SUITS AND COATS FOR WOMEN AND MISSES

The new fall fashions finds their fullest exploitation in our showing-the exclusive ideas for the particular woman and miss who has the innate pride in her attire-those who desire to get away from the commonplace, made more common by a number of shops selling the same models. We personally selected our garments the great markets from

thousands of different models. We virtually bring New York to Salem women in the matter of stylish garments when we place such a

stock of ready-to-wear in our store. In high class suits we are showing a splendid variety of the latest French and American styles. These suits embody all the new features so much desired by the refined, ultra-fashionable people. Among them are the striking cutaway blouse, the long straight tailored back and the military blouse. Some have fur and velour cuffs and collars. The materials are soft and pliable so as to give the much desired clinging effect without having the garments tight. Priced, \$20, \$25, \$30 and up to \$60.

Sumptuous effects in dresses for afternoon and street wear. Radical departures from former modeling gives an added interest to the styles of the hour, beauty, grace and harmony creates the charming note-the fabric, the distinctive features and the modeling, the exclusive element that spells faultless fashion. Shape that Lasts as Long as Your Clothes

'That suit always looks well on him." That's what you want men of judgment to think when they see you. Every day dressiness, week in and week out, depends mostly on lasting shape in your clothes. Shape is as much a part of the clothes we sell as the cloth itself. It's sewed and held in every stitch---it's tailored in to stay. It does not depend on pressing. Pressing alone gives shape, but will not hold it. To last, shape must be made in these clothes before the iron touches them. All wool cloth, thoroughly tested and shrunk, added to skillful tailoring, explains why they hold their shape as long as the clothes last. We have three good lines---every one guaranteed.
