

BIG GATHERING OF PRUNE GROWERS HELD

Plans Are Made to Boost Oregon Product and Bring Recognition It Deserves in Markets.

METHODS OF GROWING AND HANDLING PRUNES TOLD

Experts Explain Best Ways of Securing Yields and Prices of Superior Product.

Between three and four hundred prune growers gathered in the armory yesterday afternoon and listened to several addresses that were extremely profitable to all those engaged in the prune raising industry.

B. J. Miles, of this city, was the chairman for the occasion, and opened the program by introducing Mayor B. L. Steeves, who responded with a hearty welcome for the prune growers.

"Brown Rot and Other Prune Diseases" was the subject taken by Professor H. S. Jackson, pathologist of the O. A. C.

Professor I. C. Lewis, pomologist of the O. A. C., was the next speaker, and spoke at length on "Can Prunes Be Standardized?"

The "Drying of Prunes" was presented by O. C. Bell, who was followed by J. T. Brumfield, a Portland packer, who ably discussed "market problems."

At the close of the program the business end of the meeting was taken up, and it was decided to hold another meeting of the same character next year, and also to hold similar meetings in other parts of the state this year.

Among the visiting growers were: A. W. Moody, Vancouver; W. W. McIron, Felida; O. G. Beall, Vancouver; Robert J. Stothower, Vancouver; D. W. Porter, Shelburn; Thorbjorn Hansen, Silverton; L. E. DRASTIC FIGHT UPON MORMONISM IS URGED

Portland, Or., July 4.—The commission appointed by the national reform association to inquire into the status of Mormonism, with a special reference to its present day bearing on Christian citizenship, submitted its report yesterday at the sectional meeting of the second World's Christian Citizenship conference, held at the White Temple.

The report, which was read by Rev. Oscar F. Davis, of New Richmond, Wis., chairman of the commission, made the following recommendations: "1.—That the department of justice (federal) make a prompt investigation of the commercial investments, alliances and monopolies of the Mormon church, and if results of such an investigation warrant, follow the same with a rigorous prosecution of its property trusteeship, as organized in violation of the Sherman law.

"2.—That the postmaster-general be urged to deny all privileges of the mails so long as they continue to practice treason or in any way maintain a treasonable attitude in their teachings.

"3.—That each house of congress should refuse to seat or retain in his present seat any man who is a polygamist in principle or practice, or one who pays supreme temporal allegiance to the Mormon church rulers. These actions are possible under the existing law if supported by a strong public sentiment."

The man who gets the most of it may not get the best of it.

IMMORAL POLICE DANCE CLOSED IN SAN DIEGO

[UNITED PRESS LEARNED WIRE] San Diego, Cal., July 4.—A police carnival, whose principal feature was a muselo dance, in which a couple of young women disported in various wriggles and other dances in scanty garb, was closed up tight today by order of Admiral H. N. Manney, city councilman and superintendent of police.

The show was started Monday night, and was to have run until Saturday night. Admiral Manney did not learn of the nature of the show until reporters called his attention to it today. He lost no time in issuing an order canceling its license, which was granted to a professional traveling show man, who gave a percentage of the receipts to the police fund. Policemen took tickets and swarmed about the place every night.

The admiral was indignant when he learned of the nature of the so-called carnival, and it is believed that certain policemen who were connected with the benefit will have a very interesting time of it.

Every time some people try to think they make a noise like a boiler shop.

The Markets

Wheat remains unchanged, buyers being timid in the face of big crop prospects, and farmers disposed to hold at present prices. The fruit and berry market is lively, family canning making a strong demand. Poultry is also in good demand though the market is well supplied. Hops are a trifle stronger, many contracts being noted at 15 cents. The uncertainty of crop reports from India and other wheat-growing countries has made buyers adopt a waiting policy. Sugar advanced ten cents the barrel on all grades, and it is probable another 15 cents will be added shortly.

FACT Local Evidence. Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Salem fact. You can test it. F. A. Sutton, tent and awning dealer, Salem, Oregon, says: "I had kidney trouble and rheumatism for ten years and sometimes I was laid up. Doctors did not help me. Sharp pains extended through my back and were most severe in my kidneys and loins. Often when working, I had to give up. I lost weight and was in very poor health. I had headaches, rested but little at night and did not know what to do. On a friend's advice, I tried Doan's Kidney Pills and to my surprise, they brought a great improvement in a few days. I continued to get better steadily. I got more sleep, my appetite improved and the pain gradually, but surely, left me. After I had used three boxes of Doan's Kidney Pills, I was in better health than I had been for ten years and not a sign of kidney complaint remained. The cure has been permanent. I gladly confirm the testimonial I gave several years ago." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
