

GRADED SCHOOLS TO HAVE BALL LEAGUE

Schedules Arranged for Season by Principals of Grammar Grades Here at Recent Meeting.

TWO GAMES TO BE PLAYED ON EACH OF DATES NAMED

On Account of Lack of Material, Grant, Englewood and Highland Schools Are Combined.

The graded schools of the city are to have a football league. At a recent meeting of the principals of the grammar schools, it was decided to have a Grammar School League in all departments of athletics and the football schedule has been arranged and is as follows:

- East vs. Park, October 18 and November 8.
- Lincoln vs. Garfield, October 18 and November 8.
- North Salem vs. Lincoln, October 25 and November 15.
- East vs. Garfield, October 25 and November 15.
- Park vs. Garfield, October 29 and November 22.
- North Salem vs. East, October 29 and November 22.
- North Salem vs. Park, October 31 and November 27.
- East vs. Lincoln, October 31 and November 27.
- Garfield vs. North Salem, November 1 and November 29.
- Park vs. Lincoln, November 1 and November 29.

Two games are to be played each day and are to be played on the local high school grounds. All Saturday games are to be called at 9 o'clock a. m., unless other arrangements are made and due notice will be given of all changes. The games of October 29 and 31 are to be called at 3 o'clock. Competent officials are already appointed to see that all games are played as per schedule and that they are played quietly and conducted as they should be. Considerable interest has been manifested by the boys of the grades in

these games. Because of the lack of material in the schools of the north part of the city, the Grant, Englewood and Highland have been combined under the name of North Salem.

The admission to these games is free and it is hoped that the patrons of the schools will take interest in these games and turn out whenever it is convenient.

SCANDAL NOT HEADED OFF.

(UNITED PRESS LEASED WIRE.)

New York, Oct. 15.—Indication that Mrs. Catherine Blake, wife of Dr. Joseph Blake, the famous New York surgeon, has no intention of dropping the suit for \$1,000,000 against Mrs. Clarence MacKay, whom she charges with alienating the affections of her husband, was seen here yesterday afternoon when Mrs. Blake's attorney obtained permission from Supreme Court Justice Pendleton to file a complaint and issue summons. It has been frequently reported, and as often denied, that Mrs. Blake intended dropping the suit.

Jealousy will not listen to reason, because it doesn't believe there is such a thing.

THE OPEN FORUM

The Capital Journal invites public discussion in this department—Let both sides of all matters be fully brought out—It is not the purpose of this newspaper to do the thinking for its readers.

BATHING IN SCHOOLS IS NECESSARY, SAYS WRITER

Editor Capital Journal: We note, with some interest, an article published in the "Open Forum" of The Capital Journal, under date of October 13, in which some well-intentioned individual takes issue with the school board for the installation of the new bathing system. Doubtless the author is not familiar with the conditions that exist in some of the homes of our beautiful city, and for that reason cannot see the necessity or expense for so lavish an expenditure of public money.

To our minds, and the minds of all well-thinking citizens, who have at heart the interests and welfare of the coming generations, the proposed new bathing system in the public schools will fill a long-felt want, and, considering its cost, will pay heavy dividends by giving us brighter, cleaner and better students in the schools, who otherwise might become dirty little "ragamuffins" on account of a lack of proper attention in the homes of the more or less shiftless.

children for school; and it is for this class that the new bathing system will do the most good. The bright little boy or girl who comes to school all washed up, with clean clothes on and his hair combed won't need a second bath, but the poor little fellow who has been rushed off to school, perhaps without his breakfast, without being washed and properly attended to at home, believe me, "Mr. Childless," this little fellow is not in a fit condition to get the most out of the education that you and I are paying for. You can't make a good scholar or good citizen out of him.

In conclusion, we wish to add that since the author of the previous article is childless, we assume he has reached an age where it is altogether unnecessary to worry about this half million dollars indebtedness. Us young bucks will have to take care of that. A YOUNG MAN WITH A FAMILY. Salem, Ore., Oct. 14, 1913.

Daily Horoscope

OCTOBER 15.

A child born on this date is difficult to understand, and the person who is responsible for its bringing up needs great wisdom. Very few people understand a child born under the "Libra" sign.

They are passionate, highly-tempered, quick to respond, are original and imaginative. They have a tendency to exaggerate and are very self-minded. Only gentle and kind methods will correct these Libra children. They will listen to reason and must be guided, and not forced into obedience. They have strong, indomitable wills and great pride. Appeal to this pride and you will accomplish more than by punishment or argument.

A Libra child should have much music, and be given every opportunity, either to hear a Virola or be taught music on a Packard, as naturally they are very talented. E. F. Peters, 521 Court street, can explain further.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headache will disappear. For sale by all dealers.

Kieff, Russia, Oct. 15.—Indications today at the trial of Mendel Belits, accused of murdering 13-year-old Andrei Muschinsky in connection with an alleged Jewish religious ceremony, were that the defense will endeavor to show the boy's own relatives killed him.

Twenty cents is the cost of a ten-word ad in the "New Today" column of The Capital Journal. It is the price of telling many a clean-cut desirable man or woman about the attractive room you have to rent.

Seldom do such ads fail to find occupants for desirable occupants always.

Sit down today and write out the attractive features of your vacant rooms—is it homelike and comfortable; is it near to the cars; is it bright and airy; is it priced reasonably?

The Capital Journal will take your message to Salem's preferred room-seekers. The 20c investment will likely transform your vacant room from a money-loser to a money-maker.
