# SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

class of labor for the reason buildings which were started early in the season must be completed before fall, and that many new structures are contemplated and the owners of same are crying for assistance.

**Much Improvement.**  
According to local contractors, there seems to be more than the usual amount of improvement work going on in the city at this time this year than there was last. Old buildings are being made to look like new, sidewalks are being remodeled and placed in up-to-date style and many unsightly structures and general surroundings are being placed in a condition that is pleasing to the eye and makes the property valuable.

In fact, Salem contractors are of the opinion that Salem is doing more real good by improving this year than it has ever done before, and before winter the city will be dressed up in new clothes, so to speak, that will make the old-timers sit up and take notice. A touch here and an improvement there means much to the general appearance of a public building, say the contractors, and the local structures are now receiving the necessary touching up.

There is hardly a section of land within the city limits but which has been greatly improved this year. New houses of the most modern class, former unsightly lawns made into green carpets, parkings dressed down and planted with beautiful flowers, and many other things have been done up Salem's enterprising suburbanites of late to render their respective localities sightly and pleasing to the eye of the passerby. Such thrift is commendable as a whole, and to the different property holders especially.

**Likes Salem.**  
"If climatic conditions and general surroundings count for anything insofar as the baby is concerned, Salem should capture the \$25,000 prize offered by the international eugenics show association in San Francisco." This was the statement by O. C. Spencer, an officer of the Panama exposition while he was here during the fore part of the week in the interest of the "Temple of Childhood," which will be seen at the exposition. Mr. Spencer was more than delighted with the perfect climate, the sanitary condition of the city, and he especially laid stress upon the fact that Salem children should be healthy in the midst of "a natural, healthy city."

In speaking of Salem further, Mr. Spencer said:  
"You people have everything necessary to raise perfect children, and that means something of an importance that few people realize. A child must have the best of care, that is true, but at the same time if the parent has not the proper surroundings in which to care and raise a child, it is eight chances to one that the baby, boy or girl, will suffer from some cause or other brought about by being compelled to grow up in environments that are not true to nature."

**Great Child City.**  
"Although I have been in your city but a short time, I find that the people of Salem certainly have a great child city. Room galore for the little ones; clean streets and alleys, plenty of green grass and an unlimited territory makes the city almost ideal for the bringing up of children, and I believe that the people of the capital of Oregon should be congratulated and commended for keeping their city up to the standard which it is at the present time. I hope to see a prize winning baby come from Salem when we start our world-wide eugenics show in San Francisco."

These expressions, coming from an official of a world's exposition, should cause old Salem to get rather "cheerful." Mr. Spencer has been in almost every city in the United States, and he frankly says that Salem is a top-notch city when it comes to cleanliness.

The harder the climb the greater the reward—if it be only your own satisfaction over the achievement.

## SEE IF THE CHILD'S TONGUE IS COATED

Mother! Don't Hesitate! If Cross, Feverish, Constipated, Give "California Syrup of Figs."  
Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomachache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.  
You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask the druggist for a 50-cent bottle of "California Syrup of Figs" which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

## BULLETS SHRIEK AROUND EARS OF CITIZENS DURING FIRE

[UNITED PRESS LEASED WIRE.]  
San Bernardino, Cal., Sept. 20.—The Rev. Father Brady was shot through the hand and bullets shrieked about the ears of a thousand citizens when several thousand cartridges stored in the national guard armory, a wing of the municipal pavilion, exploded during a fire early today that destroyed the pavilion.  
Police cleared the street for blocks about the pavilion, which burned to the ground while firemen stood outside the range of bombardment. The damage was about \$50,000.
