FIRST SCRIMMAGE IS HELD AT WILLAMETTE

Football Squad Does Some Light Work on Sawdust and Men Show What They Can Do.

Willamette's first squad held their first scrimmage practice last evening, taking light work on the sawdust covered portion of the field.

The back field which now consists of "Curley" Rowland, fullback, Small and Doane, halves, and Homan and Booth, quarters, was lined up against the first team line and a few signals run off.

They also did a little work running down under punts.

The first squad now consists of 13 men, Small, a Salem high graduate and well known in the city, joining the squad the first of the week and Turkelson, who played with the famous Astoria high team last year, being moved from the second to the first squad and being placed at end.

Unless, as is expected, more new men come in with the law school, there will not be an exceptionally strong team this year and the games with the larger schools will not be as eagerly sought after as they were last year.

The date of the alumni game has been changed from Saturday, October 4 to Tuesday, October 7. With McRae, Francis and Bellinger of last year's team added to the alumni lineup this year, the graduates are expected to have no trouble in handling the varsity eleven.

HAPPY HOGAN IS FINED.

(UNITED PRESS LEADERS WIRE.)
San Francisco, Cal., Sept. 25.—Happy Hogan's antics in leading off his banished players in circus fashion in yesterday's game did not meet altogether with the approval of President A. T. Baum, who was an interested spectator. As a result Happy was fined \$50 and suspended five days, which will keep him off the field for the remainder of the series with the Oaks.

The Right Way to Roll a Cigarette

I. In fingers of left hand, hold cigarette paper curved, so as to receive the tobacco. Pour right quantity of "Bull" Durham out of muslin sack with right hand, strewing tobacco evenly in paper.

II. Then place your two thumbs next to each other in the middle of the paper in this position.

III. And roll the cigarette on the lower fingers, so that the index fingers move up and the thumbs move down. With the thumbs, gently but firmly force the edge of the paper over the tobacco, and

IV. Shape the cigarette by rolling it with the thumbs, as you draw them apart.

V. Hold the cigarette in your right hand, and

VI. Moisten the projecting edge of the paper.

VII. With fingers close ends of cigarette by twisting the paper, and you have a cigarette properly made, properly shaped and ready to smoke.

VIII. This is NOT the way to make a cigarette. The thumbs—not the index fingers should be used.
