PRICE, TWO CENTS. ON TRAINS AND NEWS STANDS, FIVE CENTS.

MOROS ARE ROUTED IN BLOODY BATTLE

Two American Privates Killed and Number of Men Wounded in Fight.

MAIN FORTRESS IS TAKEN

Insurgents Occupy Position in Mountains From Which They Will Be Easily Dislodged.

[UNITED PRESS LEASED WIRE.] Manila, June 12.—Two American privates of Company M, Eighth infantry, were killed today in a battle with Moros. Three members of the First company of scouts and one member of the Twenty-ninth company fell.

Lieutenant E. H. Rackley was among the wounded. He was hit in the leg, but will recover.

Later advices state that the main fortress of the Moros fell, but they still occupy a position in the mountains, whence, however, they will be dislodged, probably with little loss.

COME WITH THE ROSE TO MAKE SALEM THEIR HOME

Mr. and Mrs. I. O. Curtis, recently of Aberdeen, South Dakota, have purchased the Adolph place at 1645 State street and intend to make Salem their permanent home.

Mr. Curtis has for years been a well known attorney of Aberdeen and settles Salem through the urgent request of many friends who have preceded him to the Cherry City. As yet he is undecided whether to follow the profession of the law or to enter business.

TEMPORARY PASTOR OF CHURCH CHOSEN

Rev. C. Buechler, Well-Known Pioneer Minister, Succeeds Rev. P. A. Schmidt, Resigned.

Rev. C. Buechler, a well-known pioneer German minister, has been chosen temporary pastor of the German Lutheran church, on East State street, by the trustees of that institution.

The German Lutheran church is destined to be one of the leading institutions of the kind in the state. The membership has been enlarged greatly during the past few years, and every one connected with the church does his part in upbuilding it and encouraging the German-speaking public in this county to attend and take part in the work.

Rev. Buechler is past 70 years of age. He is a pioneer German minister and highly respected by not only members of the German churches, but by all with whom he has come in contact.

The newly-appointed pastor can be found at 1640 East State street at any time his services are needed, and it goes without saying that the veteran minister will receive numerous calls.

"SALEM BINGS" WOULD HAVE BEST SOUND SOME THINK

The suggestion that Salem have "Royal Annes" to boost does not meet with favor in many quarters, it being asserted that the name is clumsy, and would probably result in ridicule.

The Columbia and Willamette rivers are like the coat of living—rising; but unlike that, will soon go down again.

Van Winkle Resigns from State Office

I. H. Van Winkle.

After more than nine years as a public servant, I. H. Van Winkle, first assistant attorney general, will enter into the private practice of his profession.

Mr. Van Winkle is a native of Linn county, and while in that county served in the capacity of deputy assessor for several years. After leaving there, Mr. Van Winkle came to Salem and entered the Willamette university, graduating from the college of liberal arts in 1898, and from the law department in 1901.

Only once has he sought to leave the attorney general's office and that was in 1910 when he received the Republican nomination for circuit judge. As Mr. Van Winkle puts it: "There was no use in trying to beat such a popular man as Judge Galloway."

Mr. Van Winkle's resignation was the outcome of the desire to enter a private practice for himself. He will not enter any partnership but will branch out for himself.

Will Aid Sheep Owners

Washington, June 12.—The United States forest service today announced that owing to drought in the west, endangering the interests of sheep owners, grazing areas in certain of the national forests would be opened to the sheep.

Market Has Good Morning

New York, June 12.—This morning was one of the best the market has had for weeks. Some of the leading issues advanced 7 points and others 3 before the bears attempted to raid. The raid caused New Haven to slump to 99 1/2, a new low record.

STRIKERS CHARGED WITH DYNAMITING

Much of Residence Section of San Francisco Plunged Into Darkness by Explosion.

San Francisco, June 12.—The dynamiting early today of two manholes in which were installed power conduits of the Pacific Gas and Electric company plunged the residence section of San Francisco from the Potrero to the Presidio in darkness.

Ebenwittner is being subjected to the "third degree" and the police say they expect a full confession soon.

WILL NOT TOLERATE PROPERTY DESTRUCTION

Governor West Makes It Clear I. W. W. Methods Are Not Favored by Him.

SITUATION NOT ALARMING

Outside Agitators to Blame for Trouble at Oregon City, and Authorities Now Control.

Governor West this morning gave out the following statement regarding the strike situation in Oregon City:

"My trip to Oregon City was promoted by a desire to get the facts as to the situation there. I found the local authorities had the matter well in hand. The reports sent out by both sides have been colored, and with a view of strengthening their own cause. As I see it, there is nothing alarming about the situation. Practically all those under arrest had been for a short time in the employ of one of the mills, and, becoming dissatisfied with conditions, foolishly let themselves be led into trouble by a few out of town agitators.

The reports as to the great property damage were unfounded, such damage amounting to little or nothing. "No one should question the right of an employe to quit work if he is dissatisfied as to his pay or conditions surrounding his employment, nor his right to secure every honorable means to bring about in every way a betterment of the condition of his fellow laborers and himself, but it is not only unwise but dangerous for any body of men to attempt to correct an alleged wrong through midnight raid, intimidation or destruction of property.

Welcomes Workmen

"The door of this office always has been, and always will be open to any and every workman having grievances, wishing our help in bringing about a betterment of his condition, but it will not tolerate, under any circumstances, the destruction of property, and any movement in this direction will be promptly taken care of.

"I have had a talk with the boys in jail, and most of them are pretty decent looking fellows, and had they not been led on by agitators from the outside, would never have gotten into trouble. My advice would be to turn them loose and wipe the slate. If there are any differences to adjust, this office will be glad to assist in every way possible, but it insists that such negotiations are going to be carried on by both sides in an orderly and lawful manner, and everybody, rich or poor, is going to get a square deal."

NORTHERN PACIFIC MAKES RECORD IN TUNNEL WORK

Tacoma, Wash., June 12.—What is believed to be a new record for speed in tunnel digging was established here today when the Point Defiance bore of the Northern Pacific railroad was completed. The tunnel is 4400 feet in length and was begun December 10, 1912.

When tracks have been laid through the tunnel, it will give the Northern Pacific a water grade line to Portland, eliminating the present troublesome grade and reducing the distance to the Oregon city by several miles.

SYDNEY IS HIT HARD BY FIRE IN PIER SECTION

Sydney, N. S. W., June 12.—As a result of the worst fire since 1901, the Whitney pier district of Sydney is in ruins today. Twenty buildings, including the Roman Catholic church of the Holy Redeemer, the Holy Redeemer convent and the Globe house, were burned. The loss is estimated at \$125,000.

LIBERALS WIN IN AUSTRALIA BY BARE MAJORITY

Melbourne, Australia, June 12.—The counting of the federal election figures has sufficiently advanced to indicate that the liberals possess a bare majority. In view of this fact the Fisher government will resign, probably on Thursday. The situation is complicated and there is likely to be another election shortly, for it will hardly be possible to carry on with the strong labor majority in the senate, pledged to pass legislation approved by the party.

FREQUENT CLASHES IN RAIL HEARING

Suggested Union Pacific Stockholders Fix Minimum for S. P. Stock.

THIS PLAN IS OPOSED

Judge Smith Says It Would Enable Union Pacific to Retain Control of S. P. Lines.

St. Paul, Minn., June 12.—Frequent clashes between the railroad attorneys and Judge Smith marked the hearing today in the United States circuit court of the dissolution plans of the Southern Pacific and Union Pacific railroads.

S. H. Loomis, representing the Union Pacific, suggested that Union Pacific stockholders be allowed to fix a minimum price for their Southern Pacific stock. Judge Smith immediately objected to this plan, asserting it would enable the Union Pacific stockholders to fix a prohibitive price, thereby enabling them to retain control of the Southern Pacific.

Attorney-General McReynolds, Judge Robert Lovett, chairman of the Union Pacific executive committee, and Frank Kellogg, the original "trust buster," were present.

Loomis then suggested that the time limit for disposal of the stock be fixed for a year, but Judge Smith said it should not exceed six months. Judge Smith then proposed that the court fix a maximum price, above which the railroads could not go. Loomis thought the suggestion unjust.

Flat objection to both plans offered was voiced here today by Attorney-General McReynolds.

The head of the department of justice took no active part in the proceedings before Judge Smith until Union Pacific attorneys broached a plan to have Union Pacific stockholders exchange their Southern Pacific stock for stock in the Pennsylvania system, the Pennsylvania road having offered to exchange Baltimore & Ohio stock held by it for Southern Pacific stock.

BOOSTING CHERRY FAIR AT ROSE CARNIVAL

Salem Residents Are Sparing No Effort to Properly Advertise Event to Be Held Here.

If a good majority of Portland citizens do not board a train for Salem during the coming Cherry fair, it will not be the fault of certain local boosters who have been assisting the Rose City folks in making their rose carnival a success for the past few days.

Get busy "while the gettings good," is the motto adopted by the Cherry fair and Fourth of July boosters, and an attempt will be made to reach every citizen in the valley this month by either letter or telephone.

Woman Runs Taxi. Tacoma, Wash., June 12.—Woman has invaded still another calling heretofore regarded as exclusively suited to the sterner sex.

Weather Forecast. Oregon—Fair south, showers northwest portion tonight and Friday; showers northeast portion tonight or Friday; southerly winds.

Fiftieth Anniversary of Sacred Heart Academy Observed Appropriately Here

Sacred Heart Academy.

The celebration of the fiftieth anniversary of the founding of the Sacred Heart Academy began here Tuesday night and will end tonight. It is an event of more than usual importance in that class of celebrations, and it brings out some rather unique things that have become a part of its history.

Sister Guardian Angel, one of the founders of the academy, and Sister Rose of Lima, its first graduate, are in attendance, and many notables of the church are here in honor of the occasion, and to rejoice with its managers and the church in the rounding out of a full fifty years of useful and splendid work.

The present building was erected 44 years ago. Sister Rose of Lima was graduated the year the building was under construction, and later she had the honor of being the first Oregonian to enter the Sisterhood of the Holy Names.

Tuesday night there was a reunion of a social character, and Wednesday one of the main features was a reception of former students at the academy, lasting from 3 to 9 o'clock.

Today the celebration proper began with a solemn pontifical mass at St. Joseph's church at 10 o'clock in the morning with Archbishop Christie in charge. Rev. Arthur Lane of Albany, Newberg brick plant burned last night.

NEWBERG BRICK PLANT BURNED LAST NIGHT

Newberg, Ore., June 12.—Fire swept through and totally destroyed the Newberg Brick Company's plant here last night with a loss of \$70,000, with little insurance. The plant had been under lease to the Spaulding Logging Company, which firm was far behind in its orders, and had reported business to be the best possible to enjoy.

FIVE GRAFTING COPS WILL PLEAD GUILTY

District Attorney Admits That They Have Signified Their Desire to Take Their Medicine.

Sau Francisco, June 12.—Confirmation of reports that five of the eight San Francisco policemen indicted for misdemeanor conspiracy have announced their willingness to plead guilty and throw themselves on the mercy of the court, was made here today by District Attorney Charles M. Pickert.

KILLS MAN AFTER GETTING FATAL SHOT

Night Captain of Penitentiary Wounds Fugitive and Drops Dead.

FOLLOWED ESCAPED MAN

Finds Him in Cabin and Call for Surrender Is Answered by Revolver Bullet.

Canon City, Colo., June 12.—Two lives were forfeited at Laveta, 70 miles south of here, during an attempt to capture Conley Baldwin, aged 23 years, who escaped from the state penitentiary last November, according to word received here today.

Receiving word that Baldwin was sequestered in a cabin near Laveta, Night Captain Russell, of the penitentiary, went to the scene to accomplish his arrest. Russell reached the cabin at daylight and called upon Baldwin to surrender. The fugitive answered with a bullet, which penetrated Russell's lungs.

Baldwin's three brothers and his father are in the penitentiary here for burglary and larceny.

MURDER IS RESULT OF QUARREL OVER TEN CENTS

Los Angeles, Cal., June 12.—A quarrel growing out of a 10-cent debt resulted today in a charge of murder being made against Ambrosio Guerrero, aged 29 years, a Mexican. Higatio Maldonado owed Guerrero 10 cents. A demand for payment resulted in a quarrel during which Maldonado was stabbed. After lingering for several days the wounded man died today. Guerrero's arrest followed.

ASHLAND YOUNG MAN IS DROWNED IN RIVER

Falls Into Rogue River While Attempting to Save Fisherman and Is Unable to Swim.

Medford, Or., June 12.—Orlie Rush, aged 25 years, of Ashland, was drowned in Rogue river yesterday afternoon just above the Gold Ray dam when the boat in which he and his father, C. G. Rush, were attempting to extricate two fishermen capsized throwing all four men into the deep water.

Young Rush was unable to swim and before the other three men could help him his heavy boots carried him below the surface. At an early hour this morning the body had not been recovered.

Rush and his son were fishing at Gold Ray when two fishermen unable to get their boat loose from a submerged tree trunk called for help. The two men got in their boat and rowed out to assist them. As Rush and his father stood up attempting to pull the stranded craft free the swift current swung the boat about throwing the men out and capsizing the second boat. The father called to the other man to help his son, but it was too late.

PRESIDENT WILSON WILL VISIT PANAMA CANAL

Washington, June 12.—After a conference with Colonel Goethals today, President Wilson announced that he will visit the Panama canal as soon as congress adjourns. He did not, however, hazard a guess as to that date.

Colonel Goethals declared he expected to flood the canal about the first week in October but that if necessary, he would delay the flooding for a couple of weeks that the president might see the big ditch while it is dry.

Sleepwalker Killed

Tacoma, Wash., June 12.—A victim of somnambulism, H. S. Day, aged 83 years, will likely die from injuries received when he fell down stairs early today. Day's jaw and shoulder were broken by the fall. Day is the father of a prominent local business man, president of the Schulz-Day Manufacturing Company.
