TO IMPROVE PRETTY HAIR AND BEAUTIFY UGLY HAIR

Harmony Hair Beautifier, a delightful liquid hair dressing is just what it is named—a hair beautifier. No matter how pretty your hair now it, it can be made to look even better by using Harmony Hair Beautifier. To those who mourn because the hair is stringy, dull, lustreless and homely, Harmony Hair Beautifier will prove a real blessing and pleasure. It seems to polish and burnish the hair, making it glossy, silky-soft and more easy to put up in graceful, wavy folds that "stay put." It overcomes the oily smell of the hair with a dainty, true-rose fragrance, very pleasing to the user and those around.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing.

Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7000 leading drug stores of the United States, Canada, and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—J. Tener May Run for Presidency

Pennsylvania Man Suggested as Possible Successor for Thomas J. Lynch as Head of League.

[UNITED PRESS LEASED WIRE.] Cincinnati, O., Nov. 7.—That Governor John K. Tener, of Pennsylvania, would run for the presidency of the National League to succeed Thomas J. Lynch was a report widely circulated in baseball circles here today. August Herrmann, president of the National Baseball Commission said he understood that President Baker, of the Philadelphia club, was urging Tener for the position. He thought if Tener, who is a former big league star, would make the race the other candidate would withdraw and Tener be unanimously chosen.

Some married men would be only too glad to settle down if their wives would quit stirring them up.

The people who are perfectly satisfied with themselves, must have a delightful time.

Occasionally we meet people who are almost as smart as we are.

Drys Take Notice

We have several wets who think that Salem is going bust, therefore came in and listed their properties at a real sacrifice. Now is the time to buy and get a real snap, \$4500 property, five block of Ladd & Bush bank, corner lot, streets paved on both sides, good 8-room house; \$2650 will buy it today only \$1650 down, balance time.

Now, don't think, Mr. Investor, that the bottom has dropped out, but use good judgment, be wise, invest now. Don't put it off and off, until some one else gets in and buys one of these snaps and in a short time doubles his money. Then you will regret and say or tell everybody else that you could have bought this place or that place for so much, and, if I had, I could live now on Easy street. Think it over and drop in to

ATTRACTIVE APPLE DAY LUNCHEON IS OUTLINED

Two Original Recipes Are Prepared Especially for Celebration to Be Held in Oregon.

Oregon Agricultural College, Corvallis, Or., Nov. 7.—Of course you are going to observe Apple Day. Every loyal Oregonian is, but you want to learn some new and attractive days of serving the fruit, so that everybody who sees it just simply has to take it. There are said to have been 197 different ways of preparing and serving the apple, and if that is correct there are now 199 ways, for Miss Ava B. Milam, assistant professor of domestic science in the Oregon Agricultural College, has submitted the two following recipes in response to a request for "something new and good."

The first is called "Blushing Apples" as red apples are so treated that the color is transferred from the skin to the flesh. The second is called "Coddled Apples." The fruit is prepared as follows:

Blushing Apples.—Select eight red apples and cook in boiling water until soft, turning them often. Have water half surround apples. Remove skins carefully, so that the red color remains on the fruit, and arrange on serving dish. To the water add one cup of sugar, grated rind of one lemon and the juice of one orange simmer until reduced to one cup. Cool and pour over apples. Serve with whipped cream.

Coddled Apples.—Pare and core eight medium-sized apples and cook in syrup made with three cups of water and one of sugar, turning frequently. Keep covered until almost completely cooked. Then remove cover and reduce syrup until it becomes very thick, continuing to turn apples occasionally. When cool fill centers of cooked apples with jelly or stewed prunes (with stones removed) and cover tops with whipped cream.

Though good at any time apples prepared according to either of these recipes fit in especially well with the following menu:

- Meat Croquettes. Dressed Lettuce. Baking Powder Biscuits. Blushing Apples with whipped cream or Coddled Apples.

How To Prevent Acid Stomachs And Food Fermentation

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full, bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little cold or warm water, immediately after eating, a teaspoonful of saturated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisaturated magnesia, as I have found other lacking in its peculiarly valuable properties.—F. J. G.

POLICE PUZZLED.

[UNITED PRESS LEASED WIRE.] San Francisco, Nov. 7.—The police are puzzled today over the story of a pretty 18-year-old girl who was found lying prostrate in the mud on the park drive, opposite Twenty-eighth avenue.

"My sweetheart killed himself here a week ago," she sobbed over and over again.

At the Emergency hospital the girl refused to disclose her name or reveal any of her past history other than to say that her father is a well known artist of Los Angeles.

Investigation of police records showed that an unidentified man, about 40 years of age, committed suicide on October 25 on the spot where the girl was found.
