completely cover your face; remove it in the morning with warm water. Repeat daily until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effort is decidedly worth while, the new complexion obtained being so clear, smooth and youthful. If bothered with wrinkles, after washing off the mercurized wax, bathe the face in a lotion made by dissolving an ounce of powdered salolite in a half pint of witch hazel. This is the most effective and quickest-acting wrinkle treatment known.

### Better Than a Watchdog

Burglars strictly avoid houses having a watchdog, a baby or a lighted lamp. They have an even greater aversion for houses wired for electric light. A porch light affords the most effective protection. Ready at the touch of a switch to pour a flood of brilliant light it serves to prevent the entry of night intruders even on to the grounds around the house.
