Budweiser

175,000,000 Bottles Yearly

That was the demand for Budweiser last year.
The Anheuser-Busch Plant covers today more than 142 acres—equal to 70 city blocks. It gives steady employment to 6,000 people, and to 1,500 more in its branches.

Every process, every room, is immaculate. Every bottle is Pasteurized and inspected. This Quality-Plant, started nearly 50 years ago, is a model of modern facilities. The hundreds of visitors who go through every day know that nothing of its kind could be made any better than Budweiser.

PORTLAND EDITORS COMING TO VALLEY

Portland, Eugene & Eastern Will Have as Guests Several Writers on Booster Trip.

PROGRAM ANNOUNCED BY RAILROAD COMPANY'S OFFICE

Friday, Saturday and Sunday Will Be Spent Visiting Points of Interest on Its Main Lines.

[UNITED PRESS LEASED WIRE]
Portland, Or., Aug. 13.—Believing that a large amount of practical good will follow the Portland, Eugene & Eastern Railway company has arranged to bring representatives of the daily and weekly press of Portland to the Willamette valley, where the fellows who are constantly boosting for its lands and cities may secure first hand information as to what is going on. Some Portland managing editors have come to believe that the publicity department of the P. E. & E. dallies with the truth when it turns in some of the stories of the progress and activity of the district and this will be in the nature of a "show them" affair.

The managing editors will not be personally in attendance, but they will be represented by good men, as follows:
The Oregonian—Yet to be assigned.
The Telegram—W. P. Stranberg.
The Journal—Yet to be assigned.
The Posten (Swedish)—F. W. Loner, editor.
The Spectator—John Dougal.
The Chamber of Commerce Bulletin—Moses Mosessohn.
Zeitung (German)—A. E. Kern, editor.
Pacific Scandinavian—H. J. Langoe, editor.

Portland Railway, Light & Power Co. publicity department—W. T. Buchanan, manager.

And there may be others. The company will be represented by a complement of engineers and other officers.

The party will leave Portland by special train at 8 a. m., Friday, August 15, and will run on the following schedule:
Arrive Hillsboro, 9 a. m.; leave 10 a. m.
Arrive Forest Grove, 10:15 a. m.; leave 11:15 a. m.
Arrive McMinnville 12:15; leave 2 p. m.
Arrive Sheridan 2:45 p. m.; leave 3:30 p. m.
Arrive Willamina 4 p. m.; leave 4:30 p. m.
Arrive Dallas 5:30 p. m. Stay over night.

Saturday, August 16.
Leave Dallas 8:30 a. m.
Arrive Independence 9 a. m.; leave 9:30 a. m.
Arrive Corvallis 10:30 a. m.; leave 12 noon.

Trip Up Mountain.
Arrive Monroe 3 p. m.; leave 3:30 p. m.
Arrive Fern Ridge 4:45 p. m.; leave 6 p. m.
Arrive Eugene 6:30 p. m. Stay over night.

Sunday, August 17.
Leave Eugene 10 a. m.
Arrive Salem 12:30 p. m.; leave 2:30 p. m.
Arrive Silverton 3 p. m. Thence to Canby, out over the Molalla branch and return to Portland.

Wherever a stop is indicated by this schedule the company will be glad to have Commercial Clubs, newspaper men or representatives of any business organizations take steps to show the industries and resources of cities and country. The schedule cannot be disregarded, but the company will be glad to co-operate with every one in every other way to get each town and country properly in the minds of the men who represent the press.

Meals and sleeping quarters will be provided aboard the train, so that no time may be taken up anywhere that might be devoted to seeing the valley. This will be a boosting trip.

The "outs" can always do it so much better.

BACK TO NATURE TREND SHOWN AT DRESS EXHIBIT

[UNITED PRESS LEASED WIRE]
Chicago, Aug. 13.—Eve's original costume is easily rivaled and, in its effects, surpassed by the bunch of women's clothing displayed here today at the exhibition of the National Garment Makers. The designs are the most daring in the history of the organization, the keynote of the whole affair being "back to nature," which in this case means mighty near "back to nudity." Flesh-colored bathing suits, slit skirts tremendously slit, and ball room gowns composed largely of nothing are on display as the real latest. Living models will wear the creations at the exhibition tonight and it is expected the very walls of the building will bulge with the crowd.

One of the real noises of the display is a Buster Brown bathing suit of flesh tinted silk. The bodice is sleeveless and too low for Chicago regulations. It has no skirt, but bloomers which do not reach the knees and with a large gap between the bloomers and the tops of the half-hose which are a part of the costume.

It is expected that when the bathing suit is filled with girl tonight, she will be the big attraction of the show.

NINE TACOMA MEAT DEALERS ARE ACCUSED

[UNITED PRESS LEASED WIRE]
Tacoma, Wash., Aug. 13.—Warrants were issued today for nine meat dealers here, who are alleged to have been endangering the health of Tacamans by the use of "Freezeum" in preserving meat, especially hamburger and sausages. If convicted they will be amenable to a fine not to exceed \$100 and in danger of having their city licenses revoked.

The arrests were made upon complaint of City Chemist G. L. Pitchford, who has just finished testing samples taken from 24 meat markets scattered throughout the city.

Pitchford said some of the meat tested was found to be decayed to such an extent as to seriously endanger the health if not the life of any one eating it.

LANE WILL SPEND ONLY FEW HOURS IN OREGON

[UNITED PRESS LEASED WIRE]
Portland, Or., Aug. 13.—Instead of spending a week as he originally intended, Secretary of the Interior Lane will spend only a few hours in the state of Oregon, according to a telegram received from him by the Commercial Club.

The secretary stated that the president desired that he attend the congress of governors at Colorado Springs and then return immediately to Washington. He will arrive in Portland next Monday morning at 7 o'clock. It seems almost positive that the secretary will not visit Crater Lake and Klamath Falls.

OPERATORS UNWILLING

[UNITED PRESS LEASED WIRE]
Calumet, Mich., Aug. 13.—A formal demand on the miners and operators to submit their differences to mediation was made here yesterday afternoon by Judge Alfred Murphy, representing Governor Peria. The miners are willing but the officials of the Hecla-Calumet Mining company are expected to refuse.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

The Markets

Reports from the Inland Empire show an unusually big crop of wheat, and the world's crop is at least an average. Growers and buyers alike are shy of forcing the market, each content to await developments. There is evidently an underground movement to ball the hop market, but for ten days the price has remained unchanged at 29 cents. Reports from England and the continent show good weather, and the indications of a big yield are good. Most of the valley yards are making preliminary arrangements for picking which will commence in about two weeks. There are heavy shipments of peaches, but the quality is generally poor, due largely to the universal "curl leaf."

Poultry and dairy products are in good supply with prices unchanged.

PORTLAND MARKETS

Grain, Flour, Feed, Etc.
Wheat—Track prices: New Club, 75¢@79¢; new Bluestem, 82¢@83¢; new Fortified, 80¢; new Red Russian, 77¢. Millstuffs—Bran 52¢@55¢ per ton; shorts, 42¢@47¢; middlings, 43¢.
