\$50 FINE IMPOSED.
 [UNITED PRESS LEARNED WIRE.]
 Dallas, Or., Aug. 21.—Fred Stevenson, railway mail clerk, arrested last spring in this city on a statutory charge, pleaded guilty in the circuit court of Polk county, and was fined \$50 and costs. It clearly appeared that the act of Stevenson was accidental, and that he was merely guilty of a technical offense. In passing sentence, Judge Holmes criticized the railroad companies for not furnishing better facilities for the men in these cars.

gradient of a circus program. With this knowledge well in mind the Ringling Brothers have gathered together a talented band of fun-makers, 50 in number, and the majority from Europe. Each is a past master of his art. Every pause in the exciting bill is filled with delicious skits, screaming pantomimes, bewitching tomfoolery, travesties on political and public happenings and hilarious high jinks in general.

These clowns are original and versatile. They are the creators of all things funny. The clowns of other shows try to imitate them, but fall far short of their patterns. Many of them are from the comic opera theatres of England and the Continent. Some of them have made kings laugh in the royal courts of Asia. Others are from our own vaudeville and musical comedy companies. They are as unctuous a bunch of sky-larkers as ever smelled sawdust. From thrills the audience turns to laughter, and from laughter back to thrills. When the high-air feats of the daring aerialists are not sending cold chills up and down ten thousand spinal columns, the clowns are making spectators hold their sides and shout with the joy of living.

The circus is here next Saturday.

TO DISCARD FRECKLES. TAN, PIMPLES, WRINKLES
 (From Feminine World.)
 The use of creams on the face sometimes causes hair to grow. You can avoid the risk of acquiring superfluous hair by avoiding cosmetics and using mercurized wax instead. There is nothing better for any condition of the skin, as the wax actually absorbs the offensive cuticle. The latter is naturally replaced by a clear smooth, healthy complexion, full of life and expression. It's the sensible way to discard a freckled, tanned, over-red, blotchy or pimply skin. Get an ounce of mercurized wax at any druggist's and apply nightly like cold cream, erasing in the morning with soap and water. It takes a week or so to complete the transformation.

The ideal wrinkle eradicant is made by dissolving an ounce of powdered exolite in a half-pint of witch hazel. Bathing the face in the solutions brings almost instantaneous results.

ONE MAN KILLED

 with lacerations. The machine landed full upon his body and when he was pulled from underneath the mass of broken steel and wood, there was hardly a bone in his body that was not broken, so great was the force of the fall, combined with the weight of the large machine.

Others Have Narrow Escape.
 Just how the other parties in the machine escaped sudden death cannot be explained, according to statements made by them. They declare that when the machine left the road, they were hurled clear of their seats and the first thing they realized was that they were lying about 20 feet ahead of the wreck and heard Black groaning.

Although the other members of the party were injured more or less, they were able to walk and immediately set about assisting their friend to get from underneath the auto. Frantic efforts were made to get Salem physicians and other aid and the able members of the crowd finally succeeded in getting Dr. McAllen, of Dallas, over the phone and the physician made a quick run to the scene, but his services were not needed as Black was fatally injured.

Black Confident.
 When the crowd left Salem, according to those who were standing close by when Bilyeu cranked up the machine, one of the party was heard to say that "he was afraid to ride behind the driver (Bilyeu) on account of his carelessness." Then Black was overheard to say, "that's all right, old man—I'm willing to take a chance," and the party

willing to take a chance," and the party good speed.

Just what caused the driver to miss the road will probably never be known, as the crash came so quick that Bilyeu himself cannot explain how it happened. It may have been a rut, a mound of dirt or some other object which caused the steering gear to become unmanageable, but in any event the front wheels of the car suddenly turned sharp and the whole car left the ground, and turned turtle endwise, before any of the occupants knew what was going on.

The dead man was a well known horse man of Dallas, and had many friends in this city, who are today grieved to learn of his tragic demise. The other parties in the machine are Dallas business men.

THAW ALLOWED LIBERTY

(Continued from page one.)
Auto Used by Thaw Found.
 New York, Aug. 21.—Chief of Police Young, of Adams Corner, N. Y., today found an automobile in a barn owned by John Rankin, which he believes is that in which Harry K. Thaw escaped, according to advices received here today. Two men left the car in the custody of Rankin's daughter, Hazel, promising to pay any amount for storage.

Hazel Rankin identified the picture of Thaw as one of the men who had left the machine in her charge. The police traced the automobile by its description and number to John Collins, who owns a Broadway garage. Collins says he believes the car is one he rented last Friday to former Assemblyman Richard Butler.

Appeal to Governor

Pittsburg, Pa., Aug. 21.—A plea from Harry K. Thaw at Sherbrooke, Que., asking the lawyers for the Thaw family here today to secure Governor Tener's aid in his behalf was received in the form of a telegram here today. Thaw declared he is a citizen of Pennsylvania, and maintains that he is the victim of a conspiracy.

"I think it is the duty of the governor of Pennsylvania to protect me," he said.

Ask U. S. to Act.
 Washington, Aug. 21.—Secretary of State Bryan this afternoon received a telegram from Acting Governor Glynn, of New York, asking that the United States government move to secure Thaw's extradition. Bryan said he would refer it to Councillor John Bas-

---Your Form

is more a matter of fashion than of figure. That's why it is so important to select the correct model of corsets.

Another new number we have added is a **College Girls' Sheathlyne Corsets**

PRISONERS OF MANIAC.
 [UNITED PRESS LEARNED WIRE.]
 Los Angeles, Cal., Aug. 21.—Prisoners for three days without food or water in rooms which had been boarded and nailed by Mrs. Myra Hull, Mrs. J. E. Sherrer, aged 65 years, her mother, and Mrs. Hull's two small children, were rescued today by police and carried to the street down fire ladders. All three were weak from hunger. Mrs. Hull has been charged with insanity. According to Mrs. Sherrer's story, she awoke Tuesday morning to find the windows of her room locked and the door barred.

Complicating the situation, the kick of is nearly always headstrong.

There's Still a Big Demand for a Horse That Can Pull a Load

It is a fact that draft horses are worth as much today as ever before. The auto truck, great as it is, has not displaced the horse to any large extent.

Salem is a good horse market. Dealers in horses know this. Even the owner of a team is aware of the city's reputation in this respect.

But prospective buyers and sellers must be brought together. One of the most effective methods is through an ad in the "Want Ad" section of The Capital Journal, under the heading "Horses and Vehicles."

If you have one horse--or two horses--or a larger number of them for sale, let it be known.

The Capital Journal is read by the very class of men who have use for strong, willing horses. Fix up an ad and then phone it to
