## "GETS IT" is a Wonder for Corns

No Fuss, No Pain, Sure and Quick, Nothing Like It. "GETS IT" Them Every Time.

You never used anything like "GETS IT" for corns, before! You're sure at last that every stubborn corn

"Nobody Knows How Good I Feel. Corns Are Gone at Last. 'GETS IT' Did It!"

that you've tried so long to get rid of is a "goner." You apply "GETS IT" in two seconds, that's all. "GETS IT" does the rest. There is no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors. "GETS IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS IT" never fails, harmless to healthy flesh. Warts, calluses and bunions disappear.

"GETS IT" is sold by drug stores at 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

La Crosse, Wis., Sept. 19.—Six persons were injured, one probably fatally, near here yesterday when the Oriental limited of the Burlington railroad crashed through a burning bridge. The blazing bridge timbers exploded a gas tank in the dining car, firing the train wreckage.

Portland, Ore., Sept. 19.—Establishing a new automobile road record between San Francisco and Portland by covering the 740 miles in 40 hours and 50 minutes, C. A. McGee, of San Francisco, arrived yesterday, covered with dust and almost exhausted from loss of sleep.

## GIRLS! THICKEN AND BEAUTIFY YOUR HAIR

Bring Back Its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

## The Markets

The hop market had another lift Thursday, going up a cent and is still climbing. It is a foregone conclusion that the price will not stop short of 25 cents, and how much higher it will go is a matter of individual guessing. Reports from England and the old country hop yards show steadily falling estimates, and they are not alone on this, for here in Oregon the yield is now estimated, at about 130,000 bales as against the first estimate of 145,000, and this may be too high.

Wheat is unchanged, but firm. The government report shows the potato crop is about 18 per cent below that of last year. Of all the states, Maine alone shows an increase over last year. The total production of the United States last year was 414,289,000 bushels. Oregon's crop is only 7 per cent below normal, and last year was one per cent above. The total yield in 1912 for the state was 10,355,000 bushels. The peach market is demoralized. Tomatoes are scarce and firm at from 50 to 65 cents.

**PORTLAND MARKETS.**

**Diameter of a Fine Wire.**

Should you ever find it necessary to obtain the diameter of a fine wire, it may be done in this manner: Wind it carefully around a piece of pencil in one layer for an inch or so, that each turn is touching the previous one. Then measure exactly an inch along the wire and count the number of turns in the inch. You then have the information. Thus, if there are eighteen turns the wire is one-eighteenth of an inch diameter.

**Gas in Trees.**

An interesting phenomenon, says a writer in American Forestry, is the escape of gas from cavities at the base of hardwood trees in the Ozarks, when the cavities are cut into the gas escapes with a whistling sound, and if lighted it will burn with a faint yellow flame. Decomposition of the heart wood of the tree is supposed to cause the formation of the gas.

The laborer who proves worth of his hire usually has a new mark set for him.

Portland, Ore., Sept. 19.—That two troops of cavalry had been organized among the business men of Portland, and are being held in readiness for service in Mexico, should the present difficulties in the southern republic result in intervention by the United States, was the startling discovery here yesterday.

San Francisco, Sept. 19.—A verdict of second degree murder was returned here yesterday against Yee King, who fired the first shot in the Chinese tong war here last March, which resulted in the slaying of 13 Chinese. Yee King, a member of the Sney Sing tong, killed X. Nynhars, a member of the Blug Kong tong, March 9.
