## COMMUNITY MASOLEUM PLAN GROWS POPULAR

General Manager of Company Which Proposes to Erect Building Here Discusses Plans.

Speaking of the plans of the Portland Mausoleum Company, W. S. Small, general manager, said to The Capital Journal late yesterday:

The breaking of ground in City View cemetery in Salem for a community mausoleum marks the initial step in the construction of public or

community mausoleums of modern type in the state of Oregon. It is fitting that the Capital City of Oregon should be the first to have a series of buildings of this character which are planned for Eugene, Medford, Grants Pass, Ashland, Baker City, La Grande, Astoria, and Portland, and other important cities throughout the state.

"The community mausoleum is not a new idea in the United States. One hundred and seventy-odd buildings have been put up throughout the eastern states of the same general type and scientific construction as the building now under construction in Salem. That the people are fast recognizing this modern, yet ancient form of burial as superior to earth burial is seen in the rapid growth in one of the oldest states, Iowa, where twenty-two beautiful

buildings have been completed and dedicated and there are six under construction.

"People in Salem are manifesting a keen interest in this beautiful mausoleum in City View cemetery and it is safe to predict that before this first building is completed and dedicated there will be a demand for another mausoleum in Salem. In fact, eastern cities like Toronto and Buffalo are building community mausoleum cemeteries. It is needless to state that the Salem building will be of indisputable material with the very best workmanship.

Under modern scientific methods buildings can be erected that will endure for ages and there is no reason why our present day mausoleums should not stand the test of time the same as those of the Egyptians and other ancient people."

### SUMMER-SPOILED SKIN REMOVED BY ABSORPTION (From Home Queen.)

As undue summer exposure usually leaves an undesirable surface of tan, dust or grease, often freckles, too, it would seem more sensible to remove such surface than to hide it with cosmetics.

ies. There's nothing better for this than ordinary mercurized wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently and gradually, so there's no inconvenience and no detention indoors. Just spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercurized wax at the drug store and use for a week or so, you may expect marked improvement daily. When the underlying skin is wholly in view your complexion will be a marvel of spotless purity and beautiful whiteness.

Don't let those summer wrinkles worry you; worry will breed more wrinkles. Better to banish them by bathing the face in a solution of powdered sassolite, 1 oz., dissolved in 1/2 pt. witch hazel. Used daily for awhile this will be found wonderfully effective.

# To My Friends and Patrons

Certainly my home is suburban, but any one who is "rube" enough to think the Masonic Temple is in the suburbs --well, they might sell a suit of B. V. D. underwear for a dress suit, and have it made by the Royal Tailors.

## Now to Facts

In June, 1910, while in Chicago I refused to handle this line. Since then I have had repeated requests from the Royal Tailors to handle their line again. And even today I have in my desk an application card to send for their line this fall. I hereby defy my friends who have the Royal line to show a single "utterance of false statements" in any ad I ever wrote. They are not exclusive agents for this line, for a reliable merchant has this line in his store, and it was sent after he had informed them he didn't want their line. So you see how easy it is for any one to get this line. The line I now handle does not put their samples in shoe stores and livery stables. Fake sales, inflated values, "hot air" and shoes are things you will not find in my "suburban store in the Masonic Temple, out in East Salem."
