

LITTLE TALKS ON EVERY-DAY FINANCE

Said a Man of 42

Q. "It would take just \$20,000 to free me from debt and lift a heavy load."

Q. "If I had saved at compound interest half of what I have thrown away in twenty years, I would be healthier, out of debt, and could look on the future with serenity."

Young Man:

Q. You will be 42 some day. Let your savings account at this bank work in the meanwhile to establish you on a sound financial footing.

SWEETLAND WORKING HARD ON HIS TEAM

Eleven Men Who Are Considered Eligible and Several More Will Come in, It Is Expected.

EVERYTHING ABOUT MEN WHO ARE HERE SO FAR

Men Will Bring in Some More Men and Situation Is Not as Discouraging as It Might Be.

At least there are 11 men on Sweetland's first squad, and, although there is no certainty of several of the best members being in the first lineup when the first football game of the season arrives.

There are several good men yet to come in, and in the meantime Coach Sweetland is working hard to build a strong first team of the material on hand, so as to have as strong a first team as possible.

The men working in the backfield at present are Booth, Rowland, Doane and Heman.

Booth was a member of the first team last season and worked at quarterback throughout the season, getting into several games. He has been working half this year, and, although a little light, has lots of speed and hits the line with great force. He is good at running through a broken field.

Rowland Is Working

"Curly" Rowland, fullback of last season, is back at his old position between halves, and is smashing the line in his old-time form. He has had several years of football under Dr. Sweetland, and should show up well this year.

Doane, the phenomenal halfback of last season, and 'varsity second team

Chest, Peabody & Co., Inc., Makers

of last year is working at the other position of half. He is a fast charger and has a great knack of dodging, being a good yardage maker on a broken field.

Paul Homan, who is back at his old position at quarter, has established a great record as a field general, and will have no trouble in holding down that position. There is a possibility that he may play at half if a man can be developed to take up the quarterback position. He has had several years of college football, and is without doubt one of the best men on the team. He does great work at running back punts and kick-offs.

Three New Men

The center of the line is made up of three new men, Teeters, of Weiser high, Weiser, Idaho, being at center; Ferris, senior law, out for his first time, being at one guard, and Pfeiffer, of Dayton high, at the other.

Eric Golt, recently chosen captain of this year's team, is playing at one tackle and Ben Neustal at the other. Bolt has held his present job for the past two years, and will be one of the strongest members of the first eleven. Neustal is an old man at the game, and is doing good work.

The positions of ends are being filled at present by Fiegel and Bandervert. Both have played guard during their previous football career, and are not much at home in their new positions as yet.

Schedule Not Ready

The schedule for this year has not been entirely given out, several contracts have been signed, but the dates are optional, and will be arranged for later.

The first game will, of course, be the 'varsity-alumni contest. This game is scheduled for October 4. The alumni will be exceptionally strong this year, and should have it over the 'varsity by a large margin.

Probably the most important game of the season that will be played in Salem will be the game with the University of Oregon. This contest will probably occur Saturday, November 1st, just one week before the Oregon eleven meet O. A. C. in the big game at Albany.

As the university is not well under way yet, and there will be much new material come in with the starting of the law school, the first of October, it is quite possible that Dr. Sweetland will develop a strong eleven, although the indications just at present are not as favorable as they might be. The doctor has turned out strong teams in the past with poorer material than is on hands at present to work with, and the majority of the students are not at all discouraged with the prospects.

10 CENT "CASCARETS" STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

It takes a pessimist to worry over a job full of possibilities that never develop. Even the man who is good only on Sundays may manage to keep his batting average down.

The woman who thinks her husband tells her everything he knows is entitled to another think.

Hood's Sarsaparilla

Acts directly and peculiarly on the blood; purifies, enriches and revitalizes it, and in this way builds up the whole system. Take it. Get it today. In usual liquid form or in chocolate coated tablets called Sarsatabs.

COUNCIL TO POSTPONE CITY ELECTION DATE

Dislike Idea of Losing Their Jobs, Anyway, and This Postponement Gives Them Fine Excuse.

A petition asking the city council to postpone the election on the commission form of government charter from November 3 to December 1, the date of the regular city election, will be presented at the meeting tonight. It was stated this afternoon that many signers had been secured.

The committee named to frame the charter last Tuesday has not been called together by Mayor Steeves, and so no progress has been made in the preparation of a charter.

The resolution calling for the preparation of a commission form of government charter amendment was introduced by Councilman Brown at the meeting a week ago, and passed. Since then there has been much agitation against the holding of the election at so early a date.

The council will change the date tonight, as a majority of the councilmen have quietly opposed the plan, because they would lose their jobs in case the commission form charter was adopted. The petition gives them a fine excuse to put the election off, and, if some of them had their way, it would be put off a year.

Those favoring the commission form have not been making much of a campaign for a vote in November on the charter. There is apparently no great opposition to the plan for postponement to December. However, they do not approve of Mayor Steeves' policy in holding up consideration of the charter for a week. It is pointed out that whether the election is to be held in November or December, there is no reason why the mayor should have sulked over the fact that Siegmund had appointed the committee, and failed to call the committee in session. The committee has work to do—and the sooner it begins the better.

GET FIFTEEN DAYS IN JAIL FOR CRIME

Officers Have Some Trouble in Landing Some of Those Accused of Offenses in Court.

E. Erixon, John Olson and Mike Harvey will be compelled to spend 15 days in the city jail according to the dictum of Police Judge Elgin this morning. Besides being charged with drunkenness, the three men were charged with resisting an officer.

Officer Irvine proved himself somewhat of a slugger Saturday afternoon, when he arrested Erixon and Olson, who insisted upon staggering about the streets and pestering the unoffending public. Both men started to put up a fight with the officer, but the latter drew his club, and for a time two dome pieces received what could be called a roll call. The prisoners tried to get away when within a block of the city hall, and, when Olsen attempted to strike the policeman, Irvine wetted him a blow over the head with his loaded club which nearly took the prisoner off his legs. Officer Irvine finally laddered the two in the marshal's office, when Erixon made an effort to fight. He made a pass at Irvine, but his wrist

came in contact with the officer's club with such force as to nearly break the member.

Officer Welsh Mixes

The next wild prisoner was brought in by Officer Welsh in the person of Mike Harvey. The prisoner was drunk and was determined to pick a quarrel with about every man he met on the streets. He submitted to arrest, but when he was being searched at the jail, the prisoner drew back his fist, and was on the point of letting the big bunch of bones fly, when an equally as large bundle of fist sticking on the end of an arm as big as a stovepipe caught Harvey squarely on the point of the jaw. The prisoner went down for the count and remained down until he received a dash of cold water in his face. Harvey was then very gentle and willing to be searched and escorted behind the bars.

ANSWER THE CALL

Salem People Have Found That This Is Necessary.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has satisfied thousands.

Is Doan's Kidney Pills, a special kidney remedy.

Many Salem people rely on it. Here is Salem proof: W. C. Johnston, gardener, 1021 Mill St., Salem, Oregon, says: "After several remedies had failed to help me, I used Doan's Kidney Pills and got relief from kidney and bladder trouble. I still use Doan's Kidney Pills once in awhile when a cold settles in my back and kidneys and the kidney secretions become disordered. I always get quick relief. You may continue publishing the testimonial I have given before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

It is a curious fact how marriage makes detectives out of some women.

Some men fail to meet their obligations because they are headed the other way.

WOMAN DECLINES TO PROSECUTE ROBBER

Says Married Man Took Small Sum of Money, But Returned It and She Is Lenient.

A hurly call, which at first bid fair to result in something exciting, was received by Officer Woolery last Saturday night about 12 o'clock, but it turned out to be what some people would term "another white slave case in Salem."

Together Officers White and Woolery made haste to the scene from where the call was received, Marion square. Arriving there they put in some time searching about the quiet premises for something in the way of unlawfulness, and finally they were approached by a woman of this city,

who, the officers say, bears a questionable character. She told the policemen that a man had robbed her of her purse which contained between \$4 and \$5 in money and that two men had been following her that night about the city. She told the police that the men traveled north on Commercial street, after she went into a house to telephone, and the officers took a taxi cab and followed the direction given. The men were located several blocks north, and the woman recognized one of them as being the man who stole her purse.

Then the man and woman were taken to the station, but the latter said she did not want to prosecute the man, and that she would let the matter drop if she could get her money back. The man gladly turned over \$5 to the woman, and, after being advised to "heat it" off the streets, the couple left. The officers say that the man has a family in the city, and, for this reason, the woman declared she did not desire to prosecute the case.
