SEEKS TO ANNUL MARRIAGE ON GROUND OF FRAUD

Alleging that, with the aid of M. La Velle and La Clair Eddins that Ida M. Hoff Miller, contrived to obtain the possession of \$30,000 worth of property belonging to Isaac Miller by falsely and fraudulently representing that the latter's relations and friends did not care for him, and that Ida Miller, for the purpose of gaining possession of the property, married Isaac Miller, A. M. Fry, as guardian of the Mr. Miller, yesterday instituted suit to annul the marriage of his ward to the defendant, Ida M. Hoff Miller, on the grounds that the husband is not in his right mind, and was induced to enter into a marriage agreement with the defendant while in a feeble minded state.

It is alleged in the complaint that Isaac Miller is 75 years of age and his mind is feeble. It is further alleged that the defendant is 40 years of age, and that she, with the assistance of M. LaVelle and LaClair Eddins, deceived the old man into marrying the defendant for the sole purpose of gaining possession of Mr. Miller's property, which is located at Aurora, Marion county. Rev. Babcock, of Salem, performed the ceremony without knowing that the plaintiff's charge was incapable or reasoning, it is said.

ORDINANCE COMMITTEE WILL REPORT FAVORABLY

J. D. Waring, of the ordinance committee, said this afternoon:

"In response to your reporter's request for a statement of my attitude on the police matron ordinance, I may state that, as one member of the ordinance committee, I will vote for a favorable report upon the ordinance. I believe in the office of a police matron, as I stated on the floor of the council. My position in voting for the repealing ordinance was to bring the matter to an issue on the present incumbent of the office, in addition to wanting the ordinance amended so as to bring it strictly within the letter of the charter.

"If this amending ordinance is passed by the council, and becomes a law, I expect to vote for a policeman to fill the office of matron in the department, whom I believe can and will do effective work. I am not in sympathy with police methods which call attention of the public at large to immoral conditions. I believe that such work should be done quietly and effectively done, without becoming an offense to the public, and a menace to the young people of our city."
