CLARK SAYS LAMAR LIED ABOUT HIM

Speaker Declares Every Statement Made by Lobbyist Is False.

WARD UNKNOWN DECLARES CLARK LIES.

Lauterbach Once and All His Charges Are Called Lies.

Washington, July 11.—Speaker Clark interrupted the senate 'lobby' probes today to make record an emphatic denial of every statement voiced by David Lauterbach, a stock broker, and Edward Lauterbach, a New York attorney, connected with J. Pierpont Morgan and company.

Never met Morgan or any member of his firm," said Clark. "I saw him only once in my life and that was when I sat across the table from him in a banquet hall."

Never knew there was such a man as Lewis Cass Ledyard," said Clark. "I was introduced to Lauterbach several years ago, and met him only once. Every statement connecting him with anyone in Lamar's and Lauterbach's testimony is a lie. I believe when Ledyard learned that my name was being bandied about that he should have communicated with us."

Fund of \$25,000 Raised.

Secretary Marvin, of the National Canning Manufacturers' Association, testified to the committee a summary of expenditures and receipts of the association for fifteen years. It showed amounts ranging from \$12,000 to \$20,000 contributed or raised by annual meetings. No cash, Marvin said, went directly to influence legislation. Marvin's objection to publication of the statement was overruled.

Marvin admitted that a special fund of \$25,000 was raised in 1911, when the association planned a revision of tariff. He said he did not know where the money was spent.

PERSONS KILLED IN THEIR AUTOMOBILE

Surviving Member of Family In Seriously, if Not Fatally, Injured in Crash.

Los Angeles, Cal., July 11.—Six members of the family of Carl Huffman, of Carruthersville, Mo., including Huffman and his wife, were instantly killed today, when a Southern Pacific motor engine crashed into the automobile in which they were driving at a crossing on the Mission road, near San Diego.

Engine Goes "Dead."

This Husband Is Suspicious

There Is Nigger in Woodpile When Wife Is Lost in Europe for Six Weeks.

[UNITED PRESS LEASED WIRE.] San Francisco, July 11.—"Violet is temperamental, but I think there is a nigger in the woodpile." This was the comment here today of J. Clarence Harvey, to a terse cablegram, received from his wife, Violet Gerish Colby, the musical prima donna, who has been lost in Europe for six weeks. Harvey flooded the wires with inquiries before he received this reply: "Am in London; inquiries very annoying."

"Sweet Violet should remember," aided Harvey, "that it is natural for a husband to be slightly interested in his wife. Something is wrong." Harvey is the star of the "Passing Show" company.

HEADING OFF FIRE ON MOUNT TAMALPAIS

Troops and Volunteer Fighters Are Having Success in Extinguishing Blaze.

[UNITED PRESS LEASED WIRE.] Mill Valley, Cal., July 11.—The fire on Mount Tamalpais, which started about 11 o'clock Monday, near the railroad track, between the "Bow-knot" and West Point, and burned for four days, is declared today to be practically extinguished, as far as this side of the mountain is concerned. The same fire, however, is continuing toward Corte Madera, and most of the troops and volunteer fire-fighters have been transferred to battle with this blaze, with every prospect of success.

At no time was Mill Valley seriously threatened, the brush fires never having approached closer than three-quarters of a mile. The damage to the town from sensational reports sent out is declared to be far more serious than any resulting from the fire.

Two thousand dollars it is estimated, is a liberal calculation of the actual loss.

Most of the loss falls on the Mount Tamalpais and Muirwoods scenic railway. The greatest loss was occasioned by flooding Tamalpais Inn, at the summit of the mountain, as a measure of precaution, when fire threatened. The expenses of maintaining the thousands of troops and volunteer fire-fighters will run into many thousands of dollars.

Joseph Kopper, of Portland, has been employed to make a model of the state house, for exhibition at the Panama exposition, and has written Secretary Olcott for information as to the dimensions of the building, height, and height above sea level. He also wants a photograph of the building. By the time the exposition gets ripe, he will have to make a model of the annex, as that will be done before that time.

SECRETARY HOBBS VISITS CANNERIES

Governor West went to Portland this morning, on his way to Tillamook, and the encampment at "Camp West." Incidentally he will look into the troubles at the canning plant in Portland, and get some information at first hand. His private secretary, Miss Hobbs, was in Portland last week, and visited the canning plant. She has not much to say as to her experience, but it is easily seen that she was not highly pleased with her visit. The girl employees, she says, work by the piece, and make from \$1 to \$1.50 a day, some, at times, more.

One of the pickets asked her what her business was there, and received the gratifying information that she was there attending to her own business entirely, and he probably got an idea that that business was none of his.

"HUMAN TIGER" IS PUT TO DEATH AND RAILS AT HANGING IN SPEECH

Calls It Relic of Barbaric Age and Hopes It Will Soon Be Abolished.

SHOWS NO NERVOUSNESS

Sleeps But Little During Night and Gives Orders That He Wants, No Clergyman to See Him.

[UNITED PRESS LEASED WIRE.] Folsom, Cal., July 11.—Showing absolutely no signs of mental anguish, Jacob Oppenheimer, the "human tiger," of Folsom, walked calmly to the gallows this morning, after making a long address to a dozen or more newspapermen, in which he moralized upon capital punishment. Oppenheimer marched unassisted to the scaffold, where his arms were pinioned, as he calmly took his place upon the trap.

Glancing over the crowd of two score witnesses, assembled in the prison yard, he deliberately surveyed his feet, to see if they were placed within the dead line, on the trap.

He smiled and nodded his head just before the death cap was adjusted. It took but a second to slip the noose over his head, and he was shot into eternity. The death-trap was sprung at 10:33. Twelve minutes later Oppenheimer was pronounced dead by Dr. Glading. The fall was seven feet.

Raps Capital Punishment.

Here is the statement made by Oppenheimer, just before he started to walk to the gallows: "Calmly leaving myself out of the question, I want to say that capital punishment is a relic of the barbaric age. It ought not to be tolerated. I hope that in every country the time will soon come when it will be abolished."

"In England they used to hang men and women for stealing. It is becoming better little by little. But the people

"It would be a fine thing to have some person, man or woman, to act as an officer of the law in the Oregon Electric depot here, but why don't the people of Salem insist that the railroad company bear the expense of installing such an officer?"

This was the statement made today by Grant Corby, one of Salem's leading attorneys, when asked concerning the agitation to have appointed a police matron to be stationed in the waiting room at the intersection of State and High streets.

"I readily agree with those who desire that a policeman or police matron shall be placed on duty in the Oregon Electric depot; it would be a great accommodation to the traveling public, but I do not believe that the Salem taxpayers should be compelled to support such an office," he continued. "I do not know of a city of any size in the country which does not have either an officer of the law or a guardian to take care of passengers and give out general information in the railroad stations, but the railroad companies are responsible for the officers and informants and the expense is covered by the transportation people. If the Oregon Electric company will only ask, it can secure police powers for any reliable person it desires to act as caretaker of the local station, and I do not believe it fair or just that the Salem public should pay the salary of a person to act in the interest of the railroad company and its patrons."

Cannot Bear Expense.

According to C. E. Albin, the local agent for the Oregon Electric company, the business now transacted by the corporation is not sufficient to warrant the hiring of a special agent to act as either police officer or information bureau at the Salem passenger station. He stated this morning that the superintendent of the Oregon Electric has given the question a thorough investigation, but finds that he cannot find

Americans Win Over Germans

Will Now Meet Canadians, Winners to Play Englishmen in Challenge Round of Tennis.

[UNITED PRESS LEASED WIRE.] Nottingham, England, July 11.—Harold H. Hackett, of Philadelphia, and Maurice E. McLaughlin, of San Francisco, today defeated Heinrich Kleinschroth and Wilhelm Rahe, the German team, in the tennis doubles here in the competition for the Davis cup. The Americans won 6-4, 2-6, 6-3 and 8-6.

At Folkestone, the Canadian team of R. B. Powell and B. P. Schwengers defeated A. G. Watson and Duvivier, the Belgian representatives, 6-2, 6-2, 6-2.

The Americans will now meet the Canadians, the winners to play the Englishmen in the challenge round.

MAKE FAST TRIP FROM PORTLAND TO SALEM

S. H. Rees and wife made a fast trip yesterday from Portland to Salem in a Detroit electric, leaving there at 6:35 a. m., arriving in Salem at 11:40 a. m. They breakfasted at Newberg, spending 25 minutes there. They lunched at the Hotel Marion.

The road between Rex and Tigerville is very busy. They got lost near McMinnville and ran to Dayton, making the distance 68 miles, instead of 52. No signs were found except at Dayton, specifying a Salem road. All roads seem to point to Albany.

Mr. Rees will remain here a couple of days demonstrating. Mr. Dimmick, South Commercial street, near Marion Hotel, is the local representative.

The Weather

Oregon: Fair tonight and Saturday; warmer Sunday; interior west portion, easterly winds.

"I have not been fighting Mrs. Lynch," continued the chief. "Instead I have tried to aid her in every way possible. The statement that she has received no co-operation from this office is an absolute untruth."

Speaking of the Oregon Electric depot, Chief Shedeck said: "Day Officer Welch is around that depot every hour of the day and I have instructed my night men to make that place a regular stop every night. Of course, there are people in the building at all hours of the night, but when a train is due, how are we to know that they are not waiting for trains?"

Although the regular duties of a police matron are generally confined to caring for female prisoners in the city or county jail, it is said that the present incumbent of the office in Salem takes it upon herself to go outside of her regular duties and attempt to act as a street policeman.

In this regard, it is stated that during Mrs. Lynch's incumbency she has effected many arrests, but there has been but one or two cases wherein the evidence was sufficiently strong to cause the defendants any serious inconvenience. There have been many cases that have come up in Mrs. Lynch's department that the public in general knows nothing about, and the same state of affairs exists in the county juvenile department in charge of Mrs. Jackson. However, the latter officer has gronally for keeping her cases quiet, as eight out of ten cases are either settled satisfactorily or brought before the court.

In any event, the office of police matron in this city is meeting with considerable opposition due to the fact that it is charged the incumbent is not acting as police matron wholly, but taking upon herself to act as a street policeman, and just where the present difficulty will rest, remains in the hands of the mayor and the members of the city council.

MURDERER OF TWO OREGON WOMEN IS HANGED FOR CRIME

Declares Innocence on Gallows and Says M. D. C. Putnam Is Guilty.

THANKS WARDEN HOYLE

Has Rope Taken Off While He Makes Final Speech and Hopes Hanging Will Be Last.

[UNITED PRESS LEASED WIRE.] San Quentin, Cal., July 11.—Frank Bauerwaerts was hanged in the prison yard here at 10 o'clock today for the murder of two women, Harriet Guyot and Miss Julia Francois, on a mining claim in Riverside county. The crime was committed in March, 1911.

Bauerwaerts was pronounced dead at 10:15. He went to his death courageously, and declaring his innocence.

After the rope had been placed about Bauerwaerts' neck on the scaffold, the doomed man asked Warden Hoyle for permission to speak. This being granted, the rope was taken off, and Bauerwaerts said: "I want to thank Warden Hoyle for all his consideration to me while I have been here. An innocent man is about to be hanged. I call upon M. D. C. Putnam, who is guilty of this crime, to come forward and clear me."

Putnam was not present. He is an old prospector, upon whom Bauerwaerts tried to shift the blame for the death of the two women. Bauerwaerts' last words were: "I hope this will be the last hanging in California." Killed Two for Small Sum.

Riverside, Cal., July 11.—For one hundred and seventeen dollars in gold and silver coins, Frank Bauerwaerts, who paid the extreme penalty today at San Quentin, killed Mrs. Harriet Guyot, of Portland, Or., and her niece, Miss Julia Francois, of The Dalles, Or., on a lonely mining claim in the Cheekawalla

Wild Confusion In Parliament

Suffragettes Frighten Commons Into Belief That Members Are Threatened With Pistol.

[UNITED PRESS LEASED WIRE.] London, July 11.—The house of commons was thrown into wild confusion today by a sensational suffragette demonstration, a part of which was intended to frighten the commons into the belief that members were threatened with a pistol. Solicitor-General Simons was making a speech at the time. Two male suffragettes, believed to be responsible for the demonstration, were arrested.

Two men were seated in the visitors' gallery, when one suddenly shouted "justice for women," and fired what other spectators and members believed to be a real pistol. The other man hurled suffragette literature upon the members, and threw mouse traps, each bearing the figure of a cat on top.

Officials overpowered the men, and when the "pistol" was seized it was found to be a child's toy, and that a percussion cap had been fired. The two men were identified as H. G. Bennett and Evan Shaw.

House Democrats Will Get Together in an Effort to Frame Currency Reform Measure.

[UNITED PRESS LEASED WIRE.] Washington, July 11.—The tangle in the house banking committee over currency legislation reached a stage today where it was admitted by many congressmen that a caucus bill on currency reform is the only solution to the problem. Wide differences have arisen between factions of the Democratic members of the committee, and a dictum by the caucus, it is expected, will be forced.

PRESIDENT WILSON IN CAR MIXUP

Chauffeur Forced to Drive Machine Over Bank to Avoid Collision.

IS SEVERELY BUMPED BUT IS CHEERFUL

Wilson Laughs About His Experience Which Results So Fortunately.

[UNITED PRESS LEASED WIRE.] Windsor, Vt., July 11.—President Wilson narrowly escaped serious injury today in an automobile wreck near here. His chauffeur was forced to drive off the road, down an embankment, into a yard, and run against a house to avoid a collision with another car, traveling in the opposite direction.

An automobile in which secret service men, guarding the president, were riding, was also forced down the embankment in the same manner. The president was severely bumped, but laughed about the experience.

President Wilson was returning from a game of golf at Hanover, a short distance from Windsor, when the accident occurred.

A car was seen approaching from the opposite direction on a narrow bridge. All three cars were going at a fair speed. There was no chance for the approaching car to swerve from its course on the narrow bridge to the roadway.

The president's chauffeur, taking in the situation, made for the embankment, which is not high. The momentum of the machine made it impossible to stop until the car ran across the yard and against the house.

Later, on the way to Cornish, President Wilson's automobile frightened a horse. The animal reared and pawed the air, threatening to strike the president.

DULL DAY ON MARKET

[UNITED PRESS LEASED WIRE.] New York, July 11.—Trading in stocks started at slightly lower prices today, Canadian Pacific scoring the biggest loss with a drop of 7-8c. Business was very dull.

SEX MORALITY NOT ALONE CONCERNED

Underpaid Girls Forced to Practice Economies Which Undermine Their Health for Life.

[UNITED PRESS LEASED WIRE.] Seattle, Wash., July 11.—It is a mistake to put too much emphasis on the so-called sex morality argument in discussing the question of minimum wages was the advice given by Father Edwin V. O'Hara, chairman of the Industrial Welfare Commission of Oregon, addressing a section meeting of the National Conference of Charities and Correction this morning.

"It is fundamentally a moral issue," he said, "one of social justice. But the insinuation that underpaid girls are largely immoral, and that the increase of wages is going to make it possible for them to lead moral lives is false, in fact and dangerous in policy. Girls will not co-operate with reformers to begin by casting reflections on their virtue. It is more to the point to show that underpaid girls are preserving their virtue, but are living on two meals a day, and are forced to practice other pitiable economies which undermine their health and unfit them for the duties of wife and mother, and thus sap the foundation of society."
