PRISON DRUGGIST ACCUSED OF CRIME

Doc Quartier Arrested Following Disclosures Made by a Young Convict of Institution.

Degenerate practices of William Quartier, better known as Doc, the druggist employed at the state penitentiary for years, led to his arrest today on a felony charge. Information which led to the arrest of Quartier was furnished by a young convict employed in the hospital, who is serving 20 years for horse stealing. Warden Lawson was loath to believe the story, Quartier having been a trusted, efficient employe, of supposedly excellent habits, and having enjoyed the confidence of attaches under several different administrations. However the young fellow was so sincere in his statements that it was decided to make an investigation. Conclusive evidence was secured yesterday and Quartier was arrested.
 Quartier nearly collapsed when he was formally accused at the penitentiary. The accusation was made under dramatic circumstances and he was led away a crushed and broken man.
 Quartier is married and is known to many Salem people. He is about 45 years old.

BORN.

CHINNOCK—At the family home, 1343 East Ferry street, Monday, April 28, 1913, to Mr. and Mrs. James Chinnock, an 8½-pound daughter.

The father is the supervisor of the state board of control and has been a resident of Salem for some time. Dr. Harry E. Clay officiated at the "homecoming" of Miss Chinnock and reports that both mother and child are doing nicely.

Those who enjoyed the good services under the direction of Steward Gago at the Hotel Marion last night, voted as one in complimenting that official of the hostelry for the manner in which he prepared the tables and supervised the serving of the fine viands. That Mr. Gago is a Willamette University booster goes without saying, declare those who attended the banquet, and the Marion's help in general was greatly appreciated last night by those who formed a get-together meeting. At the close of the banquet, Manager Crowe was conceded by all present to be the "King Grab, the man with the big poke."

Property Owners on South High Street.

You are hereby notified to appear at the Lincoln school, Friday, May 2, 1913, at 7:30 p. m., either in person or by a duly signed, written proxy, for the purpose of making a selection of the kind of street improvement to be laid on said street between the south line of Bush to the north line of Hoyt.
 CHAS. F. ELGIN, City Recorder.

Notice to Property Owners.

The common council desires to call the attention of all property owners to the provision of ordinance No. 527, relating to the laying of water and gas mains and service pipes, section 2 of said ordinance provides: "That all mains used in the city of Salem, Oregon, for conveying water or gas or for other purposes along streets which are permanently improved or to be permanently improved shall immediately before such improvement is made, be laid in such streets in a permanent manner."
 Section 3 provides: "All service pipes attached to mains shall not be less than one inch internal diameter and all pipes of less diameter shall be removed and immediately replaced with pipes in accordance with the provisions of this ordinance, and the same shall also be provided with curb cock and iron shut-off box and cover and shall be placed sixteen (16) inches inside of the curb line; provided, however, that this section shall not be enforced on streets not having permanent improvement."

The council urges all property owners owning property upon streets proposed to be improved in 1913 to immediately attend to the proper installation of water, gas and sewer pipes serving their property, whether the property has buildings thereon or may be vacant. This co-operation upon the part of the property owners is necessary to a prompt and satisfactory completion of the pavement projects under way at the present time.
 CHAS. F. ELGIN, City Recorder.
