WILLAMETTE WILL BE CHAMP IF O.A.C. FAILS

State Honors Coming to Local Institution in Football Line if Oregon Wins Saturday.

SWEETLAND IS GIVING HIS MEN SECRET PRACTICE AGAIN

Squad Is Just as Large as It Has Been This Season and Preparations Are for Big Contest.

Window cards announcing the Oregon-O. A. C. game state that the contest is for the championship of the state. They must have been printed

before Willamette defeated Oregon, as Willamette will be state champion should O. A. C. fail to defeat Oregon tomorrow.

Dr. Sweetland is again coaching his team behind closed gates, with no game on the schedule as an absolute certainty. This has created some wonder among the fans at the local institution.

In contemplating on the kind of a team Willamette would have been represented by this season should she have entered the conference last year, one of the local dopsters has discovered three stars playing with two conference teams within the state, and one outside the state that would have been in attendance here had the move been successful.

Will See Big Game.

Willamette University football team will leave tomorrow on the Salem special to witness the big game at Albany between the University of Oregon and the Oregon Agricultural College. They are being sent at the expense of the student body.

Both Coach Sweetland and his brainy

warriors will lose no chance to witness all the big games possible up to the time that the University of Washington arranges to meet Willamette for the championship of the Northwest, should Oregon fail to succeed in defeating Washington.

They will occupy choice seats at the contest tomorrow and will make a careful study of the different styles of play used by both teams in the battle for the conference championship of the state.

Most of the Willamette fans who will attend the game will favor Oregon; a victory by Oregon will give Willamette the undisputed championship of the state.

McGuire, who is a brother of James K. McGuire, ex-Democratic mayor of Syracuse, and with him a partner in the firm of McGuire & Company, engaged in bonding construction companies and in liability insurance, appeared as a witness in the John Doe proceedings instituted by District Attorney Whitman to investigate Hennessy's charges.

Hennessy Reiterates Charge. After McGuire had sworn he had never specified to Hennessy a single instance in which any construction company engaged in state highway or barge canal work had given up campaign contributions he was withdrawn from the stand.

McGuire wanted me to defend Murphy," said Hennessy, "and said he wanted these revelations made. He said he didn't want it known that he had told me anything, on account of the affiliations of his brother."

McKENZIE IS HAPPY OVER VISIT OF CARELESS BURGLAR

San Francisco, Nov. 7.—Daniel McKenzie, of Columbus, Ohio, was a happy man today despite the fact that a burglar late last night entered his room and stole \$60 from his trousers.

"You see," explained McKenzie, "I had a wallet in my inside vest pocket containing six \$1,000 bills and the burglar overlooked it. Some of these second story workers are awful boots."

If there had been a beef trust its a safe bet that the father would have conserved the fattest calf.

Boxing promoters in Wisconsin are losing so much money that they may find it necessary to quit the game and earn an honest living.

The lot of the baseball scribe is not a supremely happy one, but what if he had to make out a box score in Japanese?

Morris Bath has been hitting the ball hard on the world tour, but he has not been hitting against American League pitching.

We notice that Pal Brown has made good in his first fight in Australia, but if he makes good in collecting what he has coming to him—that's something else again.

It is estimated that when Charlie Cominsky has returned from the world tour he will be able to say, "Let's have another," in fourteen languages.

The work of erecting the tower for the old bell formerly hung in the tower that was on the top of Saller hall prior to the fire of some thirty years ago, is progressing rapidly and the old bell will probably toll before the week end.

The sophomores will be "at home" to the freshmen Saturday evening at Eton hall. This is one of the most important of the underclassmen's social events for the year.

At a meeting of the student body held this morning, it was decided to send the university band with the Salem excursion to the big game at Albany tomorrow.

The debating council are considering the formation of a debating triangle between Pacific university, University of Puget Sound and Willamette university. It has been practically decided that Willamette and Reed institute will hold a dual debate this year.

The matter of entering the northwest conference is still being discussed with a large majority of the students seemingly in favor of the move. Errol Gilkey, president of the student body, recently said that in his opinion the game with Oregon demonstrated that while Dr. Sweetland was coach, Willamette would have no trouble in competing with conference teams.

DENIES HE FURNISHED LIST FOR SANDBAG

NEW YORK, Nov. 7.—George H. McGuire, of Syracuse, denied on the witness stand yesterday that he had furnished John A. Hennessy, ex-Governor Sulzer's graft investigator, with a list of construction firms which had been "sandbagged" into giving campaign contributions to Tammany Hall, as testified by Hennessy last week.

McGuire, who is a brother of James K. McGuire, ex-Democratic mayor of Syracuse, and with him a partner in the firm of McGuire & Company, engaged in bonding construction companies and in liability insurance, appeared as a witness in the John Doe proceedings instituted by District Attorney Whitman to investigate Hennessy's charges.

What Is CRISCO?

Crisco is the best, the cream of vegetable oil.

Crisco is all vegetable. It remains of ideal consistency and does not separate.

Crisco keeps sweet and pure indefinitely because the parts of the oil which turn rancid have been eliminated.

Crisco makes a richer cake than butter, because it is a richer fat. Crisco is 100 per cent pure fat; butter contains approximately one-fifth water, salt and curd.

Crisco makes fried foods more digestible, because Crisco itself is perfectly digestible.

Crisco is a real food fat. Animal lard, and fats to which stearine has been added require a longer time to digest, taxing the digestive machinery.

Try Crisco today. Grocers sell Crisco in ever increasing quantities. It costs less than half as much as butter.

New Cook Book Free

This new book by Marion Harris Neil, Cookery Editor, Ladies' Home Journal, gives 250 original recipes, is attractively illustrated, and tells many interesting and valuable facts about cooking and food products. It also tells the interesting story of Crisco's discovery and manufacture. It is free. There is also a quality edition of this book containing a total of 615 Neil Recipes and a Calendar of Dinners—365 menus of original and tasty meals. This book is bound in blue and gold cloth and is sent for five 2-cent stamps. In writing for either, address The Procter & Gamble Co., in care of Kelley-Clarke Co., 112 Market Street, San Francisco.

The American Adding Machine

The Latest Adder Costs but \$35 See Our Exhibit-- Ask for Ten Days' Trial.

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible. The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual Adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores, where costly machines are a luxury.

The price is due to utter simplicity and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add subtract and multiply. With very slight practice anyone can compute a hundred figures a minute. And this machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

Manufactured and Guaranteed by AMERICAN CAN COMPANY, CHICAGO Sold in Salem by C. M. Lockwood, Agent American Adding Machines

Now we make this offer so that offices everywhere may learn what this machine means to them.

Ten Days' Test

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligation, and charges will be prepaid. Compare it with any non-liter—even the costliest. Let anyone use it. See if any machine can serve better than this.

Recipe Department

Recipes as tried and tested by Mrs. Vaughn, at The Capital Journal Cooking school, held at the Armory this week.

Waffles. 1 tablespoon sugar. 2 tablespoons melted butter. 2 eggs (beaten separately). 1 1/2 cups milk. 1/2 teaspoon salt. 2 1/2 cups sifted flour. 2 teaspoons Crescent Baking powder. Sift flour, baking powder, salt and sugar twice. Add milk, butter, egg. Beat hard and after allowing batter to stand for a few minutes, fry on smoking hot, well greased waffle iron and serve with Maple syrup.

Devil's Food Cake. 2 cupful granulated sugar. 3-4 cupful Crisco creamed together. 4 eggs, yolks creamed with sugar and Crisco. 1 cupful hot mashed potatoes. 2 cups Baker's chocolate, grated. 1/2 cupful milk. 1 cupful nut meats. 2 cupfuls flour. 3 teaspoonfuls baking powder. 2 teaspoonful cinnamon. 1/2 teaspoonful nutmeg. Cream together the sugar and Crisco

then cream with the yolks of the eggs. Stir in mashed potatoes, grated chocolate and nut meats. Sift together the flour, nutmeg and cinnamon and stir in alternately with the milk. Beat thoroughly, and lastly fold in the beater whites of eggs.

Mocha Filling. 1-3 cupful Crisco. 1 cup confectioner's sugar. 1/2 teaspoon salt. 1 tablespoon strong coffee infusion. Cream Crisco and add sugar gradually until all oily appearance has disappeared (it may require more sugar). As the mixture thickens, add the coffee one drop at a time, beating all the while. Flavor with one teaspoon vanilla and spread on the cake.

Sour Milk Biscuit. 2 cupfuls flour. 1/2 teaspoonful soda. 1 cup sour milk. 1 teaspoonful salt. 3 tablespoonfuls Crisco, rubbed into it lightly.

Sift the dry ingredients. Knead lightly until smooth and roll to one-half inch in thickness. Bake in hot oven.

Emily's White Cake. 1 1/2 cupfuls sugar. 1/2 cup Crisco. 1 cupful milk or water. Whites of 3 eggs. 3 cupfuls flour. 3 teaspoonfuls baking powder. 1 teaspoonful salt. 1 teaspoonful orange.

Cream Crisco, add sugar and cream together. Sift dry ingredients and add alternately with milk. Add orange beat mixture thoroughly, and last fold in stiffly beaten whites of eggs. Grease layer cake tins with Crisco, pour in cake mixture and bake in a moderate oven for 15 minutes.

Marshmallow Pudding. One tablespoonful Knox gelatine, softened in 1 cupful water, then add 1 cupful boiling water. When cold, but not set, pour over the whites of 4 well beaten eggs into which has been folded one-half cupful of granulated sugar.

When the whole begins to set, divide in three parts, color one part pink with Burnett's Damask Rose Paste and flavor with tablespoonful sherry wine. Have mold oiled with melted Crisco and pour in the pink part. Color next third with Leaf Green Paste, and flavor with one-half teaspoonful Pistachio Extract, and place on the pink in the mold. Leave the last third white and flavor with orange. Broken nuts and crystallized fruits may be used between layers if desired.

Mrs. Vaughn's Home Hints. "Man lives by what he digests, not by what he eats." Bad dinners go hand in hand with total depravity, while a properly fed man is always saved.

Peas and spinach should be cooked uncovered to retain color. A pinch of soda dropped into the water just before removing will render the vegetables more digestible.

Some one suggests that the skins of new potatoes may be rubbed off with a coarse cloth in less time than it can be scraped off with a knife, and the

hands will not be stained by this method. For keeping pimientos, olives, etc., indefinitely, place in glass jar and pour melted Crisco over top, thus excluding the air.

Jellies made from fruits which are not acid are usually insipid and require either lemon or ginger to flavor them. Sometimes a tart and a sweet fruit may be used together.

Always dish up food daintily; a very plain dish may be made to look tempting with a little care in this respect. A quart of good rich ice cream may be made at home for 25 cents:

1/2 pint cream10
1 1/2 pints milk05
Ice05
1 egg, 1 cup sugar05
1/2 teaspoon vanilla05

Beat eggs and sugar together until creamy. Add other ingredients and stir until there are no lumps and freeze.

And cowardice makes liars of us all—or nearly all.
