WE EAT TOO MUCH IS BELIEF OF AN EXPERT

Mrs. Vaughn Advocates Simple Living and at the Same Time She Believes in Plenty.

QUALITY IS IMPORTANT IN PREPARING DISHES

Will Give Salem Women Valuable Suggestions About Lightening

Already the women of Salem are growing interested in The Capital Joarnal Cooking School to be conducted by Mrs. Kate B. Vaugn at the main auditorium at the Armory beginning on housekeeping as an art, differing next Monday. For six days Mrs. Vaughn from other arts perhaps, in that the will give the women of Salem some interesting information about cooking and eating. Mrs. Vaughn believes that art, but the love of these for whom the Would you like your eye troubles to was elected state senator. He was which includes the man as well as the woman of the house has in many instances quite the wrong conception of burning capacity.

Believes in Quality.

Mrs. Vaugha will give to Salem women a list of simple menus, quite within the limits of the average housekeeper's purse. She will explain the food values of the different dishes, showing conclusively that it is all foolishness to have the table "groan under its will endeavor to prove that a woman the senate. con do her housework well and still have time and strength to keep abreast WHAT DYSPEPTICS ferent topics of the day which are absorbing their interest and taking them further away from her and the kitchen

Gives Away Cakes. Mrs. Vaughn does not, however, confine herself wholly to plain, everyday forms of stomach trouble are, nine cooking. She is famous for her cakes times out of ten, due to acidity; thereand salads, and women who entertain fore stomach sufferers should, whenev much or little, will be eager for her er possible, avoid eating food that is cake and dessert and salad recipes. She acid in its nature, or which by chem will show how to prepare these in in. ical action in the stomach develops expensive as well as costly methods, acidity. Unfortunately, such a rule giving helpful hints to the mother, who eliminates most foods which are pleasdesires to give a simple children's party ant to the taste, as well as those which and to a woman who is going to in. are rich in blood, flesh and nerve build vite a few friends to an informal ing properties. This is the reason luncheon, as well as to the one who de. why dyspeptics and stomach sufferers sires to entertain with an elaborate din. are usually so thin, emaciated and ner party. She will not only give awey lacking in that vital energy which can her cake recipes; she will give away her cakes too. Some fortunate woman will the benefit of those sufferers who have Cakes, a cake with California roses, permade by Mrs. Vaughn's own hands, and Mrs. Vaughn is not a milliner food or foods which you may like, in either. Neither is she a Burbank, yet she can make blue roses and vellow in their natural color, however. She This will neutralize any acid which will probably produce some of the gargeous poppies for which the Western coast is famous, or if her audience desires, some of the flowers that grow "down south in Dixie," Mrs. Vaughn's grow out of her beautiful Cucumber

Advice for Girls in Teens.

Mrs. Vaugn has a special message for the girls. She believes every one of them should aspire to having a home of her own, but she believes just practice on her husband, thereby endangering both of their digestions, at the time of her marriage instead of waiting to do it. The woman who says, "I never cooked a meal in my life" is not proud of the statement any more. She is learning how just as fast as she can. Mrs. Vaughn says that this indifference to household matters has almost, if not quite gone out of fashion and she gives a large share of credit to domestic science teaching. Women personal element is stronger; the mo-

Why Drink Water When You Can Get Salem Beer?

The Most Popular Beverage on the Pacific Coast

Salem Bottled Beer is brewed in one of the most modern plants on the Pacific Coast. It is aged in steel glass-lined tanks. It is conveyed by modern pipe line system direct to the bottle house, bottled under pressure and never comes in contact with the air from the time it leaves the fermenting tank until the bottle is opened by the consumer. Therefore the consumer is absolutely assured a beer of ideal effervescence, snap and purity. A trial will surely convince you. Get it from your local dealer or send order to the
