## REDMOND LIKELY TO LOSE CERTIFICATE

La Pine Teacher Is Not Here to Make Defense When Accused of Being Intemperate.

### THROWN OUT OF JOB BY DIRECTORS OF SCHOOL

State Certificate Will Be Revoked if He Fails to Appear and Explain Away Charges.

State Superintendent Alderman recently received a letter from Victor I. Shaw, supervisor of the La Pine district, saying that J. G. Redmond, teacher at La Pine, had been dismissed from his school on a charge of intemperance.

It is asserted that Redmond was in the habit of smoking on the school grounds during intermissions and at night he frequented saloons. On complaint of J. E. Morsen, W. R. Riley, C. H. Clow, O. H. Talbot, Mrs. Donabue and several others residing in that district the school board took the matter up and cited Redmond to appear before them and explain. According to the school directors, Redmond did appear and admitted all the charges and asserted that he would continue to drink and frequent saloons whenever he saw fit. The directors then dismissed the school for the rest of the term, thus throwing Redmond out.

Up to State Board.  
The matter will be taken up by the state board of education, composed of the governor, secretary of state and the state superintendent of schools, and if the charges are found to be true, Redmond's certificate will be revoked, which will bar him from teaching in this state for one year. Up to noon today Redmond has not protested the action of the school board nor has he put in an appearance at the state superintendent's office. If he sees fit to allow the matter to stand as it is, the state board will revoke his certificate without any further ado.

## YE LIBERTY WILL BE MADE LARGER

In Meantime Program of High Class Films and Music Will Be Given in the Grand.

For several years being one of Salem's popular motion picture houses, and one which has entertained thousands of people, Ye Liberty closed its doors last night, and when the house is opened again its patrons will be surprised. It is the intention of the management to alter the building, and make some additions, which will place the theater in class A rank on the coast. The new theater will be opened August 1st and a fine program is being prepared for that occasion. In the meantime, the regular picture show will be given at the Grand opera house. It is said that when Ye Liberty springs forth again an entirely new line of entertainments will be introduced to the Salem public.

Besides increasing the capacity, the house will be improved in many ways. The lobby and the front of the structure will be changed, and between \$12,000 and \$15,000 will be expended. The management is now planning to re-open this popular play house about August 15th, and it is probable that at that time both vaudeville and moving pictures will be shown.

In the meantime, the film service which has been used in Ye Liberty and which consists of the best licensed moving pictures will be placed in the Grand opera house, showing evenings and a matinee Saturday and Sunday. Mr. Sholl and Mr. Parish, who have already attracted considerable attention by their playing at Ye Liberty, are being transferred to the Grand, and will continue to interpret the pictures in the masterful way which has characterized their playing at Ye Liberty.

Mrs. Winifred Margaret Lewis, the celebrated contralto, who has been singing at the Wexford, will appear in song. It is probable that the Grand, with its great seating capacity and its cool, comfortable surroundings will become very popular during the summer with Salem's moving picture public. Nothing but licensed pictures will be exhibited and, with the care that has characterized the Grand in the selection of programs a liberal patronage is assured.

### ONLY SIX MEN ARE ON POLICE FORCE OF SALEM

In compliance with the orders of the city council, Chief of Police Shedeck has reduced his force from eight to six men. In making this change, Officers Irvin, Matlock, Spencer and James were relieved of duty, while Officers Woolery, Flake, White, Welch, Poland and Nelson are still on the job.

Just what success a reduced force of six men will have during the present "tramp year" remains to be seen. During the summer months, the wily hobo makes his usual visit to the northern cities, and he generally stops off in the Capital City for a good long rest. Last year, and years before, the police department was kept busy herding the floaters out of town, and it was a big job for nine men.

### Horse Trade Hearing.

Justice of the Peace Webster and a jury of twelve business men are listening to the troubles of a horse trader who says he was lured in a trade. J. C. Clearwater, a horse trader, made a trade with a young man named Clarence Forest for a horse giving Forest a horse and \$25 to boot. After using the horse for some little time he says he discovered it was afflicted with the heaves. Clearwater then went to Forest and asked for his horse and \$25 which Forest refused to return.

## CURRENCY CAMPAIGN DUE NEXT FRIDAY

[UNITED PRESS LEASED WIRE] Washington, June 16.—President Wilson today announced that currency legislation will be launched this week in congress, probably Friday.

The president said that the party leaders were united on the currency reform program, and that his message on it is already written.

President Wilson denied that Secretary Bryan disagreed with him on the currency question, and also denied that Bryan had dominated the currency conferences, saying that the secretary had manifested "merely a general interest." He denied that the currency bill would be a "strict party measure," saying that he hoped for and expected aid from the other side.

### Cost Lot to Fight

[UNITED PRESS LEASED WIRE] Washington, June 16.—Some idea of the cost of keeping sugar off the free list was given today in the testimony of Henry Oxnard before the subcommittee of the senate judiciary committee, which is investigating the charge of President Wilson that "an insidious lobby" is at work here in opposition to the Underwood tariff bill. Oxnard swore that the sugar interests had spent \$750,000 fighting free sugar during the last 20 years.
