It is understood here today that Miss Pearl Barrett, who was arrested day before yesterday on the charge of drunkenness, is really Mrs. Charles Barrett, the 27-year-old wife of the man who paroled last fall from the penitentiary, after serving a short portion of a sentence given him by the Multnomah county courts for stealing several thousand dollars' worth of bullion from the Alaska steamer Humboldt. Mrs. Barrett's home has been in Mehana, the place where Barrett buried a portion of the loot he stole from the ship and which he turned over to the prison authorities a short time after he had been committed to the institution. Mrs. Barrett's general reputation is also questionable, it is said.

The fine big auto belonging to August Kehrberger was damaged yesterday evening, when another machine collided with it at the intersection of State and High streets. Mr. Kehrberger was driving east on State, and, as is always his custom, slowed down upon approaching the intersection of the street. Another machine directly behind Mr. Kehrberger, failed to slow up, and the result was that it crashed into the rear of Kehrberger's auto. Mr. Kehrberger is conceded to be one of the most careful drivers in the city, and those witnessing the accident declare that he was not in fault, as he only used precaution in approaching the intersecting streets.

Fred Wilson, founder of the first motion picture house in this city, is here today visiting old-time friends. Mr. Wilson opened the Edison moving picture theatre on State street, it being the first amusement place of the kind ever seen in the Capital City. At present Mr. Wilson is consummating plans for a monster artificial ice skating rink in Portland. The monster pleasure resort is to cost \$200,000, and several Salem people are assisting to finance the proposition. The rink will be located at the corner of Twentieth and Marshall streets, and will be 300 feet long and 175 wide. Mr. Wilson hopes to furnish pleasure seekers of Portland a big ice pond in the summer time on which to skate before another year goes by. He has just disposed of a similar rink which he installed in New Westminster, B. C.
