PETER LUTHY'S FUNERAL.
The funeral of Peter Luthy will be held from his residence, 1497 South Thirteenth street at 10:30 tomorrow morning, instead of 10 o'clock, as has been announced. Interment will be in the Warren cemetery in the Waldo Hills.

MARKET CONDITIONS.
There was an advance of ten cents a barrel in flour in the Portland markets Wednesday as a result of a trifling advance in the wheat market. The supply of turkeys in Portland was far too large and prices that started at 24 cents Wednesday morning, dropped to 20 cents before night. Other poultry dropped proportionally. The hog market shows little or no change. Sales were reported at better than 23 cents and others as low as 22. Trading is steady, but there is no pressure to sell. Eggs and dairy products remained unchanged. The sheep market is good and two bunches of fine yearling wethers sold at \$3 and \$13. Hogs are quoted at \$7.90 to \$8, and cattle at from \$4 for cows, to \$7.50 for prime steers.

ONE MAN DROWNED WHEN RACING BOAT OVERTURNS

[UNITED PRESS LEASED WIRE.]
Portland, Or., Nov. 27.—Albert H. Stone was drowned today when the fast racing motorboat Oregon Wolf IV overturned in the lower harbor. The two others aboard, John Wolff, owner and builder of the craft, and Orth Mathoit, the pilot, were rescued by a passing rowboat. Wolff and Mathoit, who could swim, supported Stone in the water for a short time, but were compelled to release their hold to save themselves. Stone was unable to swim. The Oregon Wolf IV was a new boat, and carried the same engine with which former boats of the same name had established Pacific coast records.
Stone's body has not been recovered. The Wolff lies in sixty feet of water.

WEALTHY WOMAN HELD FOR UNDEVALUING GOODS

[UNITED PRESS LEASED WIRE.]
New York, Nov. 26.—Mrs. Thomas Fleming, wife of the manager of the California Portland Cement company, and also a bank director, of Los Angeles, is held here today in \$1000 bail, on a charge of undervaluing goods brought to the United States from Europe.
United States Commissioner Stanton set December 2 as the date for Mrs. Fleming's hearing. She valued the goods at \$840, but custom officials who saw the goods say they are worth \$2400.

FIREMAN KILLED.

[UNITED PRESS LEASED WIRE.]
San Francisco, Nov. 27.—Advice received here today told of the killing of L. Lara, a fireman on the Pacific Mail Company's steamship San Jose, as the vessel lay in the port of Acapulco, Salvador, November 2. Louis Martinnes, the dispatch stated, did the killing with a revolver as a result of a feud between two societies of Spain. Both men were Spaniards and shipped on the San Jose the day before she left San Francisco in October.

Federals Captured City.
Eagle Pass, Texas, Nov. 27.—That the federals captured Las Varas, Mexico, yesterday was confirmed by dispatches received here today. It is estimated that 100 were killed on both sides.

An unconfirmed report was current that the federals executed 300 non-combatants at San Carlos, 30 miles from Las Varas.

WARSHIP ORDERED.

[UNITED PRESS LEASED WIRE.]
Madrid, Nov. 27.—A Spanish warship was ordered today to sail for Vera Cruz.

English Words in German.
Like the word "sport" and many other English words for which the German language has no adequate terms, the word "strike" has become one of common usage in Germany. "Start, fash, nutty, trick, snob, smart, parson, detective, picnic, film, handikap and hundreds of other words," says a letter on the subject, "are used in their original form, with not a letter changed. Pain has been made into 'peink' and check into 'schek,' record as 'rekord' when the German uses the word, and strike, in order to preserve the proper pronunciation, is written 'strik.' These words look English enough when you see them printed, but when you hear them you involuntarily think of the English spoken here 'strix'."—New York Tribune.

DUTIES OF CITY MANAGER ARE DEFINED BY COMMITTEE

The committee appointed to prepare a commission form of government charter for the city of Salem is making slow progress in the work. Another meeting was held last night. All sorts of crank suggestions have been made to the committee, some of them foolish for a city of this size and whether they will all be weeded out and a charter that will meet with the approval of the people of Salem is a question.
Provisions defining the duties of the city manager were adopted and sound well. The provisions say, in part:
"The city manager shall be elected by the commission, who shall be the executive and administrative head of the city, under the direction and supervision of the commission, and shall be responsible for the efficient administration of all departments."
"He shall be selected purely on merit. In selecting the city manager the commission shall give due regard to training, experience, executive and administrative ability and efficiency, and general qualifications and fitness for performing the duties of that office, and no person shall be eligible to the office of city manager who is not by training, experience, ability and efficiency well qualified and generally fit to perform the duties of such office."
"No weight or consideration shall be given by the commission to nationality, political or religious affiliations, or to any other consideration except merit and direct qualification for the office, and he may or may not be a resident of the city of Salem when appointed. He shall hold office during the pleasure of the commission. He shall execute a bond * * * provided that said bond shall not be less than \$10,000."

"The city manager shall succeed to all the powers and duties heretofore exercised by the several officers and boards of the city government, except as specifically granted to other officers by the provisions of this charter, but his powers and duties shall be only administrative and executive, except as herein otherwise provided."

WITNESSES TELL HOW CONWAY KEPT AT HIS CROOKED WORK
[UNITED PRESS LEASED WIRE.]
Portland, Or., Nov. 27.—That J. T. Conway, manager of the Oregon Island Development company, accepted money paid on the land contracts after the company had been investigated and the indictment returned in March, 1912, was an interesting feature of the evidence given in Federal Judge Bean's court in the trial of J. T. Conway and Frank Richey, Portland real estate men, charged with using the mails to defraud in exploiting the sale of school land sections.
Witness after witness took the stand for the government and testified to having purchased contracts to sections of these lands from the Oregon Island Development, only to find that the lands had been misrepresented to them and that they were unable to get back any of the money they had paid in.

CONGRESSIONAL PROBE OF COST OF FOOD PROPOSED

[UNITED PRESS LEASED WIRE.]
Washington, Nov. 27.—A resolution providing for congressional investigation of the cost of food in connection with the trust inquiry at the next session of congress was introduced in the house today by Representative Britton, of Illinois. The chief purpose of the resolution is to disclose facts about cold storage eggs and meats.
Representative German, of Illinois, introduced a resolution calling upon President Wilson to invite foreign governments to join with the United States in an international inquiry into the high cost of living.

VIOLATING LABOR LAW.

[UNITED PRESS LEASED WIRE.]
Labor Commissioner Hoff today declared that the school board of Portland and the county commissioners of Multnomah county were violating the eight-hour law. He said they were working janitors and employes on the poorfarm longer than eight hours and that he would see that the violations were discontinued. Mr. Hoff says his duties are plain and it is his intention to enforce the provisions of the eight-hour law. He has filed suit to prevent the employment of persons at state institutions in violation of the law.

CHICAGO HAS DARK DAY AND TRAFFIC HALTS

[UNITED PRESS LEASED WIRE.]
Chicago, Nov. 27.—Chicago was in darkness throughout the business hours of the day, all downtown buildings being lighted. Weather bureau officials said this darkness resulted from a low barometric pressure and local cloudiness which prevented the city's smoke from lifting.
Automobiles displayed lights and all traffic moved cautiously in the gloom. Tickers announced that the usual cash grain quotations of the board of trade would not be carried as the inspection board had reported that it was too dark to inspect grain samples.
A pall of smoke settled over the city and filled the streets until the upper outlines of skyscrapers were almost invisible.

ATTORNEYS FILE BRIEFS IN LIQUOR CASE HERE

Wednesday afternoon Attorneys Pago and Roberts filed a brief in the suit brought to restrain the city authorities from submitting the proposed amendment to the city charter by which the council will be compelled to refuse to issue licenses for the sale of liquor in the city limits.
They take the position that a court has no authority to enjoin the legislative department from enacting any law. The amendment of the charter, they hold, is a legislative act, and the courts have nothing to do with it in any way. Only after the legislative body, whether a city council or a state legislature, has enacted law, can the courts take cognizance of its acts. After a law is passed the courts can construe it or pass upon its constitutionality, but they cannot prevent the legislative body from enacting any law. Judge Gallo-way was in Portland yesterday, but it is supposed he will pass upon the injunction cases argued before him Tuesday night some time Friday.

JUDGE IS ACCUSED.

[UNITED PRESS LEASED WIRE.]
North Yakima, Wash., Nov. 27.—That ex-Superior Court Judge Marshall K. Snell, of Tacoma, gave her misleading advice as an attorney, with intent to defraud her of her rightful share of her husband's estate, is charged in a petition filed in the superior court here last night by Mrs. Nick Welsh, asking the removal of Martin Welsh as administrator.

According to the allegations, Nick Welsh left \$8000 in North Yakima and Tacoma banks and property valued at \$3000. Soon after his death, John and Martin Welsh took her to the office of Judge Snell, in Tacoma, and he advised her that her husband's two brothers were entitled to shares. Mrs. Welsh asks that she be made administratrix.

GIRL MAKES DARING JUMP FOR THE MOVIES

THE PRAIRIE TRAIL
UNIVERSAL PROGRAM

Winnie Brown, playing the sister of the Red Wing in the Western film drama, "The Prairie Trail," took her life in her hands and made a flying leap from her horse onto a fast-moving engine, checked the handle at the side of the engine and swung herself after a night effort up into the cab. There was no trick photography, no doubling of characters; it is one of the most daring stunts ever taken by a girl to secure realism and something novel.
